No. 83 of 1851.

MILITARY DEPARTMENT.

Our Governor of the Presidency of Fort William in Bengal.

We forward to you, the copy of a Letter from H. Merivale, Esq., dated Downing Street, 22nd July 1851, announcing that Her Majesty's Government has authorized the Lieutenant Governor of Van Dieman's Land to hold out to any Officers of the East India Company's Forces, the same privileges in respect to Land which are accorded to the Queen's Officers of similar rank. You will be pleased to communicate this announcement in General Orders for the information of Officers retiring from the service.

We are, &c.,

(Sd.) J. W. HOGG, *and*
Thirteen other Directors.

London, 6th August, 1851.

Downing Street, 22nd July, 1851.

SIR,—With reference to the correspondence which has passed on the question of granting to Officers of the East India Company's Service the same privileges which are allowed to Officers of Her Majesty's Army and Navy, in the acquirement of Land in the Colonies, I am directed by Earl Grey to acquaint you for the information of the Commissioners for the affairs of India, that circumstances have occurred which have led Her Majesty's Government to hold out encouragement to all persons of good character and possessed of independent means who may resolve to settle in Van Dieman's Land.

The objection felt to conferring the abovementioned privileges on the Company's Officers in the Colonies generally, rested chiefly on the ground that it did not fall within the duty of those Officers to serve in the Colonies, and consequently that undoubted as were their merits, there would have been no more reason to grant any particular boon to them than to any other settlers of equal respectability. But Van Dieman's Land is now placed in a position somewhat different from that of most other Colonies. It presents the rare example of a Settlement in which the amount of available labor is very large in proportion to the number of employers. The result is, that it is for the public interest to encourage some additional influx of persons possessed of means of their own, whilst on the other hand the unusual abundance and the consequent cheapness of labor, affords to such persons an advantage which they would not be able to meet in any other new Countries. On these grounds, I am to state that Her Majesty's Government has been very happy to authorize the Lieutenant Governor of Van Dieman's Land to hold out to any Officers of the East India Company's Forces the same privileges in respect to Land which are accorded to the Queen's Officers of similar rank, and I am to request that this information may be conveyed to the Court of Directors, to whom Lord Grey hopes that it may be acceptable, and that the Court of Directors may be moved to take such steps as it may deem proper to make the measure known amongst Officers in their service.

Enclosed are some Copies of the existing Regulations in respect to Military Settlers.

I am, &c.,

(Signed) HERMAN MERIVALE.

The Hon'ble J. E. ELLIOT, M. P.

Information for the use of Military and Naval Officers proposing to settle in certain of the British Colonies.

1. The Colonies in which Military and Naval Officers are allowed privileges in the acquisition of public Lands, are the following:—*First*, The Australian Settlements, consisting of New South Wales, Van Dieman's Land, South Australia, Western Australia, and the Northern Province of New Zealand; *Secondly*, Ceylon; and *Thirdly*, the Cape of Good Hope.

2. In the different Australian Settlements, in Ceylon, and at the Cape of Good Hope, land is disposed of by sale only, but Officers purchasing land, are allowed a remission of the purchase money, according to the undermentioned scale

Field Officers, of 25 years' service and upwards, in the whole,	£600
Field Officers, of 20 years' service and upwards, in the whole,	500
Field Officers, of 15 or less years' service, in the whole,	400
Captains, of 20 years' service and upwards, in the whole,	400
Captains, of 15 years' service or less, in the whole,	300
Subalterns, of 20 years' service and upwards, in the whole,	300
Subalterns, of 7 years' service and upwards, in the whole,	200

Subalterns, under 7 years' standing, are not entitled to any remission in the purchase of Land

Regimental Staff Officers, and Medical Officers of the Army and Navy, are allowed the benefit of this Rule

3 Officers of the Army or Navy, proposing to proceed to the Colonies, in order to take advantage of this indulgence, should provide themselves with certificates from the Office of the Commander-in-Chief, or of the Lords Commissioners of the Admiralty, or of the Master General of the Ordnance, shewing that their emigration has been sanctioned, and stating exactly their rank and length of service. No document from the Office of the Secretary of State is necessary

4 Military Chaplains, Commissariat Officers, and Officers of any of the Civil Departments of the Army; Pursers, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of any of the Civil Departments of the Navy, are not allowed any privileges in respect of land Although members of these classes may have been admitted formerly, and under different circumstances, they are now excluded Mates in the Royal Navy rank with Ensigns in the Army, and Mates of three years' standing, with Lieutenants in the Army, and are entitled respectively to corresponding privileges in the acquisition of lands

5 Gentlemen who have ceased to belong to Her Majesty's Service are not allowed the advantages to which they were entitled while in the Army or Navy This rule, however, is not to affect Officers who desire to quit the Service, for the express purpose of settling in the Colonies; it is only required, that when they resign their Commissions, they should apply for a certificate from the Commander-in-Chief, or from the Lords Commissioners of the Admiralty, or from the Master General of the Ordnance, that they do so with the view of emigrating, and such certificate, if produced to the Governor of any of the Colonies beforementioned within one year from its date, *but not otherwise*, will be a sufficient warrant for allowing the bearer the same advantages as Officers who are still in Her Majesty's Service.

6 An actual residence of two years in the Colony must be proved before the Titles can be granted, except in cases in which death may have occurred before the expiration of that period

7. For the convenience of Officers, the following heads are subjoined of the Rules for the sale of Land in the Australian Settlements:—

All Lands are disposed of by sale alone, and must have been once at least exposed to public auction

The lowest upset price is not less than £1 per acre, but the Government has power to raise the same by Proclamation, though not again to reduce it

The lands are distinguished into three different classes; viz, Town Lots, Suburban Lots, and Country Lots

Upon Town and Suburban Lots, as well as upon a proportion not exceeding one-tenth of the whole of the Country Lots offered for sale at any auction, the Governor has the power of naming a higher than the general or lowest upset price: these last to be designated "Special Country Lots"

Town and Suburban Lots are in no case disposed of except by public auction, but Country Lots, which have already been put up to public auction, and not sold, may be disposed of afterwards by private contract at the upset price.

No Lands are sold by private contract, except for ready money When sold by public auction, one-tenth at least of the whole purchase-money must be put down, and the remainder within one calendar month, or the deposit is forfeited

Lands are put up for sale in Lots not exceeding one square mile in extent.

8 In Ceylon, Land is sold by auction at an upset price, which is to be fixed by the Governor, but which is not to be less than £1 per acre Before the Lands are exposed for sale, they will be surveyed by the Government and duly advertised

9. At the Cape of Good Hope the upset price is 2*s* per acre in the old Colony, and 4*s* per acre in the District of Natal

10 The several prices above-mentioned are of course subject to a revision at any time by the proper authorities, and the pecuniary amount of the Remission made to Officers cannot be increased on account of an increased value set upon the Lands.

May, 1851.

NOTICE TO MARINERS.

REVOLVING LIGHT ON CAPE RECEIFE, **SOUTH AFRICA.**

HER Majesty's Government at the Cape of Good Hope has given notice, that a *Revolving Light* was to be established on the first of last April, on Cape Receife, the position and character of which is as follows:—

The Lighthouse, which is painted with four horizontal bands, alternately red and white, stands in Latitude 34° 1′ South, and Longitude 25° 40′ East; the height of the building is 80 feet, but the light is elevated 90 feet above the level of the Sea, and is therefore visible to a vessel 12 feet high at the distance of 17 miles, between the bearings of N. by E. round by the Southward to West. The light revolves once in every minute; or when seen from a short distance, it appears to be a Fixed Light with bright Flashes at intervals of a minute each.

Cape Receife is low, but may be distinguished by a hummock near its extremity. The Cockscomb mountain, 5400 feet high, bears from Cape Receife N. N. W. ½ W., whereas, from Cape St. Francis, which is sometimes mistaken for it, the Cockscomb bears N. E. ½ N. Vessels passing Cape Receife should give it a berth of not less than 4 miles to the Westward, and of 2 miles to the Southward, in order to avoid its dangerous reefs, towards which a strong current continually sets.

After rounding Cape Receife from the Westward, and in proceeding to the anchorage off Port Elizabeth, the red buoy on the Dispatch Rock should not be approached in less than 17 fathoms.

A white stone Beacon on the shore when in one with the Lighthouse (bearing S. S. W. ¼ W.) points to the 8 feet summit of the Dispatch Rock; and about two miles North of the Lighthouse stand two wooden Beacons, which when in one (about W. by N.) are likewise a mark for the summit of that rock.

At night the light should be always kept to the Northward of E. ¼ N. when within the distance of five miles, and vessels must immediately run out, or tack, if within that bearing. When rounding the Cape they should never come into 12 fathoms till the light bears N. W. and then they may haul in N. N. E.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

General Orders by the Hon'ble the President of the Council of India in Council.

Fort William, 19th September, 1851.

No. 494 *of* 1851.—As at certain seasons of the year Officers at the Presidency belonging to corps stationed at cantonments accessible by the rivers of the Punjaub, may find greater facilities for joining by proceeding by sea to Bombay and Kurrachee, and thence up the Indus and other rivers of North-Western India, instead of pursuing the usual inland route viâ Benares, Meerut, &c. &c., the Hon'ble the President in Council, with the concurrence of the Most Noble the Governor General, is pleased to notify that the assent of Government to applications transmitted through the department of the Adjutant General, by desire of His Excellency the Commander-in-Chief, for Officers so to proceed viâ Bombay and the rivers of the Punjaub, will, when accorded, be notified in Government General Orders, and Shipping Orders will be granted from the Military Department. Such applications need not be accompanied by a Pay certificate.

2. During the absence of the Commander-in-Chief from the Presidency, applications may be submitted through the Assistant Adjutant General of the Army at Calcutta.

3. It is to be distinctly understood that permission to proceed, viâ Bombay, &c., gives no claim to any allowance whatever beyond what would be admissible were the usual inland route by Benares, Meerut, &c., followed, and Officers will be held responsible that no avoidable delay occurs in rejoining their corps.

No. 495 *of* 1851.—With the concurrence of the Most Noble the Governor General of India, the Hon'ble the President of the Council of India in Council is pleased to direct that the following Rules shall be substituted for those promulgated in General Orders by the Governor General of India in Council, No. 25, dated 24th January 1845:

1. With a view to more effectually providing for the Staff duties of mixed detachments formed from different Corps, and to the adoption in regard thereto of one system applicable to the three Presidencies, it is ordered, in modification of Government General Orders of the 16th December 1816, that, when a detachment consisting of the actual strength of two Regiments, or of more than that strength, but less than three regiments, inclusive of irregular Corps or local troops, may be formed for active service, or for the performance of important duties, whether of an offensive, or of a defensive nature, for instance to escort treasure or stores, either within or beyond the territories of the Hon'ble the East India Company, the Officer commanding the detachment shall nominate an Officer, not on regimental Staff, to perform the Staff duties of the detachment, such nomination being subject to confirmation by the Commander-in-Chief.

2. The Officer nominated as detachment Staff, will, from the date of entering on the duties of that situation, be removed from the command or charge of the Troop or Company which he may have held in his own Corps, and will draw a consolidated Staff Allowance at the rate of rupees (110) one hundred and ten monthly while so employed.

3. The same rule is applicable to detachments formed as above, which may exceed the strength of one, but fall short of the strength of two regiments.

It may happen that no regimental Staff Officer is present with the portions of Corps forming these smaller detachments; when this occurs, the Officer appointed to perform the detachment Staff duties will, instead of the above sum of one hundred and ten rupees (110), receive the full allowances of an Adjutant of a Corps of the line, in consideration of his increased labors.

No. 496 *of* 1851.—Lieutenant Edward John Dodd, of the 62nd Regiment N. I., having been declared incapable of performing the active duties of his profession, is, at his own request, transferred to the Invalid Establishment from the 15th August 1851.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32¼ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Cape Receife Lights and Algoa Bay.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,

Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port: and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32¼ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

The following Extract from the Proceedings of the Hon'ble the President of the Council of India in Council, in the Legislative Branch of the Home Department, under date the 3rd October 1851, is published for general information.

Read a second time the Draft of a proposed Act dated the 4th July 1851, and published in the *Calcutta Gazette* of the 5th July 1851, for regulating the departure of Emigrant Ships from Calcutta to Jamaica, British Guiana and Trinidad.

Read also a despatch from the Hon'ble the Court of Directors in the Legislative Department No. 10 of 1851, dated the 16th July, suggesting the passing of an Act to permit emigration to Mauritius from Bombay.

The President in Council resolves that the following amended Draft, embodying both the above measures, be published for general information.

ACT No. —— OF 1851.

An Act for regulating the Departure of Emigrant Ships from Calcutta to Jamaica, British Guiana and Trinidad, and also for rendering lawful the emigration of labourers from the Port of Bombay to Mauritius.

Whereas by Section VIII., Act XXI. 1844, it was among other things enacted, that no ship or vessel carrying emigrant labourers to Jamaica, British Guiana, or Trinidad should sail from Calcutta, Madras, or Bombay, at any other time than between the 30th day of any September and the 1st of March next thereafter ensuing; and whereas the said provision was repealed by Act XXV. 1845, so far as regarded ships or vessels carrying emigrant labourers from Madras, and has been found inconvenient for ships or vessels carrying emigrant labourers from Calcutta; and whereas by Section I., Act XXI. 1843, it was enacted that from and after the 1st day of January, then next ensuing, emigration to Mauritius should only lawfully take place under the provisions of Act XV. of 1842, from the Port of Calcutta; and whereas by Act VIII. of 1847, the emigration of labourers from the Port of Madras to Mauritius was declared lawful, and it is now expedient to repeal Section I., Act XXI. 1843, and to render

lawful the emigration of labourers from the Port of Bombay to Mauritius, It is enacted as follows :

I. So much of Act XXI. 1844, as is hereinbefore recited, is repealed, so far as regards ships or vessels carrying emigrant labourers from Calcutta.

II. No ships or vessels carrying emigrant labourers to Jamaica, British Guiana, or Trinidad, shall sail from Calcutta at any other time than between the thirty-first day of any August and the 1st day of March next thereafter ensuing.

III. Section I., Act XXI. 1843 is hereby repealed, and from and after the passing of this Act, emigration to Mauritius may lawfully take place under the provisions of Act XV. of 1842 from the Port of Bombay, as well as from the Ports of Madras and Calcutta.

IV. The Governor in Council of Bombay may nominate a proper person to act as Protector of Emigrants at Bombay, and no emigrant shall be permitted to embark without a certificate from the Agent appointed by the Government of Mauritius, countersigned by the Protector, to the effect that such person has been engaged by such Agent, on the part of the said Government, as an emigrant to Mauritius.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India, after the third day of January next.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59¼ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

The following Extract from the Proceedings of the Hon'ble the President of the Council of India in Council, in the Legislative Branch of the Home Department, under date the 3rd October 1851, is published for general information.

Read a second time the Draft of a proposed Act dated the 4th July 1851, and published in the *Calcutta Gazette* of the 5th July 1851, for regulating the departure of Emigrant Ships from Calcutta to Jamaica, British Guiana and Trinidad.

Read also a despatch from the Hon'ble the Court of Directors in the Legislative Department No. 10 of 1851, dated the 16th July, suggesting the passing of an Act to permit emigration to Mauritius from Bombay.

The President in Council resolves that the following amended Draft, embodying both the above measures, be published for general information.

ACT No. —— OF 1851.

An Act for regulating the Departure of Emigrant Ships from Calcutta to Jamaica, British Guiana and Trinidad, and also for rendering lawful the emigration of labourers from the Port of Bombay to Mauritius.

Whereas by Section VIII., Act XXI. 1844, it was among other things enacted, that no ship or vessel carrying emigrant labourers to Jamaica, British Guiana, or Trinidad should sail from Calcutta, Madras, or Bombay, at any other time than between the 30th day of any September and the 1st of March next thereafter ensuing; and whereas the said provision was repealed by Act XXV. 1845, so far as regarded ships or vessels carrying emigrant labourers from Madras, and has been found inconvenient for ships or vessels carrying emigrant labourers from Calcutta; and whereas by Section I., Act XXI. 1843, it was enacted that from and after the 1st day of January, then next ensuing, emigration to Mauritius should only lawfully take place under the provisions of Act XV. of 1842, from the Port of Calcutta; and whereas by Act VIII. of 1847, the emigration of labourers from the Port of Madras to Mauritius was declared lawful, and it is now expedient to repeal Section I., Act XXI. 1843, and to render lawful the emigration of labourers from the Port of Bombay to Mauritius, It is enacted as follows:

I. So much of Act XXI. 1844, as is hereinbefore recited, is repealed, so far as regards ships or vessels carrying emigrant labourers from Calcutta.

II. No ships or vessels carrying emigrant labourers to Jamaica, British Guiana, or Trinidad, shall sail from Calcutta at any other time than between the thirty-first day of any August and the 1st day of March next thereafter ensuing.

III. Section I., Act XXI. 1843 is hereby repealed, and from and after the passing of this Act, emigration to Mauritius may lawfully take place under the provisions of Act XV. of 1842 from the Port of Bombay, as well as from the Ports of Madras and Calcutta.

IV. The Governor in Council of Bombay may nominate a proper person to act as Protector of Emigrants at Bombay, and no emigrant shall be permitted to embark without a certificate from the Agent appointed by the Government of Mauritius, countersigned by the Protector, to the effect that such person has been engaged by such Agent, on the part of the said Government, as an emigrant to Mauritius.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19¼′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 2¼ fathoms on the Pilot's Ridge, in latitude 20° 49¼′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59¼ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

Master Attendant's Office,

The following Extract from the Proceedings of the Hon'ble the President of the Council of India in Council, in the Legislative Branch of the Home Department, under date the 3rd October 1851, is published for general information.

Read a second time the Draft of a proposed Act dated the 4th July 1851, and published in the *Calcutta Gazette* of the 5th July 1851, for regulating the departure of Emigrant Ships from Calcutta to Jamaica, British Guiana and Trinidad.

Read also a despatch from the Hon'ble the Court of Directors in the Legislative Department No. 10 of 1851, dated the 16th July, suggesting the passing of an Act to permit emigration to Mauritius from Bombay.

The President in Council resolves that the following amended Draft, embodying both the above measures, be published for general information.

ACT No. —— OF 1851.

An Act for regulating the Departure of Emigrant Ships from Calcutta to Jamaica, British Guiana and Trinidad, and also for rendering lawful the emigration of labourers from the Port of Bombay to Mauritius.

Whereas by Section VIII., Act XXI. 1844, it was among other things enacted, that no ship or vessel carrying emigrant labourers to Jamaica, British Guiana, or Trinidad should sail from Calcutta, Madras, or Bombay, at any other time than between the 30th day of any September and the 1st of March next thereafter ensuing; and whereas the said provision was repealed by Act XXV. 1845, so far as regarded ships or vessels carrying emigrant labourers from Madras, and has been found inconvenient for ships or vessels carrying emigrant labourers from Calcutta; and whereas by Section I., Act XXI. 1843, it was enacted that from and after the 1st day of January, then next ensuing, emigration to Mauritius should only lawfully take place under the provisions of Act XV. of 1842, from the Port of Calcutta; and whereas by Act VIII. of 1847, the emigration of labourers from the Port of Madras to Mauritius was declared lawful, and it is now expedient to repeal Section I., Act XXI. 1843, and to render lawful the emigration of labourers from the Port of Bombay to Mauritius, It is enacted as follows:

I. So much of Act XXI. 1844, as is hereinbefore recited, is repealed, so far as regards ships or vessels carrying emigrant labourers from Calcutta.

II. No ships or vessels carrying emigrant labourers to Jamaica, British Guiana, or Trinidad, shall sail from Calcutta at any other time than between the thirty-first day of any August and the 1st day of March next thereafter ensuing.

III. Section I., Act XXI. 1843 is hereby repealed, and from and after the passing of this Act, emigration to Mauritius may lawfully take place under the provisions of Act XV. of 1842 from the Port of Bombay, as well as from the Ports of Madras and Calcutta.

IV. The Governor in Council of Bombay may nominate a proper person to act as Protector of Emigrants at Bombay, and no emigrant shall be permitted to embark without a certificate from the Agent appointed by the Government of Mauritius, countersigned by the Protector, to the effect that such person has been engaged by such Agent, on the part of the said Government, as an emigrant to Mauritius.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India, after the third day of January next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 10th October, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 10th of October, 1851.

ACT No. —— OF 1851.

An Act to amend the law relating to spirituous and intoxicating liquors, drugs and preparations within the Territories subordinate to the Presidency of Bombay.

Whereas Chapters XI. and XII. of Regulation XXI. 1827 of the Bombay Code have been

found to be difficult of application in some parts of the territories subordinate to the Presidency of Bombay, owing to local and peculiar causes, It is enacted as follows:

I The Governor of Bombay in Council may introduce into any part of such territories such modified arrangements for the assessment and collection of the revenue derivable from the manufacture and retail sale of spirits, as local circumstances in each case, in the judgment of the said Governor in Council, may require, the same not being inconsistent or incompatible with the provisions of this Act.

II. The licenses mentioned in Section LVIII., Clause 1, Regulation XXI. 1827 of the Bombay Code may be granted by the Collector at his discretion for the manufacture of spirits at any place within his Collectorate, whether a sudder distillery be there established or not.

III, It shall not be imperative on the Collector to accept the highest offer for the farm of the Abkaree duties under Section LX., Clause 2, Regulation XXI. 1827 of the said Code, but the Collector shall be at liberty to use his discretion as to the tender he will accept under the general instructions of Government.

IV. NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and Longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

Fort William, Home Department, Legislative, the 10th October, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 10th of October, 1851.

Act No. —— of 1851.

An Act to amend the law relating to spirituous and intoxicating liquors, drugs and preparations within the Territories subordinate to the Presidency of Bombay.

Whereas Chapters XI. and XII. of Regulation XXI. 1827 of the Bombay Code have been found to be difficult of application in some parts of the territories subordinate to the Presidency of Bombay, owing to local and peculiar causes, It is enacted as follows:

I. The Governor of Bombay in Council may introduce into any part of such territories such modified arrangements for the assessment and collection of the revenue derivable from the manufacture and retail sale of spirits, as local circumstances in each case, in the judgment of the said Governor in Council, may require, the same not being inconsistent or incompatible with the provisions of this Act.

II. The licenses mentioned in Section LVIII., Clause 1, Regulation XXI. 1827 of the Bombay Code may be granted by the Collector at his discretion for the manufacture of spirits at any place within his Collectorate, whether a sudder distillery be there established or not.

III. It shall not be imperative on the Collector to accept the highest offer for the farm of the Abkaree duties under Section LX., Clause 2, Regulation XXI. 1827 of the said Code, but the Collector shall be at liberty to use his discretion as to the tender he will accept under the general instructions of Government.

IV. No person shall directly or indirectly retail in the said territories spirits, however or wheresoever manufactured, except under the authority of a license from the Collector, to be granted in the form of Appendix I to Regulation XXI. 1827, or in such form, and after payment of such fee as Government may from time to time appoint.

V. Spirits may be manufactured in the said territories for exportation, or removal under a license from the Collector, but not otherwise; and such license, when granted, shall specify the spirit so authorized to be manufactured, the place at which, and the period for which the manufacture may be carried on, and that the same is permitted for the purpose of removal or exportation only.

VI. Spirits manufactured under the last Section shall not exceed the strength which may from time to time be declared by public notification in each district, and shall be liable to the payment of such duty as the Governor in Council shall from time to time impose. Liquor found to exceed the prescribed standard shall be liable to double duty, or confiscation at the discretion of the Collector.

VII. Spirits manufactured under the 5th Section of this Act, shall not be removed from the place of manufacture, except under a pass from the Collector, certifying the payment of the aforesaid duty, and specifying the name of the person exporting or removing the same, the quantity of spirits, their destination, the route by which they are to be conveyed, and the dates from and to which the pass shall be in force, which pass shall exempt the spirits lawfully removed under it from the payment of any further duty in their progress through the same territories, excepting always such import or Customs duty, if any, as may be payable at the place of their destination under any Act or Regulation now or hereafter to be in force.

VIII. The Collector may place such establishments on the premises where the manufacture of spirits for exportation or removal is permitted, and may adopt such other precautions as may be necessary to give effect to the provisions of this Act having reference thereto.

IX. Spirits imported by land from any part of the territories of the East India Company, whether subordinate to the Government of Bombay or not, into any other part of the said territories subordinate to the said Government, shall be liable on importation to the same rate of duty under the same circumstances and rules as are provided in Section XXIV., of Act No. 1851, for amending the Customs laws of the Bombay Presidency with respect to spirits imported by sea.

X. It shall not be lawful in any part of the territories subject to the Government of Bombay to manufacture or prepare for sale, or sell directly or indirectly, any intoxicating drugs or materials, or any intoxicating drink or preparation manufactured from Bhang, Ganja, Grain, Opium or other materials, of what nature or description soever, except under a license from the Collector of the Zillah, and it shall be competent to the Collector to refuse, or to re-call such license whenever he shall deem it expedient, and every such license when granted shall specify the name of the drug, material, drink, or preparation so authorized to be manufactured or sold, the place or district of manufacture or sale, and the length of time for which such license is to run, and any other terms or conditions which the Governor in Council may from time to time deem it expedient to require, and such fees shall be demanded from time to time on the grounds of such licenses as the Governor in Council may sanction.

XI. It shall not be lawful to mix any noxious drug or material in, or by other process to adulterate spirits manufactured under the provisions of Regulation XXI. 1827 or of this Act.

XII. All persons offending against, or aiding others in offending, directly or indirectly, against any of the provisions of this Act, or committing a breach of any of the conditions of a license to be granted under this Act, or obstructing Officers or others in the execution of their duties connected with any of its provisions, shall be punished by fine not exceeding Rupees five hundred, to be commuted in default of payment to imprisonment not exceeding six months, and any person having in his possession intoxicating drinks or preparations manufactured contrary to the provisions of this enactment, or for which he is unable satisfactorily to account, shall be deemed to be possessed of them illegally, and shall be subject to the penalties above specified.

XIII. The powers conferred on the Collector by Chapter XIII. of Regulation XXI. 1827 shall extend to the provisions of this Act, so far as the same are applicable.

XIV. The Collector shall have full powers to seize and destroy all unlicensed liquor, prepa-

rations, drugs, or materials, and all unlicensed stills, and to sell the same, if deemed expedient, on behalf of Government.

XV. The duties, powers, and authorities hereby vested in the Collector shall devolve upon, and may be lawfully exercised by the Officer specially appointed under Section LV. of Regulation XXI. 1827, for the purposes herein mentioned.

XVI. The powers vested in the Collectors of Land Revenue by Chapter XIII. of Regulation XXI. 1827, and by the 12th, 13th and 14th Sections of this Act, may be exercised by Mamlutdars and Mahalkurrees, provided always that those Officers shall not be authorized to adjudge any fine exceeding Rupees fifteen in amount, commutable in default of payment to twenty days imprisonment, and provided further that any order passed by a Mamlutdar or Mahalkurree in virtue of this Act shall be subject to appeal to the Collector or his Assistants, within one month from its date, and that no suit for damages shall be instituted in a Civil Court by persons deeming themselves aggrieved by any proceeding of a Mamlutdar or Mahalkurree under the authority of this Act, unless they shall first have made an appeal to the Collector or his Assistant.

XVII. In all actions or Civil suits which may be brought against Collectors, Magistrates, or others for acts done by them in carrying out the provisions of this Act, or the provisions of Regulation XXI. 1827, if it shall appear at the trial that the act complained of was done *bonâ fide* and that there were reasonable and probable grounds for the same, the plaintiff shall be nonsuited with full costs to be paid by him.

XVIII. This Act shall not have effect within the local jurisdiction of Her Majesty's Supreme Court.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 10th day of January 1852.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gaspar Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,
JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

Master Attendant's Office, the 25th March, 1851.

III. The Father, if living, of any Party under Twenty-one Years of Age, such Party not being a Widower or Widow, or, if the Father be dead, the Guardian or Guardians of the Person of the Party so under Age lawfully appointed, or One of them, and in case there be no such Guardian, then the Mother of such Party, if unmarried, shall have Authority to give Consent to the Marriage of such Party; and such Consent is hereby required for the Marriage of such Party so under Age, unless there be no Person authorized to give such Consent resident in India.

Issue of Registrar's Certificate may be forbidden.

IV. Every Person whose Consent to a Marriage is required as aforesaid is hereby authorized to forbid, in such Manner as may be provided by such Laws or Regulations as herein-after mentioned, the Issue of the Marriage Registrar's Certificate: and in case the Issue of any such Certificate be so forbidden the Notice and all Proceedings thereupon shall be utterly void: Provided always, that (subject to such Laws and Regulations) if either of the Parties intending Marriage allege that the Person forbidding the Issue of such Certificate is not authorized by Law so to do, the Marriage Registrar shall examine into such Allegation, and if he be satisfied that such Person is not authorized as aforesaid shall act in like Manner, and the like Proceedings may be had under this Act in relation to such Marriage, as if the Issue of such Certificate had not been forbidden by such Person.

VI. Before any such Certificate as aforesaid shall be issued by any Marriage Registrar, One of the Parties intending Marriage shall appear personally before such Marriage Registrar, and shall make Oath, or shall make his or her solemn Declaration instead of an Oath, that he or she believeth that there is not any Impediment of Kindred or Affinity or other lawful Hindrance to the said Marriage, and that both the Parties to the intended Marriage have, or (where the Parties have dwelt in the Districts of different Marriage Registrars) that the Party making such Oath or Declaration hath, for the Period required by such Laws or Regulations as are herein-after mentioned, had their, his, or her usual Place of Abode within the District of such Marriage Registrar, and where either or each of the Parties, not being a Widower or Widow, is under the age of Twenty-one Years, that the Consent of the Person or Persons whose Consent to such Marriage is required by Law has been obtained thereto, or that there is no Person resident within the Territories under the Government of the *East India* Company having Authority to give such Consent, as the case may be: Provided always, that where under the foregoing Provision the said Supreme Court or a Judge thereof, or such Judge of the Zillah or like District, or such other Person as aforesaid, declares the Marriage to be proper, it shall not be necessary to make Oath or declare that such Consent has been obtained to such Marriage.

VII. Any Person may, in manner provided by such Laws or Regulations, enter a Protest with the Marriage Registrar against the Issue of a Certificate for the Marriage of any Person named therein; and if any Protest be so entered, no Certificate shall issue until the Marriage Registrar shall have examined into the Matter of the Protest, and is satisfied that it ought not to obstruct the Issue of the Certificate for the said Marriage, or until the Protest be withdrawn by the Party who entered the same.

Protest against Issue of Certificate may be entered.

VIII. In all Cases whatsoever where the Marriage Registrar has refused such Certificate as aforesaid, it shall be lawful for either of the Parties intending Marriage to apply by Petition, where the District of such Registrar is within any of the Towns of *Calcutta*, *Madras*, and *Bombay*, to the Supreme Court of Judicature established by Royal Charter in the Presidency or Place within which such District is comprised, or if such District be not within any of the said Towns then to the Judge of the Zillah or like District within which the same is comprised, or to such other Person as may for this Purpose be appointed by the Laws or Regulations herein-after mentioned; and the said Supreme Court or any Judge thereof, or such Judge of the Zillah or like District, or such other Person, shall be empowered to examine the Allegations of the Petition in a summary Way, and shall decide thereon; and the Decision of such Supreme Court or a Judge thereof, or of such Judge of the Zillah or like District, or of such other Person, shall be final, and the Marriage Registrar to whom the Application was originally made shall proceed in accordance therewith, anything herein-before contained notwithstanding.

ACT No. —— OF 1851.

An Act to amend the law relating to spirituous and intoxicating liquors, drugs and preparations within the Territories subordinate to the Presidency of Bombay.

Whereas Chapters XI. and XII. of Regulation XXI. 1827 of the Bombay Code have been found to be difficult of application in some parts of the territories subordinate to the Presidency of Bombay, owing to local and peculiar causes, It is enacted as follows:

I. The Governor of Bombay in Council may introduce into any part of such territories such modified arrangements for the assessment and collection of the revenue derivable from the manufacture and retail sale of spirits, as local circumstances in each case, in the judgment of the said Governor in Council, may require, the same not being inconsistent or incompatible with the provisions of this Act.

II. The licenses mentioned in Section LVIII., Clause 1, Regulation XXI. 1827 of the Bombay Code may be granted by the Collector at his discretion for the manufacture of spirits at any place within his Collectorate, whether a sudder distillery be there established or not.

III. It shall not be imperative on the Collector to accept the highest offer for the farm of the Abkaree duties under Section LX., Clause 2, Regulation XXI. 1827 of the said Code, but the Collector shall be at liberty to use his discretion as to the tender he will accept under the general instructions of Government.

IV. No person shall directly or indirectly retail in the said territories spirits, however or wheresoever manufactured, except under the authority of a license from the Collector, to be granted in the form of Appendix I to Regulation XXI. 1827, or in such form, and after payment of such fee as Government may from time to time appoint.

V. Spirits may be manufactured in the said territories for exportation, or removal under a license from the Collector, but not otherwise; and such license, when granted, shall specify the spirit so authorized to be manufactured, the place at which, and the period for which the manufacture may be carried on, and that the same is permitted for the purpose of removal or exportation only.

VI. Spirits manufactured under the last Section shall not exceed the strength which may from time to time be declared by public notification in each district, and shall be liable to the payment of such duty as the Governor in Council shall from time to time impose. Liquor found to exceed the prescribed standard shall be liable to double duty, or confiscation at the discretion of the Collector.

VII. Spirits manufactured under the 5th Section of this Act, shall not be removed from the place of manufacture, except under a pass from the Collector, certifying the payment of the aforesaid duty, and specifying the name of the person exporting or removing the same, the quantity of spirits, their destination, the route by which they are to be conveyed, and the dates from and to which the pass shall be in force, which pass shall exempt the spirits lawfully removed under it from the payment of any further duty in their progress through the same territories, excepting always such import or Customs duty, if any, as may be payable at the place of their destination under any Act or Regulation now or hereafter to be in force.

VIII. The Collector may place such establishments on the premises where the manufacture of spirits for exportation or removal is permitted, and may adopt such other precautions as may be necessary to give effect to the provisions of this Act having reference thereto.

IX. Spirits imported by land from any part of the territories of the East India Company, whether subordinate to the Government of Bombay or not, into any other part of the said territories subordinate to the said Government, shall be liable on importation to the same rate of duty under the same circumstances and rules as are provided in Section XXIV., of Act No. 1851, for amending the Customs laws of the Bombay Presidency with respect to spirits imported by sea.

X. It shall not be lawful in any part of the territories subject to the Government of Bombay to manufacture or prepare for sale, or sell directly or indirectly, any intoxicating drugs or materials, or any intoxicating drink or preparation manufactured from Bhang, Ganja, Grain, Opium or other materials, of what nature or description soever, except under a license from the Collector of the Zillah, and it shall be competent to the Collector to refuse, or to re-call such license whenever he shall deem it expedient, and every such license when granted shall specify the name of the drug, material, drink, or preparation so authorized to be manufactured or sold, the place or district of manufacture or sale, and the length of time for which such license is to run, and any other terms or conditions which the Governor in Council may from time to time deem it expedient to require, and such fees shall be demanded from time to time on the grounds of such licenses as the Governor in Council may sanction.

XI. It shall not be lawful to mix any noxious drug or material in, or by other process to adulterate spirits manufactured under the provisions of Regulation XXI. 1827 or of this Act.

XII. All persons offending against, or aiding others in offending, directly or indirectly, against any of the provisions of this Act, or committing a breach of any of the conditions of a license to be granted under this Act, or obstructing Officers or others in the execution of their duties connected with any of its provisions, shall be punished by fine not exceeding Rupees five hundred, to be commuted in default of payment to imprisonment not exceeding six months, and any person having in his possession intoxicating drinks or preparations manufactured contrary to the provisions of this enactment, or for which he is unable satisfactorily to account, shall be deemed to be possessed of them illegally, and shall be subject to the penalties above specified.

XIII. The powers conferred on the Collector by Chapter XIII. of Regulation XXI. 1827 shall extend to the provisions of this Act, so far as the same are applicable.

XIV. The Collector shall have full powers to seize and destroy all unlicensed liquor, prepa-

rations, drugs, or materials, and all unlicensed stills, and to sell the same, if deemed expedient, on behalf of Government.

XV. The duties, powers, and authorities hereby vested in the Collector shall devolve upon, and may be lawfully exercised by the Officer specially appointed under Section LV. of Regulation XXI. 1827, for the purposes herein mentioned.

XVI. The powers vested in the Collectors of Land Revenue by Chapter XIII. of Regulation XXI. 1827, and by the 12th, 13th and 14th Sections of this Act, may be exercised by Mamlutdars and Mahalkurrees, provided always that those Officers shall not be authorized to adjudge any fine exceeding Rupees fifteen in amount, commutable in default of payment to twenty days imprisonment, and provided further that any order passed by a Mamlutdar or Mahalkurree in virtue of this Act shall be subject to appeal to the Collector or his Assistants, within one month from its date, and that no suit for damages shall be instituted in a Civil Court by persons deeming themselves aggrieved by any proceeding of a Mamlutdar or Mahalkurree under the authority of this Act, unless they shall first have made an appeal to the Collector or his Assistant.

XVII. In all actions or Civil suits which may be brought against Collectors, Magistrates, or others for acts done by them in carrying out the provisions of this Act, or the provisions of Regulation XXI. 1827, if it shall appear at the trial that the act complained of was done *bond fide*, and that there were reasonable and probable grounds for the same, the plaintiff shall be non-suited with full costs to be paid by him.

XVIII. This Act shall not have effect within the local jurisdiction of Her Majesty's Supreme Court.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 10th day of January 1852.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

Master Attendant's Office, the 25th March, 1851.

NOTICE TO MARINERS.

HORSBURGH LIGHT-HOUSE.

NOTICE IS HEREBY GIVEN, that a Light-house, bearing the above designation in commemoration of the celebrated Hydrographer, has been erected, on Pedra Branca, a rock which lies off the eastern entrance of the Straits of Singapore. The Light will be exhibited the night of the 15th of October, 1851, and every night thereafter from sunset to sunrise.

The lantern, which is open all round, elevated 95 feet above the level of the sea at High Water Spring Tides, will be seen from the deck of a vessel at a distance of 15 nautical miles.

As a beacon during the day the Light-house will be known by the following description. It stands on a rock which measures 150 feet long and 100 broad, and is 24 feet high at its highest point above the level of H. W. Sp. Tides. The Light-house is a Pillar of dressed granite and the lantern covered by a spherical dome which is painted white.

NOTIFICATION.

FOREIGN DEPARTMENT,

Simla, the 16th October, 1851.

The Governor General has much satisfaction in notifying for public information that additional Vessels having been provided and former difficulties overcome, a regular communication by Government Steam Vessels, has been established on the River Indus, between Kurrachee and Mooltan, for the conveyance of Passengers and Merchandize.

A Survey of the Upper Indus and of the River Jhelum has been for some time in progress: and the Governor General has every reason to expect that in the course of the ensuing year the regular communication with Kurrachee may be extended to Jhelum and to Kalabagh on the Indus, at such stated periods as may be found necessary, and under such regulations as shall facilitate the conveyance of Passengers and Goods, and shall meet the convenience of those in distant Stations, and of the public generally.

The Governor General has directed that, except on occasions of public emergency, the Government Vessels appointed to maintain the regular communication between Kurrachee and Mooltan shall so far be reserved exclusively for private passengers and merchandize, that such private passengers and merchandize shall invariably have the preference, and that thereafter any vacant tonnage or accommodation which may be left, shall be available for Government stores or passengers.

The annexed Note gives full information as to the details of the line of communication which has been established.

H. M. ELLIOT,
Secy. to the Govt. of India,
with the Govr. Genl.

RULES.

A regular communication by the Government Steamers has been established on the Indus between Kurrachee and Mooltan, for the conveyance of passengers and merchandise.

At present a Steamer will leave Kurrachee about the 24th of each month, or 48 hours after the arrival of the Steamer from Bombay.

Another will start from Mooltan on the 4th of each month: passengers by this vessel will reach Bombay on the 26th or 27th, in time to proceed by the Mail Steamer leaving for Suez on the 3rd of the following month: any alteration in these dates will be duly notified.

Except on occasions of public emergency, the Government vessels appointed to maintain the regular communication between Kurrachee and Mooltan shall so far be reserved exclusively for private passengers and merchandize, that such private passengers and merchandize shall invariably have the preference, and thereafter any vacant tonnage or accommodation which may be left shall be available for Government stores or passengers.

An Act for Marriages in *India*.

[24*th July* 1851.]

Whereas it is expedient to amend the Law of Marriages in *India*: Be it enacted by the Queen's Most Excellent Majesty, by and with the Advice and Consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the Authority of the same, as follows:

Marriage of Christians in India may be solemnized under this Act.

I. In every Case of Marriage intended to be solemnized in *India* after the Commencement of this Act, where One or both of the Parties is or are a Person or Persons professing

..

Notice of intended Marriage to be given to the Marriage Registrar for the District.

the Christian Religion, such Marriage may be solemnized under the Provisions of this Act; and where such Marriage is intended to be so solemnized, One of the Parties shall give Notice in Writing to the Marriage Registrar to be appointed under the Provisions of this Act for the District within which the Parties shall have dwelt for such Period then next preceding as by such Laws or Regulations as herein-after mentioned may be required, or, if the Parties dwell in the Districts of different Marriage Registrars shall give the like Notice to the Marriage Registrar for each District; and every such Notice shall be in such Form and contain such Particulars as may be prescribed by such Laws or Regulations, and shall be open for Inspection and published as by such Laws or Regulations may be provided.

Certificate of Notice to be issued on Request.

II. The Marriage Registrar, upon being requested so to do by or on behalf of the Party by whom the Notice was given, and One of the Parties intending Marriage having made Oath or Declaration as herein-after required, shall issue under his Hand a Certificate of such Notice having been given, and of such Oath or Declaration having been made; provided no lawful Impediment according to the Law of *England* be shown to the Satisfaction of the Marriage Registrar why such Certificate should not issue, and the Issue of such Certificate have not been sooner forbidden, in manner herein-after mentioned, by any Person or Persons by this Act authorized in that Behalf: Provided always, that where by such Oath or Declaration it appears that One of the Parties intending Marriage (not being a Widower or Widow) is under Twenty-one Years of Age, the Marriage Registrar shall not issue such Certificate until the Expiration of such Period after the giving of such Notice as may be in this Behalf provided by such Laws or Regulations as herein-after mentioned.

Proviso.

Who to give Consent if Parties under Age.

III. The Father, if living, of any Party under Twenty-one Years of Age, such Party not being a Widower or Widow, or, if the Father be dead, the Guardian or Guardians of the Person of the Party so under Age lawfully appointed, or One of them, and in case there be no such Guardian, then the Mother of such Party, if unmarried, shall have Authority to give Consent to the Marriage of such Party; and such Consent is hereby required for the Marriage of such Party so under Age, unless there be no Person authorized to give such Consent resident in India.

Issue of Registrar's Certificate may be forbidden.

IV. Every Person whose Consent to a Marriage is required as aforesaid is hereby authorized to forbid, in such Manner as may be provided by such Laws or Regulations as herein-after mentioned, the Issue of the Marriage Registrar's Certificate; and in case the Issue of any such Certificate be so forbidden the Notice and all Proceedings thereupon shall be utterly void: Provided always, that (subject to such Laws and Regulations) if either of the Parties intending Marriage allege that the Person forbidding the Issue of such Certificate is not authorized by Law so to do, the Marriage Registrar shall examine into such Allegation, and if he be satisfied that such Person is not authorized as aforesaid shall act in like Manner, and the like Proceedings may be had under this Act in relation to such Marriage, as if the Issue of such Certificate had not been forbidden by such Person.

Supreme Court or Judge of the Zillah or District may relieve where Consent improperly withheld.

V. If any person whose Consent is necessary to any Marriage under this Act shall be *non compos mentis*, or if any such Person (other than the Father) shall, without just Cause, withhold his or her Consent to a Marriage, the Parties intending Marriage may apply by Petition, where the Person whose Consent is necessary is resident within any of the Towns of *Calcutta*, *Madras*, and *Bombay*, to the Supreme Court of Judicature established by Royal Charter in the Presidency or Place in which such Person is resident, or if such Person be not resident within any of the said Towns, then to the Judge of the Zillah or like District within which such Person is resident, or to such other Person as may for this Purpose be appointed under the Laws or Regulations herein-after mentioned; and the said Supreme Court or any Judge thereof or such Judge of the Zillah or District, or such other Person, shall be empowered to examine the Allegations of the Petition in a summary Way; and if upon such Examination such Marriage appear proper, such Supreme Court or any Judge thereof, or such Judge of the Zillah or District, or such other Person, shall declare the same to be so, and such Declaration shall be as good and effectual as if the Person whose Consent was needed had consented to the Marriage; and in case such Person has forbidden the Issue of the Marriage Registrar's Certificate, such Certificate shall be issued, and the like Proceedings may be had under this Act in relation to the Marriage, as if the Issue of such Certificate had not been forbidden by such Person, anything herein-before contained to the contrary notwithstanding.

Oath or Declaration to be made before Issue of Certificate.

VI. Before any such Certificate as aforesaid shall be issued by any Marriage Registrar, One of the Parties intending Marriage shall appear personally before such Marriage Registrar, and shall make Oath, or shall make his or her solemn Declaration instead of an Oath, that he or she believeth that there is not any Impediment of Kindred or Affinity or other lawful Hindrance to the said Marriage, and that both the Parties to the intended Marriage have, or (where the Parties have dwelt in the Districts of different Marriage Registrars) that the Party making such Oath or Declaration hath, for the Period required by such Laws or Regulations as are herein-after mentioned, had their, his, or her usual Place of Abode within the District of such Marriage Registrar, and where either or each of the Parties, not being a Widower or Widow, is under the age of Twenty-one Years, that the Consent of the Person or Persons whose Consent to such Marriage is required by Law has been obtained thereto, or that there is no Person resident within the Territories under the Government of the *East India* Company having Authority to give such Consent, as the case may be: Provided always, that where under the foregoing Provision the said Supreme Court or a Judge thereof, or such Judge of the Zillah or like District, or such other Person as aforesaid, declares the Marriage to be proper, it shall not be necessary to make Oath or declare that such Consent has been obtained to such Marriage.

Protest against Issue of Certificate may be entered.

VII. Any Person may, in manner provided by such Laws or Regulations, enter a Protest with the Marriage Registrar against the Issue of a Certificate for the Marriage of any Person named therein; and if any Protest be so

entered, no Certificate shall issue until the Marriage Registrar shall have examined into the Matter of the Protest, and is satisfied that it ought not to obstruct the Issue of the Certificate for the said Marriage, or until the Protest be withdrawn by the Party who entered the same.

Appeal where Registrar refuses Certificate.

VIII. In all Cases whatsoever where the Marriage Registrar has refused such Certificate as aforesaid, it shall be lawful for either of the Parties intending Marriage to apply by Petition, where the District of such Registrar is within any of the Towns of *Calcutta*, *Madras*, and *Bombay*, to the Supreme Court of Judicature established by Royal Charter in the Presidency or Place within which such District is comprised, or if such District be not within any of the said Towns then to the Judge of the Zillah or like District within which the same is comprised, or to such other Person as may for this Purpose be appointed by the Laws or Regulations herein-after mentioned; and the said Supreme Court or any Judge thereof, or such Judge of the Zillah or like District, or such other Person, shall be empowered to examine the Allegations of the Petition in a summary Way, and shall decide thereon; and the Decision of such Supreme Court or a Judge thereof, or of such Judge of the Zillah or like District, or of such other Person, shall be final, and the Marriage Registrar to whom the Application was originally made shall proceed in accordance therewith, anything herein-before contained notwithstanding.

After Issue of Certificate, Marriage may be solemnized in the Presence of Marriage Registrar and Two Witnesses.

IX. After the Issue of the Certificate of the Marriage Registrar, or, where Notice is required to be given under this Act to the Marriage Registrars for different Districts, after the Issue of the Certificates of the Marriage Registrars for such Districts, Marriage may be solemnized between and by the Parties described in such Certificate or Certificates, according to such Form and Ceremony as they may see fit to adopt; provided nevertheless, that every such Marriage shall be solemnized between such Hours as shall be fixed by the Laws or Regulations herein-after mentioned, in the Presence of some Marriage Registrar, to whom shall be delivered such Certificate or Certificates as aforesaid, and of Two or more Witnesses; provided also, that in some Part of the Ceremony each of the Parties shall declare,

'I do solemnly declare, That I know not of 'any lawful Impediment why I, *A.B.*, may 'not be joined in Matrimony to *C.D.*;' or shall declare to the like Effect.

And each of the Parties shall say to the other,

'I call upon those Persons here present to 'witness, That I, *A.B.*, do take thee, *C.D.*, to 'be my lawful wedded Wife [*or* Husband];' or Words to the like Effect.

Provided also, that there be no lawful Impediment to the Marriage of such Parties.

When Marriage is not had within Three Months after Notice, a new Notice required.

X. Whenever a Marriage is not had within Three Calendar Months after the Notice shall have been so entered by the Marriage Registrar, the Notice and the Certificate which may have been issued thereupon, and all other Proceedings thereupon, shall be utterly void; and no Person shall proceed to solemnize the Marriage, nor shall any Marriage Registrar register the same, until new Notice shall have been given, and Entry made, and Certificate thereof given, at the Time and in the Manner aforesaid.

Marriages to be registered.

XI. After the Solemnization of any Marriage under this Act the Marriage Registrar present at the Solemnization thereof shall forthwith register such Marriage in duplicate, that is to say, in a Marriage Register Book according to the Form of Schedule to this Act annexed, and also in a Certificate attached to the Marriage Register Book, as a Counterfoil; and the Entry of such Marriage in both the Certificate and the Marriage Register Book shall be signed by the Person by or before whom the Marriage has been solemnized, if there be any such Person, and by the Marriage Registrar present at such Marriage, whether or not the Marriage is solemnized by him, and also by the Parties married, and attested by Two Witnesses; and every such Entry shall be made in Order from the Beginning to the End of the Book, and the number of the Certificate shall correspond with that of the Entry in the Marriage Register Book.

The lantern, which is open all round, elevated 95 feet above the level of the sea at High Water Spring Tides, will be seen from the deck of a vessel at a distance of 15 nautical miles.

As a beacon during the day the Light-house will be known by the following description. It stands on a rock which measures 150 feet long and 100 broad, and is 24 feet high at its highest point above the level of H. W. Sp. Tides. The Light-house is a Pillar of dressed granite and the lantern covered by a spherical dome which is painted white.

The following Draft of a proposed Act was read in Council for the first time on the 24th of October 1851.

ACT No. —— OF 1851.

An Act for defraying the Cost of a Light House on Pedro Branca.

Whereas it has been deemed expedient for the safety and guidance of Ships navigating the China Seas, to build a Light House on the Island Rock called Pedro Branca, situated at the Eastern entrance of the Straits of Singapore; And whereas certain sums of money were subscribed by private Individuals for that purpose, but the same were insufficient to defray the expense of building such Light House; And whereas the East India Company agreed to build such Light House, and to advance certain sums of money to complete the same, on condition that the said sums of money were repaid to them by the levy of a toll on Ships and other square rigged Vessels entering the harbour of Singapore; And whereas the said Light House has been built by the East India Company, and it is desirable that the expense of building the same, and of maintaining a Light thereon, should be defrayed out of the monies arising from such toll; And whereas it may hereafter be deemed expedient to establish other Lights, or beacons in the Straits of Malacca or elsewhere near thereto;
It is enacted as follows:

I. The Light House on Pedro Branca aforesaid when so built, shall be called "The Horsburgh Light House," and the said Light House, and the appurtenances thereunto belonging or occupied for the purposes thereof, and all the fixtures, apparatus and furniture belonging thereto, shall become the property of, and absolutely vest in the East India Company and their successors.

II. From the ——— day of ——— 1852 every Ship, or other square rigged Vessel, being of the burden of fifty tons and upwards, which shall arrive at, or enter the harbour or roadstead of Singapore from any part of the world, shall pay a toll of two and a half cents. of a dollar per ton for every ton of her registered burden or tonnage. Provided always that no Ship or other square rigged Vessel shall pay such toll more than once in every six calendar months.

III. All Ships of War belonging to Her Britannic Majesty, or any Foreign Government or State, and all armed Ships belonging to the East India Company, shall be exempt from the payment of such toll.

IV. The management and controul of the said "Horsburgh Light House," and of the keeper thereof, and of every thing relating thereto, is hereby vested in the Governor of the Straits Settlements.

V. The said Governor may appoint any person he may think fit, to be a Collector of the tolls payable under this Act.

VI. Out of the funds raised by such tolls, an efficient Light shall be constantly kept up and exhibited during the night time in and from the said Light House, and the surplus monies arising from such tolls, after deducting the expense of maintaining such Light as aforesaid, shall from time to time be paid over to the said East India Company, in liquidation of the monies they have advanced towards the erection and completion of the said Light House and the apparatus and furniture thereof.

VII. The toll to be levied under this Act shall become due and payable immediately on the arrival of every ship liable thereto within the harbour or roadstead of Singapore; and, immediately on the arrival of any such Ship within the said harbour or roadstead, the Collector appointed under this Act shall demand, or cause to be demanded, from the Master or other person in Command of such Ship, payment of the toll of two and a half cents. of a Dollar per ton for every ton of the registered burden or tonnage of such Ship, and if the same be not paid within two days after such demand made as aforesaid, or if at any time after the arrival of such Ship as aforesaid, the said Collector shall have cause to suspect, or believe that such Ship will immediately leave the said harbour or roadstead, without paying such toll, it shall be lawful for any Justice of the Peace, upon an affidavit to that effect being made before him on oath by such Collector (which oath the said Justice is hereby authorized to administer) to issue his Warrant under his hand, directed to any Peace Officer of Singapore aforesaid, to enter on board such Ship, and to seize and carry away any of the Goods, Merchandize, Guns, Tackle, Apparel or Furniture of or belonging to or on board such Ship, and to keep the same for the space of three days then next, unless the said toll shall be in the meantime paid, and in case the amount of the toll due by such Ship shall not before the expiration of such three days have been paid, then the said Collector may cause the said Goods, Merchandize, Guns, Tackle, Apparel or Furniture so seized to be sold, and out of the proceeds of such sale shall pay the amount of the said toll to which such Ship shall be liable, together with the reasonable charges of the seizure, detention and sale, rendering to the Master or Owner or other person having the command of such Ship, the overplus (if any) on demand.

VIII. The Officer of Government whose duty it shall be to grant a Port clearance for any Ship clearing out of, or leaving the port of Singapore aforesaid, shall refuse to grant such Port clearance to any Ship until the Owner, Agent, Master or other person in command of such Ship shall produce a certificate from the Collector appointed under this Act that such Ship has paid the amount of toll to which she is liable under this Act.

IX. Notwithstanding any thing in this Act contained, the said Collector appointed under this Act, may sue for and recover the amount of any tolls payable to him under this Act, by action of debt or suit in Equity in any of Her Majesty's Courts in India, against the Owner, or Master, or other person having the command of any vessel liable thereto, at the time of default made in the payment of such toll.

X. In order to ascertain the exact burden or tonnage of any Ship liable to pay the toll leviable under this Act, the Collector appointed under this Act may apply to any Justice of the Peace to require, and such Justice of the Peace shall thereupon summon and require, the Owner, Master or other person in command of such Ship, or any person having possession of the same, to produce the register of such Ship, for the inspection of such Justice, and upon the refusal or neglect of any such Owner, Master or person to produce such register, it shall be lawful for such Justice to adjudge such Owner, Master or person to pay a fine not exceeding one hundred Dollars, and in default of payment, to be imprisoned in Her Majesty's Gaol for any period not exceeding two calendar months.

XI. When and so soon as the monies to be advanced by the said East India Company towards the erection and completion of the said Light House shall have been fully repaid and liquidated in manner herein provided for, it shall be competent for the Governor of the Straits Settlements, to build, or cause to be built, one or more other lights or beacons for the safety and guidance of Ships in such part or parts of the Straits of Malacca, or near thereto, as shall be deemed expedient, and the cost thereof and of maintaining the same, and of keeping up and exhibiting a light or lights therefrom, shall be defrayed out of the surplus monies arising from the toll payable under this Act, after defraying the current expenses of maintaining the "Horsburgh Light House" aforesaid.

XII. Nothing in this Act contained shall be construed to levy a toll upon or otherwise affect any Ship passing through the Straits of Singapore and not entering the said harbour or roadstead of Singapore aforesaid.

XIII. The word ships throughout this Act mentioned, shall be held to mean and include Schooners, Brigs, Brigantines, Barques, Steam Boats, and all other square rigged Vessels, as well as Ships; and words importing the singular number only shall include the plural number, and words importing the plural number only shall include also the singular number, and words importing the masculine gender shall extend to females, unless there be something in the subject or context repugnant to such construction.

Ordered that the Draft now read be published for general information.

Ordered that the said Draft be re-considered at the first meeting of the Legislative Council of India, after the 24th day of January 1852.

Secy. to the Govt. of India.

The following Draft of a proposed Act was read in Council for the first time on the 24th of October 1851.

ACT NO. —— OF 1851.

An Act for defraying the Cost of a Light House on Pedro Branca.

Whereas it has been deemed expedient for the safety and guidance of Ships navigating the China Seas, to build a Light House on the Island Rock called Pedro Branca, situated at the Eastern entrance of the Straits of Singapore; And whereas certain sums of money were subscribed by private individuals for that purpose, but the same were insufficient to defray the expense of building such Light House; And whereas the East India Company agreed to build such Light House, and to advance certain sums of money to complete the same, on condition that the said sums of money were repaid to them by the levy of a toll on Ships and other square rigged Vessels entering the harbour of Singapore; And whereas the said Light House has been built by the East India Company, and it is desirable that the expense of building the same, and of maintaining a Light thereon, should be defrayed out of the monies arising from such toll; And whereas it may hereafter be deemed expedient to establish other Lights, or beacons in the Straits of Malacca or elsewhere near thereto;

It is enacted as follows:

I. The Light House on Pedro Pranca aforesaid shall be called "The Horsburgh Light House," and the said Light House, and the appurtenances thereunto belonging or occupied for the purposes thereof, and all the fixtures, apparatus and furniture belonging thereto, shall become the property of, and absolutely vest in the East India Company and their successors.

II. From the ———— day of ———— 1852 every Ship, or other square rigged Vessel, being of the burden of fifty tons and upwards, which shall arrive at, or enter the harbour or roadstead of Singapore from any part of the world, shall pay a toll of two and a half cents of a dollar per ton for every ton of her registered burden or tonnage. Provided always that no Ship or other square rigged Vessel shall pay such toll more than once in every six calendar months.

III. All Ships of War belonging to Her Britannic Majesty, or any Foreign Government or State, and all armed Ships belonging to the East India Company, shall be exempt from the payment of such toll.

IV. The management and controul of the said "Horsburgh Light House," and of the keeper thereof, and of every thing relating thereto, is hereby vested in the Governor of the Straits Settlements.

V. The said Governor may appoint any person he may think fit, to be a Collector of the tolls payable under this Act.

VI. Out of the funds raised by such tolls, an efficient Light shall be constantly kept up and exhibited during the night time in and from the said Light House, and the surplus monies arising from such tolls, after deducting the expense of maintaining such Light as aforesaid, shall from time to time be paid over to the said East India Company, in liquidation of the monies they have advanced towards the erection and completion of the said Light House and the apparatus and furniture thereof.

VII. The toll to be levied under this Act shall become due and payable immediately on the arrival of every ship liable thereto within the harbour or roadstead of Singapore; and, immediately on the arrival of any such Ship within the said harbour or roadstead, the Collector appointed under this Act shall demand, or cause to be demanded, from the Master or other person in Command of such Ship, payment of the toll of two and a half cents. of a Dollar per ton for every ton of the registered burden or tonnage of such Ship, and if the same be not paid within two days after such demand made as aforesaid, or if at any time after the arrival of such Ship as aforesaid, the said Collector shall have cause to suspect, or believe that such Ship will immediately leave the said harbour or roadstead, without paying such toll, it shall be lawful for any Justice of the Peace, upon an affidavit to that effect being made before him on oath by such Collector (which oath the said Justice is hereby authorized to administer) to issue his Warrant under his hand, directed to any Peace Officer of Singapore aforesaid, to enter on board such Ship, and to seize and carry away any of the Goods, Merchandize, Guns, Tackle, Apparel or Furniture of or belonging to or on board such Ship, and to keep the same for the space of three days then next, unless the said toll shall be in the meantime paid, and in case the amount of the toll due by such Ship shall not before the expiration of such three days have been paid, then the said Collector may cause the said Goods, Merchandize, Guns, Tackle, Apparel or Furniture so seized to be sold, and out of the proceeds of such sale shall pay the amount of the said toll to which such Ship shall be liable, together with the reasonable charges of the seizure, detention and sale, rendering to the Master or Owner or other person having the command of such Ship, the overplus (if any) on demand.

VIII. The Officer of Government whose duty it shall be to grant a Port clearance for any Ship clearing out of, or leaving the port of Singapore aforesaid, shall refuse to grant such Port clearance to any Ship until the Owner, Agent, Master or other person in command of such Ship shall produce a certificate from the Collector appointed under this Act that such Ship has paid the amount of toll to which she is liable under this Act.

IX. Notwithstanding any thing in this Act contained, the said Collector appointed under this Act, may sue for and recover the amount of any tolls payable to him under this Act, by action of debt or suit in Equity in any of Her Majesty's Courts in India, against the Owner, or Master, or other person having the command of any vessel liable thereto, at the time of default made in the payment of such toll.

X. In order to ascertain the exact burden or tonnage of any Ship liable to pay the toll leviable under this Act, the Collector appointed under this Act may apply to any Justice of the Peace to require, and such Justice of the Peace shall thereupon summon and require, the Owner, Master or other person in command of such Ship, or any person having possession of the same, to produce the register of such Ship, for the inspection of such Justice, and upon the refusal or neglect of any such Owner, Master or person to produce such register, it shall be lawful for such Justice to adjudge such Owner, Master or person to pay a fine not exceeding one hundred Dollars, and in default of payment, to be imprisoned in Her Majesty's Gaol for any period not exceeding two calendar months.

XI. When and so soon as the monies to be advanced by the said East India Company towards the erection and completion of the said Light House shall have been fully repaid and liquidated in manner herein provided for, it shall be competent for the Governor of the Straits Settlements, to build, or cause to be built, one or more other lights or beacons for the safety and guidance of Ships in such part or parts of the Straits of Malacca, or near thereto, as shall be deemed expedient, and the cost thereof and of maintaining the same, and of keeping up and exhibiting a light or lights therefrom, shall be defrayed out of the surplus monies arising from the toll payable under this Act, after defraying the current expenses of maintaining the "Horsburgh Light House" aforesaid.

XII. Nothing in this Act contained shall be construed to levy a toll upon or otherwise affect any Ship passing through the Straits of Singapore and not entering the said harbour or roadstead of Singapore aforesaid.

XIII. The word ships throughout this Act mentioned, shall be held to mean and include Schooners, Brigs, Brigantines, Barques, Steam Boats, and all other square rigged Vessels, as well as Ships; and words importing the singular number only shall include the plural number, and words importing the plural number only shall include also the singular number, and words importing the masculine gender shall extend to females, unless there be something in the subject or context repugnant to such construction.

Ordered that the Draft now read be published for general information.

Ordered that the said Draft be re-considered at the first meeting of the Legislative Council of India, after the 24th day of January 1852.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners* :—

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ½ E. and N.W. ½ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Roet*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ½ W. and N.N.W. ½ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen in Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

" For every vessel belonging to the United Kingdom " of Great Britain and Ireland (the same not belonging " to Her Majesty, her heirs and successors, or being " navigated wholly in ballast), and for every Foreign " Vessel which, by any Act of Parliament, Order in " Council, Convention or Treaty, shall be privileged to " enter the Ports of the said United Kingdom, upon " paying the same duties of Tonnage as are paid by " Vessels belonging to the United Kingdom (the same " not being navigated wholly in ballast) which shall " arrive at, or depart from, the Port of Stromness or its " dependent creeks in Orkney, or which shall pass in " either direction through the Pentland Firth, between " the Island of Pomona or the Mainland of Orkney, and " Dunnethead in Caithness, the Toll of one *Farthing* " per Ton of the Burden of every such Vessel, for each " time of passing or deriving benefit from the said " Lights, if on a Coasting Voyage, and Double the said " Toll for passing or deriving benefit on an Oversea " Voyage; and for each Foreign Vessel navigated as " aforesaid not privileged in manner hereinbefore men- " tioned, Double the amount of the respective Tolls " hereinbefore specified."

By order of the Hon'ble the President in Council,

Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 24th October, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 24th of October 1851.

ACT NO. —— OF 1851.

An Act for defraying the Cost of a Light House on Pedro Branca.

Whereas it has been deemed expedient for the safety and guidance of Ships navigating the China Seas, to build a Light House on the Island Rock called Pedro Branca, situated at the Eastern entrance of the Straits of Singapore; And whereas certain sums of money were subscribed by private individuals for that purpose, but the same were insufficient to defray the expense of building such Light House; And whereas the East India Company agreed to build such Light House, and to advance certain sums of money to complete the same, on condition that the said sums of money were repaid to them by the levy of a toll on Ships and other square rigged Vessels entering the harbour of Singapore; And whereas the said Light House has been built by the East India Company, and it is desirable that the expense of building the same, and of maintaining a Light thereon, should be defrayed out of the monies arising from such toll; And whereas it may hereafter be deemed expedient to establish other Lights, or beacons in the Straits of Malacca or elsewhere near thereto;

It is enacted as follows:

I. The Light House on Pedro Branca aforesaid shall be called "The Horsburgh Light House," and the said Light House, and the appurtenances thereunto belonging or occupied for the purposes thereof, and all the fixtures, apparatus and furniture belonging thereto, shall become the property of, and absolutely vest in the East India Company and their successors.

II. From the ———— day of ———— 1852 every Ship, or other square rigged Vessel, being of the burden of fifty tons and upwards, which shall arrive at, or enter the harbour or roadstead of Singapore from any part of the world, shall pay a toll of two and a half cents. of a dollar per ton for every ton of her registered burden or tonnage. Provided always that no Ship or other square rigged Vessel shall pay such toll more than once in every six calendar months.

III. All Ships of War belonging to Her Britannic Majesty, or any Foreign Government or State, and all armed Ships belonging to the East India Company, shall be exempt from the payment of such toll.

IV. The management and controul of the said "Horsburgh Light House," and of the keeper thereof, and of every thing relating thereto, is hereby vested in the Governor of the Straits Settlements.

V. The said Governor may appoint any person he may think fit, to be a Collector of the tolls payable under this Act.

VI. Out of the funds raised by such tolls, an efficient Light shall be constantly kept up and exhibited during the night time in and from the said Light House, and the surplus monies arising from such tolls, after deducting the expense of maintaining such Light as aforesaid, shall from time to time be paid over to the said East India Company, in liquidation of the monies they have advanced towards the erection and completion of the said Light House and the apparatus and furniture thereof.

VII. The toll to be levied under this Act shall become due and payable immediately on the arrival of every ship liable thereto within the harbour or roadstead of Singapore; and, immediately on the arrival of any such Ship within the said harbour or roadstead, the Collector appointed under this Act shall demand, or cause to be demanded, from the Master or other person in Command of such Ship, payment of the toll of two and a half cents. of a Dollar per ton for every ton of the registered burden or tonnage of such Ship, and if the same be not paid within two days after such demand made as aforesaid, or if at any time after the arrival of such Ship as aforesaid, the said Collector shall have cause to suspect, or believe that such Ship will immediately leave the said harbour or roadstead, without paying such toll, it shall be lawful for any Justice of the Peace, upon an affidavit to that effect being made before him on oath by such Collector (which oath the said Justice is hereby authorized to administer) to issue his Warrant under his hand, directed to any Peace Officer of Singapore aforesaid, to enter on board such Ship, and to seize and carry away any of the Goods, Merchandize, Guns, Tackle, Apparel or Furniture of or belonging to or on board such Ship, and to keep the same for the space of three days then next, unless the said toll shall be in the meantime paid, and in case the amount of the toll due by such Ship shall not before the expiration of such three days have been paid, then the said Collector may cause the said Goods, Merchandize, Guns, Tackle, Apparel or Furniture so seized to be sold, and out of the proceeds of such sale shall pay the amount of the said toll to which such Ship shall be liable, together with the reasonable charges of the seizure, detention and sale, rendering to the Master or Owner or other person having the command of such Ship, the overplus (if any) on demand.

VIII. The Officer of Government whose duty it shall be to grant a Port clearance for any Ship clearing out of, or leaving the port of Singapore aforesaid, shall refuse to grant such Port clearance to any Ship until the Owner, Agent, Master or other person in command of such Ship shall produce a certificate from the Collector appointed under this Act that such Ship has paid the amount of toll to which she is liable under this Act.

IX. Notwithstanding any thing in this Act contained, the said Collector appointed under this Act, may sue for and recover the amount of any tolls payable to him under this Act, by action of debt or suit in Equity in any of Her Majesty's Courts in India, against the Owner, or Master, or other person having the command of any vessel liable thereto, at the time of default made in the payment of such toll.

X. In order to ascertain the exact burden or tonnage of any Ship liable to pay the toll leviable under this Act, the Collector appointed under this Act may apply to any Justice of the Peace to require, and such Justice of the Peace shall thereupon summon and require, the Owner, Master or other person in command of such Ship, or any person having possession of the same, to produce the register of such Ship, for the inspection of such Justice, and upon the refusal or neglect of any such Owner, Master or person to produce such register, it shall be lawful for such Justice to adjudge such Owner, Master or person to pay a fine not exceeding one hundred Dollars, and in default of payment, to be imprisoned in Her Majesty's Gaol for any period not exceeding two calendar months.

XI. When and so soon as the monies to be advanced by the said East India Company towards the erection and completion of the said Light House shall have been fully repaid and liquidated in manner herein provided for, it shall be competent for the Governor of the Straits Settlements, to build, or cause to be built, one or more other lights or beacons for the safety and guidance of Ships in such part or parts of the Straits of Malacca, or near thereto, as shall be deemed expedient, and the cost thereof and of maintaining the same, and of keeping up and exhibiting a light or lights therefrom, shall be defrayed out of the surplus monies arising from the toll payable under this Act, after defraying the current expenses of maintaining the "Horsburgh Light House" aforesaid.

XII. Nothing in this Act contained shall be construed to levy a toll upon or otherwise affect any Ship passing through the Straits of Singapore and not entering the said harbour or roadstead of Singapore aforesaid.

XIII. The word ships throughout this Act mentioned, shall be held to mean and include Schooners, Brigs, Brigantines, Barques, Steam Boats, and all other square rigged Vessels, as well as Ships; and words importing the singular number only shall include the plural number, and words importing the plural number only shall include also the singular number, and words importing the masculine gender shall extend to females, unless there be something in the subject or context repugnant to such construction.

Ordered that the Draft now read be published for general information.

Ordered that the said Draft be re-considered at the first meeting of the Legislative Council of India, after the 24th day of January 1852.

The Lieutenant Governor is pleased to publish, for general information, the following rules for the administration of the Bhuttee Territory, under Act VI. of 1846, as revised and passed by Government on 27th February 1848.

1. The local administration in all departments will be vested in the Commissioner of the division as Agent under the Act, in the Superintendent, in Assistants posted at Sirsa and Fazilka, or elsewhere, and in the Sudder Ameen at Sirsa.

II. In the Judicial Civil Department, the Assistant at Fazilka will have the powers of a Moonsiff and Sudder Ameen in the district committed to him, consisting of Pergunnah Wuttoo and part of the neighbouring Pergunnah of Mullout, and the Sudder Ameen stationed at Sirsa will exercise the same powers in the remainder of the Territory. The Superintendent will exercise the powers of a Judge. From the orders of the Moonsiffs and Sudder Ameens one regular appeal will lie to the Superintendent, and from the orders of the Superintendent in original suits, one regular appeal will lie to the Agent. The orders of the Superintendent in appealed cases will be final, except when a special appeal may be admitted against such orders by the Agent. In the same manner the decisions of the Agent in appealed cases will be final, except when a special appeal may be admitted against them by the Court of Sudder Dewanny Adawlut. The admission or rejection of applications for special appeals under this clause, will be regulated by the spirit of the rules in force upon that point in the Regulation Provinces.

III. In the Judicial Criminal Department, the Assistants will have the powers of Joint Magistrates, the Superintendent of Magistrate, and the Commissioner of Sessions Judge under the Nizamut Adawlut. From all judicial sentences passed by the Assistants within the competency of Assistants not invested with special powers in the Regulation Provinces, as well as from all miscellaneous orders, an appeal will lie to the Superintendent. V. In the Customs Department the Superintendent will exercise the powers of a Deputy Collector and the Assistants will be competent to perform under his orders any duties usually devolving upon him.

VI. These Officers will ordinarily exercise their functions in the same manner and in the spirit of the same rules as in the Regulation Provinces, except that in the Criminal Department, the Commissioner shall be competent to dispose of the cases committed to him on a mere inspection of the papers and without holding a second trial, with all the parties before him, as is usually done. Any further evidence that may be required after commitment, either by the parties accused, or by the Commissioner, may be taken before the Superintendent or his Assistants and forwarded for the Commissioner's orders. The Nizamut Adawlut will also dispose of cases referred to them by the Commissioner in the same way as if he had held a second trial in ordinary course.

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners* :—

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ½ E. and N.W. ½ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ½ W. and N.N.W. ½ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen in Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

" For every vessel belonging to the United Kingdom " of Great Britain and Ireland (the same not belonging " to Her Majesty, her heirs and successors, or being " navigated wholly in ballast), and for every Foreign " Vessel which, by any Act of Parliament, Order in " Council, Convention or Treaty, shall be privileged to " enter the Ports of the said United Kingdom, upon " paying the same duties of Tonnage as are paid by " Vessels belonging to the United Kingdom (the same " not being navigated wholly in ballast) which shall " arrive at, or depart from, the Port of Stromness or its " dependent creeks in Orkney, or which shall pass in " either direction through the Pentland Firth, between " the Island of Pomona or the Mainland of Orkney, and " Dunnethead in Caithness, the Toll of one *Farthing* " per Ton of the Burden of every such Vessel, for each " time of passing or deriving benefit from the said " Lights, if on a Coasting Voyage, and Double the said " Toll for passing or deriving benefit on an Oversea " Voyage; and for each Foreign Vessel navigated as " aforesaid not privileged in manner hereinbefore men- " tioned, Double the amount of the respective Tolls " hereinbefore specified."

Fort William, the 18th October, 1851.

NEW PILOT STATION FOR THE S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 50° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern

edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

The Light-house is situated according to the Admiralty Chart in Lat. 1° 20′ 20″ N. and Long. 104° 25′ East of Greenwich and by Compass bears from Barbucet Point, East distant 12½ Nautical miles, and from the N. E. point of Bintang N. W. by W. ¾ W. distant 12 miles.

The following rocks and shoals lying in the way of vessels, and coming within the influence of the Light, bear from the Light-house—

The Light will be known to mariners as a revolving bright Light which gradually attains its brightest period once every minute, and as gradually declines until it totally disappears to the distant observer, whilst, when viewed from a short distance, it is never entirely invisible.

The lantern, which is open all round, elevated 95 feet above the level of the sea at High Water Spring Tides, will be seen from the deck of a vessel at a distance of 15 nautical miles.

As a beacon during the day the Light-house will be known by the following description. It stands on a rock which measures 150 feet long and 100 broad, and is 24 feet high at its highest point above the level of H. W. Sp. Tides. The Light-house is a Pillar of dressed granite and the lantern covered by a spherical dome which is painted white.

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Cromsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. Alan Stevenson, *Engineer to the Commissioners:*—

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ½ E. and N.W. ½ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a Fixed Red Light, and the *Low Light* is a Fixed Bright Light. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a Fixed Red Light, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a Fixed Bright Light, from S.S.E. ¼ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a Fixed Bright Light. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a Fixed Bright Light, illuminating a small Arc between N. ½ W. and N.N.W. ½ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 17′ W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen in Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz.:—

" For every vessel belonging to the United Kingdom " of Great Britain and Ireland (the same not belonging

" to Her Majesty, her heirs and successors, or being " navigated wholly in ballast), and for every Foreign " Vessel which, by any Act of Parliament, Order in " Council, Convention or Treaty, shall be privileged to " enter the Ports of the said United Kingdom, upon " paying the same duties of Tonnage as are paid by " Vessels belonging to the United Kingdom (the same " not being navigated wholly in ballast) which shall " arrive at, or depart from, the Port of Stromness or its " dependent creeks in Orkney, or which shall pass in " either direction through the Pentland Firth, between " the Island of Pomona or the Mainland of Orkney, and " Dunnethead in Caithness, the Toll of one *Farthing* " per Ton of the Burden of every such Vessel, for each " time of passing or deriving benefit from the said " Lights, if on a Coasting Voyage, and Double the said " Toll for passing or deriving benefit on an Oversea " Voyage; and for each Foreign Vessel navigated as " aforesaid not privileged in manner hereinbefore men- " tioned, Double the amount of the respective Tolls " hereinbefore specified."

NOTIFICATION.

FORT WILLIAM, THE 5TH NOVEMBER, 1851.

NOTICE is hereby given, that on Monday, the 12th January 1852, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the Provision of 1850-51, subject to the following Conditions; viz.

Opium.

Produce of Behar Agency, ...	Chests	1,920
Ditto of Benares ditto, ...	,,	880
Total Chests		2,800

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue,

be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2,300 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money, of the amount for which each lot is knocked down, or for Rupees 1,000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Saturday, 17th January, or on the other hand failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times and under such Conditions of Re-sale as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such Re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned Condition if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 17th January, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1852, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent, even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any Public Securities that may have been deposited on account of such lots or chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale, on the part of the Board of Revenue, is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder, for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased, the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said Twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue.

No. 1.—Certificate of the Opium now advertized for Sale.

No. 2.—Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1850-51, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in

forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further, that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium or adulteration of the Drug, which may be preferred in reference to Chests after the sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned the following quantities, more or less, of Behar and Benares Opium of 1850-51, will be brought to Sale in the year 1852, on or about the dates specified below:

It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for Sale at the Twelve Sales in the Months of January, February, March, April, May, June, July, August, September, October, November and December 1852, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity, not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this advertizement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 33,561 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th. "With regard to the Trade in Opium it is agreed between the high contracting parties that at each of the periodical Sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale; it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the Three Hundred Chests hereinbefore mentioned: the requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the Government Gazette."

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1831.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by MR. ALAN STEVENSON, *Engineer to the Commissioners:—*

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ¼ E. and N.W. ¼ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic*

Miles. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of *7 Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ½ W. and N.N.W. ½ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47', W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen in Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

" For every vessel belonging to the United Kingdom " of Great Britain and Ireland (the same not belonging " to Her Majesty, her heirs and successors, or being " navigated wholly in ballast), and for every Foreign " Vessel which, by any Act of Parliament, Order in " Council, Convention or Treaty, shall be privileged to " enter the Ports of the said United Kingdom, upon " paying the same duties of Tonnage as are paid by " Vessels belonging to the United Kingdom (the same " not being navigated wholly in ballast) which shall " arrive at, or depart from, the Port of Stromness or its " dependent creeks in Orkney, or which shall pass in " either direction through the Pentland Firth, between " the Island of Pomona or the Mainland of Orkney, and " Dunnethead in Caithness, the Toll of one *Farthing* " per Ton of the Burden of every such Vessel, for each " time of passing or deriving benefit from the said " Lights, if on a Coasting Voyage, and Double the said " Toll for passing or deriving benefit on an Oversea " Voyage; and for each Foreign Vessel navigated as " aforesaid not privileged in manner hereinbefore men- " tioned, Double the amount of the respective Tolls " hereinbefore specified."

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners:—*

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ½ E. and N.W. ½ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light*, is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Rysa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ½ W. and N.N.W. ½ W. will be shewn from the High

Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen in Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

" For every vessel belonging to the United Kingdom " of Great Britain and Ireland (the same not belonging " to Her Majesty, her heirs and successors, or being " navigated wholly in ballast), and for every Foreign " Vessel which, by any Act of Parliament, Order in " Council, Convention or Treaty, shall be privileged to " enter the Ports of the said United Kingdom, upon " paying the same duties of Tonnage as are paid by " Vessels belonging to the United Kingdom (the same " not being navigated wholly in ballast) which shall " arrive at, or depart from, the Port of Stromness or its " dependent creeks in Orkney, or which shall pass in " either direction through the Pentland Firth, between " the Island of Pomona or the Mainland of Orkney, and " Dunnethead in Caithness, the Toll of one *Farthing* " per Ton of the Burden of every such Vessel, for each " time of passing or deriving benefit from the said " Lights, if on a Coasting Voyage, and Double the said " Toll for passing or deriving benefit on an Oversea " Voyage; and for each Foreign Vessel navigated as " aforesaid not privileged in manner hereinbefore men- " tioned, Double the amount of the respective Tolls " hereinbefore specified."

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2,800 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money, of the amount for which each lot is knocked down, or for Rupees 1,000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Saturday, 17th January, or on the other hand failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered

6th. The Promissory Notes taken on the day of Sale, under the last mentioned Condition if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1852, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent, even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any Public Securities that may have been deposited on account of such lots or chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale, on the part of the Board of Revenue, is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bond fide* bidder, for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased, the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said Twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue.

No. 1.—Certificate of the Opium now advertized for Sale.

No. 2.—Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1850-51, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further, that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight,

abstraction of Opium or adulteration of the Drug, which may be preferred in reference to Chests after the sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned the following quantities, more or less, of Behar and Benares Opium of 1850-51, will be brought to Sale in the year 1852, on or about the dates specified below:

The following Act is passed by the Hon'ble the President of the Council of India in Council, on the 14th November 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

Act No. XII. of 1851.

An Act for securing the Land Revenue of Madras.

Whereas it is expedient that the land revenue accruing due to the East India Company at Madras, within the limits of the Town of Madras as defined in Section XII., Regulation II. 1802, of the Madras Code, should be ascertained and collected in as summary a manner as in other parts of the territories under the Government of the East India Company, It is enacted as follows:—

I. All assessable lands not the property of the East India Company, within the limits of the Town of Madras, as defined in Section XII., Regulation II. of 1802, of the Madras Code, of which the rate of assessment is not known, or which have not heretofore been assessed, shall be assessed at the rates customarily charged upon lands of a similar description in the neighbourhood, according as they may be situated respectively within or without the walls of Black Town.

II. Lakiraj tenures of land in Madras, of which uninterrupted possession has been held under alleged grants, exempt or partially exempt from assessment for sixty years, shall be valid; no other lakiraj tenures of land in Madras shall be deemed valid, unless the same are or shall be held

under an unexpired grant from the British Government.

III. The Collector of Madras shall determine the rate of assessment to be laid on assessable land under Section I. of this Act, with reference to the rate assessed upon other land of a similar description in the neighbourhood, subject to an appeal to the Board of Revenue, to be made within six months from the notification by the Collector of the assessment fixed by him. The decision of the Board of Revenue upon such appeal shall be final.

IV. The Collector may order any assessable land, or land already assessed, or charged with a rent payable to the East India Company, to be measured, for the purpose of determining the amount of assessment to be imposed, or, in the case of land already assessed or charged with a rent, for the purpose of ascertaining whether the actual dimensions, and the dimensions upon which the amount of assessment or rent, was calculated, correspond.

V. Whenever, upon the measurement of any land under the preceding Section, it shall be found that the dimensions upon which the amount of assessment or rent was calculated exceed the actual dimensions, a proportionate abatement shall be made for the excess, on the demand of the party entitled to claim it.

VI. On the other hand, when the actual dimensions exceed the dimensions upon which the amount of assessment or rent was calculated, the excess shall be charged at the same rate as the rest of the land, the possession being left undisturbed. Provided that when it shall appear that the excess has been caused by the surreptitious usurpation of ground belonging to another tenure, the act of the Collector in assessing it shall not prejudice the holder of such other tenure in any effort he may make to recover the ground usurped from it. An appeal shall lie to the Board of Revenue against any extra assessment or additional rent charged by the Collector for excess by measurement under this Section, if preferred within six months from the date of the Collector's order. Upon such appeal the decision of the Board of Revenue shall be final.

VII. If any owner of assessed land, or any person holding land subject to a rent payable to the East India Company, shall, upon the written demand of the Collector, refuse or neglect to pay any sum at which the land is assessed, or with which it is charged as rent, the Collector may levy the same by distress and sale of the goods and chattels, wherever found, of such owner or lessee; or, after written demand upon the tenant or occupier, and on his refusal or neglect to pay the sum lawfully demanded, by distress and sale of any goods and chattels found upon the land, in the manner appointed for regulating distresses for small rents in Calcutta by Act VII. 1847, extended to Madras by Section 89. Act IX. 1850, and for the purpose of any such distress and sale, the Collector shall have all the powers of a Judge of the Court of Small Causes under Section 89. Act. IX. 1850 aforesaid; and the Collector shall have power to appoint any of his Officers to perform the duties of Bailiffs and Appraisers, and of the Chief Clerk of the said Court, as provided by the said Act VII. of 1847, and all the provisions of the said Act relating to the Commissioners for the recovery of small debts and their Court, shall be deemed to apply to the said Collector and his Office in the execution of this Act.

VIII. In the case of payment by any tenant or occupier not holding immediately under the East India Company, or the seizure and sale of his property, he may deduct the amount of the payment or levy from the next payment of rent to his landlord.

IX. The claim of the East India Company for land revenue or rent has priority over all other claims upon the land, or to which property distrained upon the land may be liable.

X. If the Collector's claim for arrears of rent is disputed, the process of distraint and sale shall not be stayed, unless the amount claimed be lodged with the Collector.

XI. Arrears of rent or revenue due to the East India Company are recoverable within six years next after the same are due, or next after an acknowledgment of the same in writing has been given by the person by whom the same is payable, or his Agent, and not afterwards.

XII. When a claim to hold land lakiraj, or free of assessment, shall be set up under this Act, the Collector shall inquire into the claim; taking such evidence as the claimant may offer, or the public records supply; and shall report his proceedings in the case for the consideration of the Board of Revenue. If the Board of Revenue are satisfied of the validity of the claim, they shall make an order accordingly, and such order shall be final. If they are not satisfied of the validity of the claim, they shall direct the Collector to assess the land, leaving the claimant to contest the Collector's demand in the Civil Courts, as herein provided.

XIII. Any person obstructing or molesting the Collector, or any of his subordinate officers in the execution of their duty, shall, on conviction before a Magistrate of the Town of Madras, be liable to a fine not exceeding five hundred rupees, and, in default of payment, to imprisonment in the common goal for a term not exceeding six months, or until the fine is sooner paid.

XIV. The Collector may punish any contempt committed in his presence in open cutcherry or office, by fine not exceeding two hundred rupees, and, in default of payment, by imprisonment in the common goal for a term not exceeding one month. From every such order of fine or imprisonment an appeal shall lie to the Board of Revenue, whose decision shall be final.

XV. The Collector shall act in the execution of this Act, under the usual control of the superior revenue authorities.

XVI. The ground rents payable to the East India Company from lands in Madras are revenue within the meaning of the Act of Parliament, 21 Geo. III. Cap. 70; and the Supreme Court of Judicature established by Royal Charter at Madras has not any civil jurisdiction concerning the said ground rents, or concerning any thing ordered or done in the assessment or collection thereof.

XVII. All actions concerning any trespass or injury committed by any revenue officer, acting under colour of this Act, or concerning any claim in respect of any goods taken by, or any monies paid to, any revenue officer under this Act, or concerning any claim of rent or revenue on the part of the East India Company under this Act, shall be tried and determined in the Civil Courts established by the East India Company, in the Zillah of Chingleput, notwithstanding that the cause of action in respect of which such action is

brought, arose, or the defendant therein reside, within the limits of the Town of Madras, and every such action shall be brought within six months after the cause of action arose, and not afterwards.

XVIII. The words "Collector" and "Board of Revenue" used in this Act, shall be taken to mean any person or persons lawfully appointed to exercise the powers vested in the Collector and Board of Revenue respectively under this Act.

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners:—*

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ½ E. and N.W. ½ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ½ W. and N.N.W. ½ W. will be shewn from the High

Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

By order of the Hon'ble the President in Council,

Fort William, Home Department, Legislative,
the 14th November, 1851.

The following Act is passed by the Hon'ble the President of the Council of India in Council, on the 14th November 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. VII. OF 1851.

An Act for securing the Land Revenue of Madras.

Whereas it is expedient that the land revenue accruing due to the East India Company at Madras, within the limits of the Town of Madras as defined in Section XII. Regulation II. 1802, of the Madras Code, should be ascertained and collected in as summary a manner as in other parts of the territories under the Government of the East India Company, It is enacted as follows:—

I. All assessable lands not the property of the East India Company, within the limits of the Town of Madras, as defined in Section XII., Regulation II. of 1802, of the Madras Code, of which the rate of assessment is not known, or which have not heretofore been assessed, shall be assessed at the rates customarily charged upon lands of a similar description in the neighbourhood, according as they may be situated respectively within or without the walls of Black Town.

II. Lakiraj tenures of land in Madras, of which uninterrupted possession has been held under alleged grants, exempt or partially exempt from assessment for sixty years, shall be valid; no other lakiraj tenures of land in Madras shall be deemed valid, unless the same are or shall be held under an unexpired grant from the British Government.

III. The Collector of Madras shall determine the rate of assessment to be laid on assessable land under Section I. of this Act, with reference to the rate assessed upon other land of a similar description in the neighbourhood, subject to an appeal to the Board of Revenue, to be made within six months from the notification by the Collector of the assessment fixed by him. The decision of the Board of Revenue upon such appeal shall be final.

IV. The Collector may order any assessable land, or land already assessed, or charged with a rent payable to the East India Company, to be measured, for the purpose of determining the amount of assessment to be imposed, or, in the case of land already assessed or charged with a rent, for the purpose of ascertaining whether the actual dimensions, and the dimensions upon which the amount of assessment or rent, was calculated, correspond.

V. Whenever, upon the measurement of any land under the preceding Section, it shall be found that the dimensions upon which the amount of assessment or rent was calculated exceed the actual dimensions, a proportionate abatement shall be made for the excess, on the demand of the party entitled to claim it.

VI. On the other hand, when the actual dimensions exceed the dimensions upon which the amount of assessment or rent was calculated, the excess shall be charged at the same rate as the rest of the land, the possession being left undisturbed. Provided that when it shall appear that the excess has been caused by the surreptitious usurpation of ground belonging to another tenure, the act of the Collector in assessing it shall not prejudice the holder of such other tenure in any effort he may make to recover the ground usurped from it. An appeal shall lie to the Board of Revenue against any extra assessment or additional rent charged by the Collector for excess by measurement under this Section, if preferred within six months from the date of the Collector's order. Upon such appeal the decision of the Board of Revenue shall be final.

VII. If any owner of assessed land, or any person holding land subject to a rent payable to the East India Company, shall, upon the written demand of the Collector, refuse or neglect to pay any sum at which the land is assessed, or with which it is charged as rent, the Collector may levy the same by distress and sale of the goods and chattels, wherever found, of such owner or lessee; or, after written demand upon the tenant or occupier, and on his refusal or neglect to pay the sum lawfully demanded, by distress and sale of any goods and chattels found upon the land, in the manner appointed for regulating distresses for small rents in Calcutta by Act VII. 1847, extended to Madras by Section 89, Act IX. 1850, and for the purpose of any such distress and sale, the Collector shall have all the powers of a Judge of the Court of Small Causes under Section 89, Act IX. 1850 aforesaid; and the Collector shall have power to appoint any of his Officers to perform the duties of Bailiffs and Appraisers, and of the Chief Clerk of the said Court, as provided by the said Act VII. of 1847, and all the provisions of the said Act relating to the Commissioners for the recovery of small debts and their Court, shall be deemed to apply to the said Collector and his Office in the execution of this Act.

VIII. In the case of payment by any tenant or occupier not holding immediately under the East India Company, or the seizure and sale of

his property, he may deduct the amount of the payment or levy from the next payment of rent to his landlord.

IX. The claim of the East India Company for land revenue or rent has priority over all other claims upon the land, or to which property distrained upon the land may be liable.

X. If the Collector's claim for arrears of rent is disputed, the process of distraint and sale shall not be stayed, unless the amount claimed be lodged with the Collector.

XI. Arrears of rent or revenue due to the East India Company are recoverable within six years next after the same are due, or next after an acknowledgment of the same in writing has been given by the person by whom the same is payable, or his Agent, and not afterwards.

XII. When a claim to hold land lakiraj, or free of assessment, shall be set up under this Act, the Collector shall inquire into the claim; taking such evidence as the claimant may offer, or the public records supply; and shall report his proceedings in the case for the consideration of the Board of Revenue. If the Board of Revenue are satisfied of the validity of the claim, they shall make an order accordingly, and such order shall be final. If they are not satisfied of the validity of the claim, they shall direct the Collector to assess the land, leaving the claimant to contest the Collector's demand in the Civil Courts, as herein provided.

XIII. Any person obstructing or molesting the Collector, or any of his subordinate officers in the execution of their duty, shall, on conviction before a Magistrate of the Town of Madras, be liable to a fine not exceeding five hundred rupees, and, in default of payment, to imprisonment in the common gaol for a term not exceeding six months, or until the fine is sooner paid.

XIV. The Collector may punish any contempt committed in his presence in open cutcherry or office, by fine not exceeding two hundred rupees, and, in default of payment, by imprisonment in the common gaol for a term not exceeding one month. From every such order of fine or imprisonment an appeal shall lie to the Board of Revenue, whose decision shall be final.

XV. The Collector shall act in the execution of this Act, under the usual control of the superior revenue authorities.

XVI. The ground rents payable to the East India Company from lands in Madras are revenue within the meaning of the Act of Parliament, 21 Geo. III. Cap. 70; and the Supreme Court of Judicature established by Royal Charter at Madras has not any civil jurisdiction concerning the said ground rents, or concerning any thing ordered or done in the assessment or collection thereof.

XVII. All actions concerning any trespass or injury committed by any revenue officer, acting under colour of this Act, or concerning any claim in respect of any goods taken by, or any monies paid to, any revenue officer under this Act, or concerning any claim of rent or revenue on the part of the East India Company under this Act, shall be tried and determined in the Civil Courts established by the East India Company, in the Zillah of Chingleput, notwithstanding that the cause of action in respect of which such action is brought, arose, or the defendant therein reside, within the limits of the Town of Madras, and every such action shall be brought within six months after the cause of action arose, and not afterwards.

XVIII. The words "Collector" and "Board of Revenue" used in this Act, shall be taken to mean any person or persons lawfully appointed to exercise the powers vested in the Collector and Board of Revenue respectively under this Act.

Secy. to the Govt. of India.

Read a Despatch from the Hon'ble the Court of Directors in the Public Department, No. 22 of 1851, dated the 3rd September.

The following Act is brought up before the Legislative Council this day. Resolved, that the Rules requiring that all Acts shall be brought up for second reading in two months or in three months, from the date of the first reading, be suspended in respect to the following proposed Act, and that it be at once passed into Law, the assent of the Most Noble the Governor General of India having been obtained and recorded.

ACT NO. XIII. OF 1851.

An Act to amend Act No. V. of 1851.

Whereas by Section III. of Act No. V. of 1851, it was, among other things, enacted, that the Accountant General of Bengal was authorized and required from time to time, to direct the Sub-Treasurer to pay, and the Sub-Treasurer should thereupon pay out of the monies of the East India Company in his custody, such sums as would be sufficient to pay off and discharge to such persons as should appear to be entitled thereunto as the lawful representatives of the Intestates and others named in the Schedules A. B. C. D. annexed to the Report therein mentioned, the several principal sums of money which, upon the final adjustment of the accounts of their several claims and estates, should appear to have been due to them respectively from Sir Thomas Turton, on the 25th day of February 1848, and to be then still due and unsatisfied: And whereas the Court of Directors of the East India Company, acting in pursuance of the power and authority to them given and reserved by the 44th Section of an Act of Parliament, passed in the 4th year of the reign of his late Majesty King William the Fourth, entituled "an Act for effecting "an arrangement with the East India Company, "and for the better government of His Majesty's "Indian Territories till the 30th day of April "1854," have signified to the Governor General in Council their disallowance of so much of the said third Section of Act No. V. of 1851, hereinbefore recited, as relates to the payment and discharge to the lawful representatives of the Intestates and others named in the said Schedules B. and D. of the several principal sums of money therein mentioned; It is enacted as follows:

I. So much of the 3rd Section of Act No. V. of 1851, hereinbefore recited, as relates to the payment and discharge to the lawful representatives of the Intestates and others named in the said Schedules B. and D. of the several principal sums of money therein mentioned, is hereby repealed.

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners:—*

The *High Lighthouse* is N. Lat. 58° 50′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ¼ E. and N.W. ¼ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart, half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is now seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ¼ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Rysa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ¼ W. and N.N.W. ½ W., will be shewn from the High

Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen in Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

" For every vessel belonging to the United Kingdom " of Great Britain and Ireland (the same not belonging " to Her Majesty, her heirs and successors, or being " navigated wholly in ballast), and for every Foreign " Vessel which, by any Act of Parliament, Order in " Council, Convention or Treaty, shall be privileged to " enter the Ports of the said United Kingdom, upon " paying the same duties of Tonnage as are paid by " Vessels belonging to the United Kingdom (the same " not being navigated wholly in ballast) which shall " arrive at, or depart from, the Port of Stromness or its " dependent creeks in Orkney, or which shall pass in " either direction through the Pentland Firth, between " the Island of Pomona or the Mainland of Orkney, and " Dunnethead in Caithness, the Toll of one *Farthing* " per Ton of the Burden of every such Vessel, for each " time of passing or deriving benefit from the said " Lights, if on a Coasting Voyage, and Double the said " Toll for passing or deriving benefit on an Oversea " Voyage; and for each Foreign Vessel navigated as " aforesaid not privileged in manner hereinbefore men- " tioned, Double the amount of the respective Tolls " hereinbefore specified."

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2,800 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money, of the amount for which each lot is knocked down, or for Rupees 1,000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Saturday, 17th January, or on the other hand failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered

in, shall be re-sold at such time or times and under such Conditions of Re-sale as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such Re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned Condition if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 17th January, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1852, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent, even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any Public Securities that may have been deposited on account of such lots or chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale, on the part of the Board of Revenue, is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bond fide* bidder, for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased, the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said Twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue.

No. 1.—Certificate of the Opium now advertized for Sale.

No. 2.—Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1850-51, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further, that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight,

abstraction of Opium or adulteration of the Drug, which may be preferred in reference to Chests after the sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned the following quantities, more or less, of Behar and Benares Opium of 1850-51, will be brought to Sale in the year 1852, on or about the dates specified below:

It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for Sale at the Twelve Sales in the Months of January, February, March, April, May, June, July, August, September, October, November and December 1852, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity, not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this advertizement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 33,561 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article 6th. *Article of the Convention above referred to.* "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be determined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

Lakiraj tenures of land in Madras, of which uninterrupted possession has been held under alleged grants, exempt or partially exempt from assessment for sixty years, shall be valid; no other lakiraj tenures of land in Madras shall be deemed valid, unless the same are or shall be held under an unexpired grant from the British Government.

III. The Collector of Madras shall determine the rate of assessment to be laid on assessable land under Section I. of this Act, with reference to the rate assessed upon other land of a similar description in the neighbourhood, subject to an appeal to the Board of Revenue, to be made within six months from the notification by the Collector of the assessment fixed by him. The decision of the Board of Revenue upon such appeal shall be final.

IV. The Collector may order any assessable land, or land already assessed, or charged with a rent payable to the East India Company, to be measured, for the purpose of determining the amount of assessment to be imposed, or, in the case of land already assessed or charged with a rent, for the purpose of ascertaining whether the actual dimensions, and the dimensions upon which the amount of assessment or rent, was calculated, correspond.

V. Whenever, upon the measurement of any land under the preceding Section, it shall be found that the dimensions upon which the amount of assessment or rent was calculated exceed the actual dimensions, a proportionate abatement shall be made for the excess, on the demand of the party entitled to claim it.

VI. On the other hand, when the actual dimensions exceed the dimensions upon which the amount of assessment or rent was calculated, the excess shall be charged at the same rate as the rest of the land, the possession being left undisturbed. Provided that when it shall appear that the excess has been caused by the surreptitious usurpation of ground belonging to another tenure, the act of the Collector in assessing it shall not prejudice the holder of such other tenure in any effort he may make to recover the ground usurped from it. An appeal shall lie to the Board of Revenue against any extra assessment or additional rent charged by the Collector for excess by measurement under this Section, if preferred within six months from the date of the Collector's order. Upon such appeal the decision of the Board of Revenue shall be final.

VII. If any owner of assessed land, or any person holding land subject to a rent payable to the East India Company, shall, upon the written demand of the Collector, refuse or neglect to pay any sum at which the land is assessed, or with which it is charged as rent, the Collector may levy the same by distress and sale of the goods and chattels, wherever found, of such owner or lessee; or, after written demand upon the tenant or occupier, and on his refusal or neglect to pay the sum lawfully demanded, by distress and sale of any goods and chattels found upon the land, in the manner appointed for regulating distresses for small rents in Calcutta by Act VII. 1847, extended to Madras by Section 89, Act IX. 1850, and for the purpose of any such distress and sale, the Collector shall have all the powers of a Judge of the Court of Small Causes under Section 89, Act IX. 1850 aforesaid; and the Collector shall have power to appoint any of his Officers to perform the duties of Bailiffs and Appraisers, and of the Chief Clerk of the said Court, as provided by the said Act VII. of 1847, and all the provisions of the said Act relating to the Commissioners for the recovery of small debts and their Court, shall be deemed to apply to the said Collector and his Office in the execution of this Act.

VIII. In the case of payment by any tenant or occupier not holding immediately under the East India Company, or the seizure and sale of his property, he may deduct the amount of the payment or levy from the next payment of rent to his landlord.

IX. The claim of the East India Company for land revenue or rent has priority over all other claims upon the land, or to which property distrained upon the land may be liable.

X. If the Collector's claim for arrears of rent is disputed, the process of distraint and sale shall not be stayed, unless the amount claimed be lodged with the Collector.

XI. Arrears of rent or revenue due to the East India Company are recoverable within six years next after the same are due, or next after an acknowledgment of the same in writing has been given by the person by whom the same is payable, or his Agent, and not afterwards.

XII. When a claim to hold land lakiraj, or free of assessment, shall be set up under this Act, the Collector shall inquire into the claim; taking such evidence as the claimant may offer, or the public records supply; and shall report his proceedings in the case for the consideration of the Board of Revenue. If the Board of Revenue are satisfied of the validity of the claim, they shall make an order accordingly, and such order shall be final. If they are not satisfied of the validity of the claim, they shall direct the Collector to assess the land, leaving the claimant to contest the Collector's demand in the Civil Courts, as herein provided.

XIII. Any person obstructing or molesting the Collector, or any of his subordinate officers in the execution of their duty, shall, on conviction before a Magistrate of the Town of Madras, be liable to a fine not exceeding five hundred rupees, and, in default of payment, to imprisonment in the common gaol for a term not exceeding six months, or until the fine is sooner paid.

XIV. The Collector may punish any contempt committed in his presence in open cutcherry or office, by fine not exceeding two hundred rupees, and, in default of payment, by imprisonment in the common gaol for a term not exceeding one month. From every such order of fine or imprisonment an appeal shall lie to the Board of Revenue, whose decision shall be final.

XV. The Collector shall act in the execution of this Act, under the usual control of the superior revenue authorities.

XVI. The ground rents payable to the East India Company from lands in Madras are revenue within the meaning of the Act of Parliament, 21 Geo. III. Cap. 70; and the Supreme Court of Judicature established by Royal Charter at Madras has not any civil jurisdiction concerning the said ground rents, or concerning any thing

ordered or done in the assessment or collection thereof.

XVII. All actions concerning any trespass or injury committed by any revenue officer, acting under colour of this Act, or concerning any claim in respect of any goods taken by, or any monies paid to, any revenue officer under this Act, or concerning any claim of rent or revenue on the part of the East India Company under this Act, shall be tried and determined in the Civil Courts established by the East India Company, in the Zillah of Chingleput, notwithstanding that the cause of action in respect of which such action is brought, arose, or the defendant therein reside, within the limits of the Town of Madras, and every such action shall be brought within six months after the cause of action arose, and not afterwards.

XVIII. The words "Collector" and "Board of Revenue" used in this Act, shall be taken to mean any person or persons lawfully appointed to exercise the powers vested in the Collector and Board of Revenue respectively under this Act.

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners :—*

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ¼ E. and N.W. ¼ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ½ W. and N.N.W. ½ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen in Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

" For every vessel belonging to the United Kingdom " of Great Britain and Ireland (the same not belonging " to Her Majesty, her heirs and successors, or being " navigated wholly in ballast), and for every Foreign " Vessel which, by any Act of Parliament, Order in " Council, Convention or Treaty, shall be privileged to " enter the Ports of the said United Kingdom, upon " paying the same duties of Tonnage as are paid by " Vessels belonging to the United Kingdom (the same " not being navigated wholly in ballast) which shall " arrive at, or depart from, the Port of Stromness or its " dependent creeks in Orkney, or which shall pass in " either direction through the Pentland Firth, between " the Island of Pomona or the Mainland of Orkney, and " Dunnethead in Caithness, the Toll of one *Farthing* " per Ton of the Burden of every such Vessel, for each " time of passing or deriving benefit from the said " Lights, if on a Coasting Voyage, and Double the said " Toll for passing or deriving benefit on an Oversea " Voyage; and for each Foreign Vessel navigated as " aforesaid not privileged in manner hereinbefore men- " tioned, Double the amount of the respective Tolls " hereinbefore specified."

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19¼′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49¼′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59¼ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63° 26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

Read a Despatch from the Hon'ble the Court of Directors in the Public Department, No. 22 of 1851, dated the 3rd September.

The following Act is brought up before the Legislative Council this day. Resolved, that the Rules requiring that all Acts shall be brought up for second reading in two months or in three months, from the date of the first reading, be suspended in respect to the following proposed Act, and that it be at once passed into Law, the assent of the Most Noble the Governor General of India having been obtained and recorded.

Act No. XIII. of 1851.

An Act to amend Act No. V. of 1851.

Whereas by Section III. of Act No. V. of 1851, it was, among other things, enacted, that the Accountant General of Bengal was authorized and required from time to time, to direct the Sub-Treasurer to pay, and the Sub-Treasurer should thereupon pay out of the monies of the East India Company in his custody, such sums as would be sufficient to pay off and discharge to such persons as should appear to be entitled thereunto as the lawful representatives of the Intestates and others named in the Schedules A. B. C. D. annexed to the Report therein mentioned, the several principal sums of money which, upon the final adjustment of the accounts of their several claims and estates, should appear to have been due to them respectively from Sir Thomas Turton, on the 25th day of February 1848, and to be then still due and unsatisfied: And whereas the Court of Directors of the East India Company, acting in pursuance of the power and authority to them given and reserved by the 44th Section of an Act of Parliament, passed in the 4th year of the reign of his late Majesty King William the Fourth, entituled "an Act for effecting "an arrangement with the East India Company, "and for the better government of His Majesty's "Indian Territories till the 30th day of April "1854," have signified to the Governor General in Council their disallowance of so much of the said third Section of Act No. V. of 1851, hereinbefore recited, as relates to the payment and discharge to the lawful representatives of the Intestates and others named in the said Schedules B. and D. of the several principal sums of money therein mentioned; It is enacted as follows:

I. So much of the 3rd Section of Act No. V. of 1851, hereinbefore recited, as relates to the payment and discharge to the lawful representatives of the Intestates and others named in the said Schedules B. and D. of the several principal sums of money therein mentioned, is hereby repealed.

Ordered, that the Act be promulgated for general information.

I. Regulation I. of 1832, of the Bengal Code, is hereby repealed.

II. The said tract of land being part of the district of Cawnpore, all Laws and Regulations now in force within such district, shall be in force in the said tract of land.

III. IV. Provided always, that no Court shall try or determine any case, Civil or Criminal, with respect to which a final decision may have been pronounced, previous to the said 28th day of December 1850, by any Court or person within the said tract of land, having at the time of such decision, lawful power and authority to pronounce it.

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by MR. ALAN STEVENSON, *Engineer to the Commissioners :—*

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ½ E. and N.W. ½ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ½ W. and N.N.W. ½ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen* in *Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

" For every vessel belonging to the United Kingdom " of Great Britain and Ireland (the same not belonging " to Her Majesty, her heirs and successors, or being " navigated wholly in ballast), and for every Foreign " Vessel which, by any Act of Parliament, Order in " Council, Convention or Treaty, shall be privileged to " enter the Ports of the said United Kingdom, upon " paying the same duties of Tonnage as are paid by " Vessels belonging to the United Kingdom (the same " not being navigated wholly in ballast) which shall " arrive at, or depart from, the Port of Stromness or its " dependent creeks in Orkney, or which shall pass in " either direction through the Pentland Firth, between " the Island of Pomona or the Mainland of Orkney, and " Dunnethead in Caithness, the Toll of one *Farthing* " per Ton of the Burden of every such Vessel, for each " time of passing or deriving benefit from the said " Lights, if on a Coasting Voyage, and Double the said " Toll for passing or deriving benefit on an Overseas " Voyage; and for each Foreign Vessel navigated as " aforesaid not privileged in manner hereinbefore men- " tioned, Double the amount of the respective Tolls " hereinbefore specified."

described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased, the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said Twenty-five, but not otherwise.

14th. 16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1850-51, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further, that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium or adulteration of the Drug, which may be preferred in reference to Chests after the sale and delivery of the Opium for shipment.

ORIENTAL CLUB.

REPORT OF THE COMMITTEE OF MANAGEMENT.

6TH MAY, 1850.

THE Committee of Management of the Oriental Club have the honor, in accordance with the regulations, to submit to the Annual General Meeting an Abstract Statement of the Receipt and Expenditure, from Christmas 1848 to Christmas 1849. It will be perceived that the Subscriptions and Entrances amount to £5761, being £87 short of the Estimate, and which deficiency is accounted for by a small falling off in the numerical strength of the Club between the 1st April and 31st October 1849, as compared with same period of the preceding year. The statement in the margin* shows the casualties of the year, with the present number of Members. The total Receipts (exclusive of a balance of £613. 1*s.* 9*d.*) have fallen short of the preceding year by £815. 15*s.*; the respective amounts being £6384. 8*s.* 2*d.* in 1849 against £7200. 3*s.* 2*d.* in 1848.

The surplus receipt of 1849, after the discharge of all current liabilities, amounted to £886. 14*s.* 9*d.* Although the Committee consider the Club House and Property full and ample security for the Debenture debt of the Club, (£15,000 at 4 per cent. interest) they nevertheless recommend that a part of the surplus funds of the Club be annually laid out by the Committee in the purchase of Club Debentures, until said debt has been reduced to £10,000,†

The estimates of the present year have been carefully framed. The accounts for the past year have been duly audited. The prescribed engagements have been taken from the tradesmen of the Club, and all liabilities (except the Debenture debt) have been discharged up to 1st of April.

In conclusion, the Committee trust that the result of the past year's receipt and expenditure is clearly and satisfactorily shown, and thereby that the general comforts and convenience of their fellow Members have been, on all occasions, as far as in them lay, duly consulted.

Act No. XIV. of 1851.

An Act for consolidating the laws for collecting a Revenue of Excise on Spirituous Liquors and Intoxicating Drugs in the Settlement of Prince of Wales' Island, Singapore and Malacca.

I. Regulations II., IV., and V. of 1830, passed by the Governor of Prince of Wales' Island, Singapore and Malacca in Council, Regulation IV. of 1831 and Act No. V. of 1839, passed by the President of the Council of India in Council, and Regulation X. of 1833, passed by the Governor General of India in Council, are repealed.

III. Any person in whom the exclusive right of making Chandoo or other preparation of Opium for smoking, and of retailing Opium in smaller quantities than one chest shall be vested, shall be called the "*Opium Farmer* of Prince of Wales' Island, or of Singapore, or of Malacca, as the case may be;" and the person in whom the exclusive right of retailing Spirituous Liquors and Arrack in less quantities than One Hundred and Sixty Gallons, and of making and distilling Arrack and Spirituous Liquors shall be vested, shall be called the "*Spirit Farmer* of Prince of Wales' Island, or of Singapore, or of Malacca, as the case may be;" and the person in whom the exclusive right of selling Toddy and Bang shall be vested, shall be called the "*Toddy Farmer* of Prince of Wales' Island, or of Singapore, or of Malacca, as the case may be."

IV. The number of Houses or Shops to be severally registered under this Act for the retailing, or smoking of Chandoo or prepared Opium, and for retailing Spirituous Liquors and Arrack, and for the retail of Toddy or Bang, within the said Settlement and places, shall be determined, from time to time, by the Governor or other Chief Civil Authority of the said Settlement, or by such public Officer or Officers as he may authorize for

that purpose; and the said Houses or Shops shall, as regards their situation and hours for opening and closing, be subject to such Rules and penalties as the said Governor or other Chief Civil Authority shall, from time to time, make in that behalf.

V. ACT No. —— OF 1851.

An Act to repeal Regulation I. of 1832, *of the Bengal Code.*

Whereas a tract of land situated near the town of Bithoor in the district of Cawnpore was granted by the British Government as a jagheer during pleasure to the Maharajah Bajee Row Behadoor; and whereas by Regulation I. of 1832 of the Bengal Code, it was (among other things) enacted, that from and after the passing of that Regulation, the jurisdiction of the Courts of Civil and Criminal judicature, and the operation of the General Regulations, should not extend to the tract of land aforesaid, and that the said Maharajah should exercise the Civil and Criminal administration of the jagheer, subject to such control as therein mentioned; and whereas the said Maharajah Bajee Row died on the 28th day of December 1850, and it is now expedient to repeal the said Regulation I. of 1832; It is declared and enacted as follows:

I. Regulation I. of 1832, of the Bengal Code, is hereby repealed.

II. The said tract of land being part of the district of Cawnpore, all Laws and Regulations now in force within such district, shall be in force in the said tract of land.

III. All cases, Civil or Criminal, in which the cause of action arose, or the offence was committed within the said tract of land before the passing of this Act, may be tried and determined by the Courts of the said district of Cawnpore, and the General Laws and Regulations now in force in such district may be applied and administered by the said Courts in the trial and determination of such cases; but if in any case it shall appear that the application of the said Laws and Regulations would operate unjustly if applied to the trial and determination of such case, it shall be lawful for such Courts to try and determine the same according to equity and good conscience.

IV. Provided always, that no Court shall try or determine any case, Civil or Criminal, with respect to which a final decision may have been pronounced, previous to the said 28th day of December 1850, by any Court or person within the said tract of land, having at the time of such decision, lawful power and authority to pronounce it.

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners :—*

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ¼ E. and N.W. ¼ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not

seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners* :—

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ¼ E. and N.W. ¼ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ¼ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ¼ W. and N.N.W. ¼ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen in Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

" For every vessel belonging to the United Kingdom " of Great Britain and Ireland (the same not belonging " to Her Majesty, her heirs and successors, or being " navigated wholly in ballast), and for every Foreign " Vessel which, by any Act of Parliament, Order in " Council, Convention or Treaty, shall be privileged to " enter the Ports of the said United Kingdom, upon " paying the same duties of Tonnage as are paid by " Vessels belonging to the United Kingdom (the same " not being navigated wholly in ballast) which shall " arrive at, or depart from, the Port of Stromness or its " dependent creeks in Orkney, or which shall pass in " either direction through the Pentland Firth, between " the Island of Pomona or the Mainland of Orkney, and " Dunnethead in Caithness, the Toll of one *Farthing* " per Ton of the Burden of every such Vessel, for each " time of passing or deriving benefit from the said " Lights, if on a Coasting Voyage, and Double the said " Toll for passing or deriving benefit on an Oversea " Voyage; and for each Foreign Vessel navigated as " aforesaid not privileged in manner hereinbefore men- " tioned, Double the amount of the respective Tolls " hereinbefore specified."

The Officer superintending the Sale, on the part of the Board of Revenue, is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder, for a lot after it has been offered for Sale in the mode here

described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased, the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said Twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue.

No. 1.—Certificate of the Opium now advertized for Sale.

No. 2.—Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1850-51, the same precautions have been teken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further, that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium or adulteration of the Drug, which may be preferred in reference to Chests after the sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned the following quantities, more or less, of Behar and Benares Opium of 1850-51, will be brought to Sale in the year 1852, on or about the dates specified below;

If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 33,561 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose....

Article 6th. "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such sup- "ply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be de- "termined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners :—*

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ½ E. and N.W. ½ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ½ W. and N.N.W. ½ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 37° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen in Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

An Act to facilitate the enforcement of Judgments in places beyond the jurisdiction of the Courts pronouncing the same.

I. Every judgment passed by any Court of Her Majesty, or of the East India Company, in any Presidency, or in any extra Regulation Province, or Territory possessed by the East India Company, before the 22nd day of April 1834, shall be recognized, enforced, and carried into execution in manner hereinafter mentioned, by any other of the said Courts.

II. Every party who has obtained a judgment in any of the said Courts, and cannot enforce, or obtain execution of the same within the jurisdiction of such Court, and is desirous of enforcing, or obtaining execution of the same in any other Presidency, or in any other Province or Territory as aforesaid, shall apply to the Court which has pronounced such judgment for a Roobakarree, or letter of request to the Court of the place where he is desirous of enforcing, or obtaining execution of such judgment, requiring such last mentioned Court to enforce, or obtain execution of the same, and the said last mentioned Court, on receipt of such Roobakarree, or letter of request, shall proceed to enforce, or obtain execution of such judgment according to the tenor thereof, in the same manner as if such judgment had been pronounced by such last mentioned Court.

Resolution.—The President in Council resolves that the following amended Draft on the subject be published for general information.

ACT No. —— OF 1851.

For constituting Commissioners for the Improvement of the Town of Calcutta.

Whereas Act XVI. of 1847 for constituting Commissioners for the improvement of the Town of Calcutta has been found inconvenient and ineffectual for the intended purposes thereof, It is enacted as follows:

I. Act XVI. of 1847 is repealed, except as to any thing done, or forborne to be done, under the said Act before the passing of this Act, but not so as to revive Act XX. of 1840. Provided always that the taxes leviable under Act XVI. of 1847 on the owners or users of Carriages, Carts and Horses, may still be assessed and imposed on such owners or users for the last quarter or part of a quarter previous to the passing of this Act, and all taxes and arrears of taxes assessed and imposed on the owners or users of Carriages, Carts and Horses under Act XVI. of 1847, and not collected at the time this Act comes into operation, may be levied and recovered as if the said Act XVI. of 1847 were not repealed.

II. The scheme of election agreed upon by the owners and occupiers of assessed houses, buildings and lands in each division of the Town, and the rules made by the Commissioners, severally approved by the Deputy Governor of the Presidency of Fort William in Bengal, and President of the Council of India in Council, in pursuance of the said Act, are rescinded and annulled. Provided always that all taxes and arrears of taxes assessed and imposed on the owners or users of Carriages, Carts and Horses under Act XVI. of 1847 and Section I. of this Act, and not collected at the time this Act comes into operation, may be levied and recovered as if the said Rules were not repealed.

III. For the purposes of this Act the Town of Calcutta shall be divided into two divisions; that is to say, a northern and southern division, by a line passing from the river Hooghly at the old Fort Ghaut along the centre of Fairlie Place, Clive Street, the street on the northern side of Tank Square, Loll Bazaar, Bow Bazaar and Boitaconnah; or such other two divisions as the Governor of the Presidency of Fort William in Bengal, from time to time, may appoint: and, whenever any such new division shall be made, the provisions of this Act, with respect to the divisions herein defined, shall be deemed to apply thenceforth to such new divisions.

IV. There shall be four Commissioners for executing the powers of this Act, who shall be styled the Commissioners for the Improvement of the Town of Calcutta, of whom two shall be appointed by the Governor of the Presidency of Fort William in Bengal, and two shall be elected as hereinafter provided, that is to say, one for each division of the said Town.

V. The Commissioners shall enter upon their office on the First day of January in each year, and shall hold their office regularly for one year, or until their successors are duly constituted; and until the first constitution of Commissioners under this Act, the Commissioners now acting in the execution of the said Act XVI. of 1847, shall exercise the powers of this Act, and shall be deemed Commissioners under this Act.

VI. Every person is entitled to one vote in the election of a Commissioner under this Act, who is the owner of a house, building or ground in either division of the said Town, and is assessed at not less than ten rupees tax in the whole for a quarter of a year, in respect of such house, building or ground, and who, on or before the 20th day of November in each year, has paid all such taxes due from him up to the last day of June, in the same year.

VII. Every person is entitled to one vote in the election of a Commissioner under this Act, who is the occupier of any house, building or ground in either division of the said Town, and who pays a monthly rent of not less than rupees seventy in respect of such house, building or ground.

VIII. Each voter is entitled to vote in that division only, in which he is assessed to the amount which constitutes his qualification: but any person, who is assessed or pays rent to the qualifying amount in each division, may be entitled to vote in both. No person shall be entitled to two votes in any one division by reason of his being both an owner and occupier to the qualifying amounts respectively in such division.

IX. All elections under this Act shall be under the management of the Sheriff of Calcutta, who shall appoint a sufficient number of Deputies to help him in presiding thereat: and every Deputy, while so acting for the Sheriff, shall have the same powers and duties as the Sheriff with respect to the division for which he is acting.

X. The elective Commissioners shall be chosen yearly, on a day between the First and Twentieth days of December, to be appointed in each year by the Sheriff of Calcutta, of which day, and also of the place of election, the Sheriff shall give notice, by advertisement in the *Calcutta Gazette*, Fifteen days at least before the day of election.

XI. The place of election for each division of the Town shall be the Town Hall of Calcutta, or such other place as the Sheriff, with the sanction of the Governor of the Presidency of Fort William in Bengal, shall, from time to time, appoint.

XII. The voting shall begin at eight of the clock in the morning, and end at five of the clock in the afternoon of the appointed day.

XIII. Every person qualified to vote in the election, and none other, is qualified to be a candidate for election as a Commissioner.

XIV. Every candidate shall, ten days at least before the day of election, give notice thereof in writing to the Sheriff, naming the division for which he is a candidate, and shall at the same time produce to, and leave with, the Sheriff a certificate from the Secretary to the Commissioners that he is qualified to be a candidate, which certificate the Secretary shall be bound to give without fee or charge, on personal application, to any person duly qualified.

XV. All expenses of the election of Commissioners, including the expense of advertising the time and place of election, shall be defrayed by the candidates; and every candidate shall, at the time when he produces to the Sheriff his certificate of qualification, deposit with the Sheriff the sum of two hundred rupees toward the expenses of the election, and in default thereof shall not be qualified to be elected.

XVI. If the whole amount so deposited shall not be spent by the Sheriff in such election, the residue shall be returned to the candidates in equal proportions; and, if the whole amount so deposited is not enough to defray the expense of such election, the Sheriff shall be entitled to receive from each candidate his proportionate share of the surplus expense, and in default of payment may sue for, and recover the same, as money spent on behalf of such candidate.

XVII. The Commissioners shall cause to be prepared, in each year, correct alphabetical lists of the owners qualified to vote in each division of the Town, and also an alphabetical list of the occupiers qualified to vote in each of the said divisions who shall, on or before the 1st day of November in each year, apply to the Commissioners to have their names entered in such lists, and the said lists shall be open for inspection at the office of the said Commissioners, on or before the First day of December in each year, during all reasonable hours of the day, until the day of election, when the said lists, or copies thereof, shall be taken to the place of election for the use of the Sheriff and his Deputies.

XVIII. XLVI. In order that the Justices and Commissioners may be better informed of the value of any house, building, or ground, or in any other matter relating to their duty under this Act, and the execution thereof, the Justices or Commissioners, or any one of them, or their officer duly authorized by them may issue a summons, in the form (D,) contained in the second Schedule annexed to this Act, to any person whom they are desirous of examining for that purpose; and any one or more of the said Justices or Commissioners may examine such person, so summoned, concerning the value of such house, building, or ground, or other matter relating to the assessment; and such examination shall be taken down in writing, in such manner, as the Justices or Commissioners may order; and in case the answers of such person so examined shall appear to the said Justices or Commissioners to be evasive or untrue, or in case the party summoned shall refuse to answer any lawful question of the said Justices or Commissioners, or any one of them, or shall be proved to have refused to receive, or to have wilfully destroyed, defaced, or unlawfully detained any Bill, Summons, or Notice of Demand served upon him, with intent to evade being lawfully rated to the full amount of any of the said taxes due from him, or with intent to avoid, or delay payment thereof, or shall be proved knowingly, or through gross negligence, to have given any false information, either verbally or in writing, to the said Justices or Commissioners, or any of them, or any of their Assessors or Officers, whereby they or any Assessor or person employed by them shall be misled in making any assessment, or in case the party summoned shall refuse, or without lawful excuse neglect to appear before the said Justices or Commissioners, in pursuance of such summons, such person shall, for any of the abovementioned offences, be liable to such penalty, not exceeding one hundred rupees, as shall be set on him by the said Justices or Commissioners, or any one of them.

XLVII. All arrears of taxes and penalties due under the said Statute 33 George III., Act XVI. of 1847, and this Act, and the costs and charges of recovering the same, may be recovered at any time after the day on which the person liable to pay such arrears has been summoned to appear before the Commissioners, or any one or more of them, as provided by Section XLIV. under a warrant to be issued for that purpose, under the hand and seal of one of the said Commissioners, by distress and sale of any goods and chattels within the Town of Calcutta, belonging to the person liable to make good or pay the same, or being at any time within the house or building, or upon the ground in respect of which any such assessment is made: and every such Warrant of Distress may be in the form (E,) contained in the second Schedule annexed to this Act, or to the like effect.

XLVIII. The Bailiff shall make an inventory of all goods and chattels seized under any such warrant, and shall give a notice in writing in the form (F,) contained in the second Schedule annexed to this Act, or to the like effect, to the person in possession thereof at the time of the seizure, that the said goods and chattels will be appraised and sold in manner therein mentioned.

XLIX. If the warrant is not in the meantime discharged or suspended by one or more of the said Commissioners, the goods and chattels seized shall be appraised and sold, and the proceeds thereof shall be applied in discharge of the arrears, or penalty, and costs, and the surplus, if any, shall be returned, on demand, to the person in possession of the goods and chattels at the time of the seizure; and the fees upon every such proceeding shall be such as are contained in the Table contained in the third Schedule annexed to this Act.

L. Instead of proceeding by distress and sale, or in case of failure to realize by distress the whole or any part of the rates, taxes, or penalties under the said Statute 33 Geo. III. Act XVI. of 1847, or this Act, the Commissioners, or any one or more of them, if they think fit, may authorize any Collector or other person to sue the person liable to pay such rates, taxes, or penalties for any arrears of such rates, taxes, or penalties, in the Calcutta Court of Small Causes; and all such suits may be prosecuted by such Collector or other person in the name of the Commissioners; and the costs, if any, incurred in any such suit, which are not recovered in the suit, may be defrayed out of the taxes levied under this Act.

LI. When any Bill, Notice of Demand, Summons, or other proceeding of any kind whatsoever with respect to any Taxes under the said Statute, Act XVI. of 1847, or this Act, is to be issued to the owner of any premises, if his name be not certainly known, it shall be sufficient to address such proceeding to him by the description of the "Owner" of the premises (naming or describing them) in respect of which such proceeding is issued, without further name or description of such owner, and such proceeding may be duly served as hereinafter mentioned; and every Bill, Notice, Summons, or Notice of Demand, may be served personally upon the person to whom the same is addressed, or left with his door-keeper, or some inmate of his place of abode; and when any person shall, by keeping his place of abode or business closed, or by absconding, or by violence or threats, prevent any Officer or Servant of the said Commissioners from serving any Bill, Notice, Summons, or Notice of Demand, as herein directed, such Bill, Notice, Schedule, Summons, or Notice of Demand, shall be duly served, by fixing the same conspicuously on some part of the outer wall, gate, or door of the house or place of business, or of the enclosure in which it stands. In case the place of abode of the Owner be not within the limits of the said Town, it shall be sufficient for the Commissioners to transmit any Bill, Notice, Summons, or Notice of Demand, directed to him by name through the Post.

LII. No distress levied under the authority of this Act shall be unlawful, nor shall any party making the same be deemed a trespasser on account of any defect or want of form in the Notice, Bill, Summons, Notice of Demand, Warrant of Distress, Inventory, or other proceeding relating thereto, nor shall he be a trespasser from the beginning on account of any irregularity afterwards committed by him.

LIII. The said Commissioners shall, from time to time, subject to the approval of the Governor of the Presidency of Fort William in Bengal, make rules for regulating their proceedings under this Act, and for the regulation of the time and manner of demanding and collecting the taxes specified in this Act and for altering any of the forms set forth in the Schedules hereunto annexed, and the said Justices shall, from time to time, subject to the like approval, make Rules for regulating their proceedings under this Act, and for the regulation of the time and manner of assessing the rates specified in this Act.

LIV. The goods and chattels of the owner of any house, building, or ground rated under the said Statute 33, Geo. III., Chapter LII., Section 158, Act XVI. of 1847, or this Act, shall be liable to be distrained anywhere (except goods and chattels concealed as hereinafter mentioned) for deficiency in the payment of rates; and it shall not be necessary in any assessment, rate or tax, or warrant of distress under the said Statute, Act XVI. of 1847, or this Act, to specify the names of the owners of houses, buildings, or grounds; but it shall be sufficient if the house, building, or ground, in respect of which the tax is assessed, be identified, and in the case of houses numbered in any street, that the name of the street and the number of the house be specified.

LV. All goods and chattels, which shall be found upon any premises rated, shall be liable to be distrained for any penalties incurred by any owner thereof, or for any arrears of rates or taxes assessed in respect thereof; and, if the said goods and chattels belong to the occupier of such premises, such occupier may deduct the amount of the levy made upon his goods and chattels, or of any payment made by him in order to prevent such levy, from the following payments of his rent. If they belong to any person other than the occupier of the premises, or if no further rent is payable by such occupier, he may in such case recover the amount so paid or levied by suit in the Calcutta Court of Small Causes from the owner of the premises, as for money paid on his behalf.

LVI. Every person shall be entitled to have from the Secretary to the Commissioners, on application at their Office, and on payment of a fee of four annas, a certificate, specifying the last quarter in respect of which the taxes on account of any house, building, or ground are paid.

LVII. When there is reason to believe that goods and chattels, liable to distress under the said Statute, Act XVI. of 1847, or this Act, are concealed in any zenana, the officer charged with the execution of the warrant shall make a special report to the Commissioner granting the same, who shall thereupon follow as closely as may be, the rules for the seizure of goods and chattels in like cases adopted by Her Majesty's Supreme Court of Judicature.

LVIII. Every person, who wilfully obstructs or molests the said Commissioners, or any one of them, or their Secretary, or any of their Officers or servants in the performance of their respective duties, under the said Act of Parliament, Act XVI. of 1847, or this Act, shall be liable, on summary conviction before a Justice of the Peace on his own confession, or the oath of one or more witnesses, to forfeit and pay a penalty not exceeding fifty rupees.

LIX. No suit shall be brought against the Justices, or Commissioners, or any of them, or their Officers, for any thing done under authority or colour of this Act, until twenty-one days' notice thereof has been given in writing to the person against whom the suit is intended to be brought, nor after sufficient satisfaction or tender thereof has been made to the person aggrieved, nor after three calendar months next after the act committed for which such suit is brought.

LX. In any such suit the defendant may plead the general issue, and give this act and any special matter in evidence on the trial; and, if the act complained of shall appear to have been lawfully done under authority of this Act, or if it shall appear that such suit was brought before such notice given thereof as aforesaid, or that sufficient satisfaction was made or tendered as aforesaid, or if any such suit shall be begun after the end of the said period of three calendar months, judgment shall be given for the defendant.

LXI. If in any such suit judgment be given for the defendant, or if the plaintiff be nonsuited or discontinue the said suit, the defendant shall be entitled to his costs as between attorney and client, and shall have such remedy for recovery thereof, as any defendant has for his costs in any other case by law.

LXII. said Supreme Court, and after such apportionment the lessee of such lands shall, as to all future accruing rent, be liable only to so much of the rent as shall be so apportioned in respect of the lands not required for the purposes of this Act, and as to the lands not so required, and as against the lessee, the lessor shall have all the same rights and remedies for the recovery of such portion of rent as, previously to such apportionment, he had for the recovery of the whole rent reserved by such lease, and all the covenants, conditions, and agreements of such lease, except as to the amount of rent to be paid, shall remain in force with regard to that part of the land which shall not be required for the purposes of this Act, in the same manner as they would have done in case such part only of the land had been included in the lease.

Provided always that the taxes leviable under Act XVI. of 1847 on the owners or users of Carriages, Carts and Horses, may still be assessed and imposed on such owners or users for the last quarter or part of a quarter previous to the passing of this Act, and all taxes and arrears of taxes assessed and imposed on the owners or users of Carriages, Carts and Horses under Act XVI. of 1847, and

not collected at the time this Act comes into operation, may be levied and recovered as if the said Act XVI. of 1847 were not repealed.

II. The scheme of election agreed upon by the owners and occupiers of assessed houses, buildings and lands in each division of the Town, and the rules made by the Commissioners, severally approved by the Deputy Governor of the Presidency of Fort William in Bengal, and President of the Council of India in Council, in pursuance of the said Act, are rescinded and annulled. Provided always that all taxes and arrears of taxes assessed and imposed on the owners or users of Carriages, Carts and Horses under Act XVI. of 1847 and Section I. of this Act, and not collected at the time this Act comes into operation, may be levied and recovered as if the said Rules were not repealed.

XLVI. In order that the Justices and Commissioners may be better informed of the value of any house, building, or ground, or in any other matter relating to their duty under this Act, and the execution thereof, the Justices or Commissioners, or any one of them, or their officer duly authorized by them may issue a summons, in the form (D,) contained in the second Schedule annexed to this Act, to any person whom they are desirous of examining for that purpose; and any one or more of the said Justices or Commissioners may examine such person, so summoned, concerning the value of such house, building, or ground, or other matter relating to the assessment; and such examination shall be taken down in writing, in such manner, as the Justices or Commissioners may order; and in case the answers of such person so examined shall appear to the said Justices or Commissioners to be evasive or untrue, or in case the party summoned shall refuse to answer any lawful question of the said Justices or Commissioners, or any one of them, or shall be proved to have refused to receive, or to have wilfully destroyed, defaced, or unlawfully detained any Bill, Summons, or Notice of Demand served upon him, with intent to evade being lawfully rated to the full amount of any of the said taxes due from him, or with intent to avoid, or delay payment thereof, or shall be proved knowingly, or through gross negligence, to have given any false information, either verbally or in writing, to the said Justices or Commissioners, or any of them, or any of their Assessors or Officers, whereby they or any Assessor or person employed by them shall be misled in making any assessment, or in case the party summoned shall refuse, or without lawful excuse neglect to appear before the said Justices or Commissioners, in pursuance of such summons, such person shall, for any of the abovementioned offences, be liable to such penalty, not exceeding one hundred rupees, as shall be set on him by the said Justices or Commissioners, or any one of them.

XLVII. All arrears of taxes and penalties due under the said Statute 33 George III., Act XVI. of 1847, and this Act, and the costs and charges of recovering the same, may be recovered at any time after the day on which the person liable to pay such arrears has been summoned to appear before the Commissioners, or any one or more of them, as provided by Section XLIV. under a warrant to be issued for that purpose, under the hand and seal of one of the said Commissioners, by distress and sale of any goods and chattels within the Town of Calcutta, belonging to the person liable to make good or pay the same, or being at any time within the house or building, or upon the ground in respect of which any such assessment is made: and every such Warrant of Distress may be in the form (E,) contained in the second Schedule annexed to this Act, or to the like effect.

XLVIII. The Bailiff shall make an inventory of all goods and chattels seized under any such warrant, and shall give a notice in writing in the form (F,) contained in the second Schedule annexed to this Act, or to the like effect, to the person in possession thereof at the time of the seizure, that the said goods and chattels will be appraised and sold in manner therein mentioned.

XLIX. If the warrant is not in the meantime discharged or suspended by one or more of the said Commissioners, the goods and chattels seized shall be appraised and sold, and the proceeds thereof shall be applied in discharge of the arrears, or penalty, and costs, and the surplus, if any, shall be returned, on demand, to the person in possession of the goods and chattels at the time of the seizure; and the fees upon every such proceeding shall be such as are contained in the Table contained in the third Schedule annexed to this Act.

L. Instead of proceeding by distress and sale, or in case of failure to realize by distress the whole or any part of the rates, taxes, or penalties under the said Statute 33 Geo. III. Act XVI. of 1847, or this Act, the Commissioners, or any one or more of them, if they think fit, may authorize any Collector or other person to sue the person liable to pay such rates, taxes, or penalties for any arrears of such rates, taxes, or penalties, in the Calcutta Court of Small Causes; and all such suits may be prosecuted by such Collector or other person in the name of the Commissioners; and the costs, if any, incurred in any such suit, which are not recovered in the suit, may be defrayed out of the taxes levied under this Act.

LI. When any Bill, Notice of Demand, Summons, or other proceeding of any kind whatsoever with respect to any Taxes under the said Statute, Act XVI. of 1847, or this Act, is to be issued to the owner of any premises, if his name be not certainly known, it shall be sufficient to address such proceeding to him by the description of the "Owner" of the premises (naming or describing them) in respect of which such proceeding is issued, without further name or description of such owner, and such proceeding may be duly served as hereinafter mentioned; and every Bill, Notice, Summons, or Notice of Demand, may be served personally upon the person to whom the same is addressed, or left with his door-keeper, or some inmate of his place of abode; and when any person shall, by keeping his place of abode or business closed, or by absconding, or by violence or threats, prevent any Officer or Servant of the said Commissioners from serving any Bill, Notice, Summons, or Notice of Demand, as herein directed, such Bill, Notice, Schedule, Summons, or Notice of Demand, shall be duly served, by fixing the same conspicuously on some part of the outer wall, gate, or door of the house or place of business, or of the enclosure in which it stands. In case the place of abode of the Owner be not within the limits of the said Town, it shall be sufficient for the Commissioners to transmit any Bill, Notice, Summons, or Notice of Demand, directed to him by name through the Post.

LII. No distress levied under the authority of this Act shall be unlawful, nor shall any party making the same be deemed a trespasser on account of any defect or want of form in the Notice, Bill, Summons, Notice of Demand, Warrant of Distress, Inventory, or other proceeding relating thereto, nor shall he be a trespasser from the beginning on account of any irregularity afterwards committed by him.

LIII. The said Commissioners shall, from time to time, subject to the approval of the Governor of the Presidency of Fort William in Bengal, make rules for regulating their proceedings under this Act, and for the regulation of the time and manner of demanding and collecting the taxes specified in this Act and for altering any of the forms set forth in the Schedules hereunto annexed, and the said Justices shall, from time to time, subject to the like approval, make Rules for regulating their proceedings under this Act, and for the regulation of the time and manner of assessing the rates specified in this Act.

LIV. The goods and chattels of the owner of any house, building, or ground rated under the said Statute 33, Geo. III., Chapter LII., Section 158, Act XVI. of 1847, or this Act, shall be liable to be distrained anywhere (except goods and chattels concealed as hereinafter mentioned) for deficiency in the payment of rates; and it shall not be necessary in any assessment, rate or tax, or warrant of distress under the said Statute, Act XVI. of 1847, or this Act, to specify the names of the owners of houses, buildings, or grounds; but it shall be sufficient if the house, building, or ground, in respect of which the tax is assessed, be identified, and in the case of houses numbered in any street, that the name of the street and the number of the house be specified.

LV. All goods and chattels, which shall be found upon any premises rated, shall be liable to be distrained for any penalties incurred by any owner thereof, or for any arrears of rates or taxes assessed in respect thereof; and, if the said goods and chattels belong to the occupier of such premises, such occupier may deduct the amount of the levy made upon his goods and chattels, or of any payment made by him in order to prevent such levy, from the following payments of his rent. If they belong to any person other than the occupier of the premises, or if no further rent is payable by such occupier, he may in such case recover the amount so paid or levied by suit in the Calcutta Court of Small Causes from the owner of the premises, as for money paid on his behalf.

LVI. Every person shall be entitled to have from the Secretary to the Commissioners, on application at their Office, and on payment of a fee of four annas, a certificate, specifying the last quarter in respect of which the taxes on account of any house, building, or ground are paid.

LVII. When there is reason to believe that goods and chattels, liable to distress under the said Statute, Act XVI. of 1847, or this Act, are concealed in any zenana, the officer charged with the execution of the warrant shall make a special report to the Commissioner granting the same, who shall thereupon follow as closely as may be, the rules for the seizure of goods and chattels in like cases adopted by Her Majesty's Supreme Court of Judicature.

LVIII. Every person, who wilfully obstructs or molests the said Commissioners, or any one of them, or their Secretary, or any of their Officers or servants in the performance of their respective duties, under the said Act of Parliament, Act XVI. of 1847, or this Act, shall be liable, on summary conviction before a Justice of the Peace on his own confession, or the oath of one or more witnesses, to forfeit and pay a penalty not exceeding fifty rupees.

LIX. No suit shall be brought against the Justices, or Commissioners, or any of them, or their Officers, for any thing done under authority or colour of this Act, until twenty-one days' notice thereof has been given in writing to the person against whom the suit is intended to be brought, nor after sufficient satisfaction or tender thereof has been made to the person aggrieved, nor after three calendar months next after the act committed for which such suit is brought.

LX. In any such suit the defendant may plead the general issue, and give this act and any special matter in evidence on the trial; and, if the act complained of shall appear to have been lawfully done under authority of this Act, or if it shall appear that such suit was brought before such notice given thereof as aforesaid, or that sufficient satisfaction was made or tendered as aforesaid, or if any such suit shall be begun after the end of the said period of three calendar months, judgment shall be given for the defendant.

LXI. If in any such suit judgment be given for the defendant, or if the plaintiff be nonsuited or discontinue the said suit, the defendant shall be entitled to his costs as between attorney and client, and shall have such remedy for recovery thereof, as any defendant has for his costs in any other case by law.

LXII. The whole proceeds of the said taxes, after paying all salaries, establishments, and incidental expenses of the said Commissioners, shall, with such monies as the Governor of the Presidency of Fort William in Bengal, with the sanction of the Governor General of India in Council, may direct to be paid to the said Commissioners, be applied by them to the following purposes, that is to say—

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners:*—

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 18′ 39″. By *Compass*, the *Lighthouses* bear from each other S.E. ¼ E. and N.W. ¼ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ¼ S. to W. ¼ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ¼ W. and N.N.W. ¼ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen* in *Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz:—

"For every vessel belonging to the United Kingdom "of Great Britain and Ireland (the same not belonging "to Her Majesty, her heirs and successors, or being "navigated wholly in ballast), and for every Foreign "Vessel which, by any Act of Parliament, Order in "Council, Convention or Treaty, shall be privileged to "enter the Ports of the said United Kingdom, upon "paying the same duties of Tonnage as are paid by "Vessels belonging to the United Kingdom (the same "not being navigated wholly in ballast) which shall "arrive at, or depart from, the Port of Stromness or its "dependent creeks in Orkney, or which shall pass in "either direction through the Pentland Firth, between "the Island of Pomona or the Mainland of Orkney, and "Dunnethead in Caithness, the Toll of one *Farthing* "per Ton of the Burden of every such Vessel, for each "time of passing or deriving benefit from the said "Lights, if on a Coasting Voyage, and Double the said "Toll for passing or deriving benefit on an Oversea "Voyage; and for each Foreign Vessel navigated as "aforesaid not privileged in manner hereinbefore men-"tioned, Double the amount of the respective Tolls "hereinbefore specified.".

NOTICE is hereby given, that on Monday, the 12th January 1832, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the Provision of 1850-51, subject to the following Conditions; viz.

Produce of Behar Agency, ...	Chests	1,920
Ditto of Benares ditto, ...	„	880
Total Chests		2,800

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2,800 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money, of the amount for which each lot is knocked down, or for Rupees 1,000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Saturday, 17th January, or on the other hand failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times and under such Conditions of Re-sale as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such Re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned Condition if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 17th January, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1852, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent, even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any Public Securities that may have been deposited on account of such lots or chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale, on the part of the Board of Revenue, is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder, for a lot after it has been offered for Sale in the mode here

described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased, the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said Twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue.

No. 1.—Certificate of the Opium now advertized for Sale.

No. 2.—Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1850-51, the same precautions have been teken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further, that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium or adulteration of the Drug, which may be preferred in reference to Chests after the sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned the following quantities, more or less, of Behar and Benares Opium of 1850-51, will be brought to Sale in the year 1852, on or about the dates specified below:

If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 33,561 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article 6th. *Article of the Convention above referred to.*

"With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be determined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

II. The scheme of election agreed upon by the owners and occupiers of assessed houses, buildings and lands in each division of the Town, and the rules made by the Commissioners, severally approved by the Deputy Governor of the Presidency of Fort William in Bengal, and President of the Council of India in Council, in pursuance of the said Act, are rescinded and annulled. Provided always that all taxes and arrears of taxes assessed and imposed on the owners or users of Carriages, Carts and Horses under Act XVI. of 1847 and Section I. of this Act, and not collected at the time this Act comes into operation, may be levied and recovered as if the said Rules were not repealed.

L. Instead of proceeding by distress and sale, or in case of failure to realize by distress the whole or any part of the rates, taxes, or penalties under the said Statute 33 Geo. III. Act XVI. of 1847, or this Act, the Commissioners, or any one or more of them, if they think fit, may authorize any Collector or other person to sue the person liable to pay such rates, taxes, or penalties for any arrears of such rates, taxes, or penalties, in the Calcutta Court of Small Causes; and all such suits may be prosecuted by such Collector or other person in the name of the Commissioners; and the costs, if any, incurred in any such suit, which are not recovered in the suit, may be defrayed out of the taxes levied under this Act.

LIII. The said Commissioners shall, from time to time, subject to the approval of the Governor of the Presidency of Fort William in Bengal, make rules for regulating their proceedings under this Act, and for the regulation of the time and manner of demanding and collecting the taxes specified in this Act and for altering any of the forms set forth in the Schedules hereunto annexed, and the said Justices shall, from time to time, subject to the like approval, make Rules for regulating their proceedings under this Act, and for the regulation of the time and manner of assessing the rates specified in this Act.

LV. All goods and chattels, which shall be found upon any premises rated, shall be liable to be distrained for any penalties incurred by any owner thereof, or for any arrears of rates or taxes assessed in respect thereof; and, if the said goods and chattels belong to the occupier of such premises, such occupier may deduct the amount of the levy made upon his goods and chattels, or of any payment made by him in order to prevent such levy, from the following payments of his rent. If they belong to any person other than the occupier of the premises, or if no further rent is payable by such occupier, he may in such case recover the amount so paid or levied by suit in the Calcutta Court of Small Causes from the owner of the premises, as for money paid on his behalf.

LVI. Every person shall be entitled to have from the Secretary to the Commissioners, on application at their Office, and on payment of a fee of four annas, a certificate, specifying the last quarter in respect of which the taxes on account of any house, building, or ground are paid.

LIX. No suit shall be brought against the Justices, or Commissioners, or any of them, or their Officers, for any thing done under authority or colour of this Act, until twenty-one days' notice thereof has been given in writing to the person against whom the suit is intended to be brought, nor after sufficient satisfaction or tender thereof has been made to the person aggrieved, nor after three calendar months next after the act committed for which such suit is brought.

LX. The following Draft of a proposed Act was read in Council for the first time on the 12th December 1851.

ACT No. —— OF 1851.

An Act for securing the Abkarry Revenue of Madras.

For better securing the Abkarry Revenue of the Town and Suburbs of Madras, It is enacted as follows:—

I. Regulation I. of 1813 of the Madras Code, and so much of Clause 159, of an Act of Parliament numbered Chapter LII. of the Statutes passed in the thirty-ninth year of King George the Third, as relates to the sale of Arrack or other spirituous liquors within the Town of Madras, and to the punishment of unlicensed traders in spirits or spirituous liquors within the said Town, are repealed.

II. The Collection of the Revenue arising from the retail sale of spirituous or fermented liquors within the Town and Suburbs of Madras, shall be under the charge of the Collector of Madras, who shall perform the duties connected therewith under the control of the Board of Revenue.

III. The Collector may appoint Conicopolies, Pygusts, Jemadars, Peons and other Officers for collection of the said Revenue and prevention of smuggling; and the Officers so appointed, besides their ordinary respective designations, shall be styled "Abkarry Officers."

IV. Every person who shall sell by retail any spirituous or fermented liquors within the Town and Suburbs of Madras without a licence for that purpose, under the hand and seal of the Collector of Madras, shall be liable to a fine not exceeding five hundred rupees for each sale, but this enactment shall not apply to wholesale dealers selling such small quantities of Beer, Wine or Spirits, as may appear to the Collector to be intended only as samples.

V. A sale of European Spirits in a less quantity than two and half gallons old Wine measure, (*i. e.* one dozen quart bottles,) and of Arrack or Rum or any other Spirits manufactured to the eastward of the Cape of Good Hope in a less quantity than one quart, and of English and Foreign Beer or Wine in a less quantity than six quart bottles, and of Toddy in a less quantity than one quart, shall be deemed a retail sale within the meaning of this Act.

VI. The Board of Revenue shall have authority at all times to regulate the form and provisions of licences to be granted under this Act, and to alter and add to the conditions thereof, and each licence shall distinctly specify the kind or kinds of liquor the holder is authorized to sell, the manner in which and source whence such liquor is to be supplied to him, the excise duty not exceeding rupees 3-8 per gallon, which he shall pay upon it, whether it be provided by the Officers of Government or otherwise, or should a fee upon the licence be substituted for the said excise duty, the amount of such fee. The licence shall further specify the district or place, street or road, and house or shop in which the sale is to be carried on.

VII. The sale of Arrack or Rum, or other country Spirits or of Toddy, in quantities larger than those specified for each article in Section V. of this Act, is prohibited; and every person who shall act in breach of this prohibition, shall be liable to the fine prescribed in Section XV. for the illicit possession of these articles, but this prohibition does not apply to the sale of spirituous or fermented liquors imported into Madras under passes from the Collector, or other Officer duly empowered in that behalf, and supplied by wholesale to licensed retail dealers, or to the sale of Rum under bond for exportation by sea, and covered by a certificate to that effect.

VIII. Every person taking out a licence for the retail sale of spirituous or fermented liquors or intoxicating drugs under this Act, shall execute a counterpart engagement in exact conformity with the tenor of such licence.

IX. The Collector may withhold or recall a licence, if any of the conditions upon which the licence is granted be not complied with, or with the sanction of the Board of Revenue for any other cause, giving fifteen days' notice of such withdrawal; and any person selling by retail any spirituous or fermented liquor within the "Town and Suburbs of Madras," whilst such licence is withheld, or after it is recalled, shall be subject to all the penalties provided by this Act for the unlicensed sale of spirituous or fermented liquors.

X. No spirituous liquor manufactured Eastward of the Cape of Good Hope, shall be removed from the Sea Custom House to any Warehouse, Shop or private dwelling, or from one Warehouse, Shop, or private dwelling to another, without the Permit of the Collector of Madras, which Permit must accompany all liquors so removed, but persons having paid the Sea Custom Duty, shall be entitled to dispose of such liquor by wholesale for exportation beyond the limits of Madras and its Suburbs, such export to be made under permits to be granted by the Collector of Madras at his discretion, and on proof to his satisfaction that the Spirits are intended to be exported.

XI. All spirituous liquors manufactured by the European method of distillation shall, when imported into the Town and Suburbs of Madras by land, be placed under the charge of the Collector of Sea Customs, who will have them gauged and tested. The said liquors may be either kept in the custody of the Importer on his furnishing security for its exportation or sale, under the provisions of Section II. Act XXXII. of 1845, or in the joint custody of the Collector of Sea Customs and the Importer, or it may be deposited in the Sea Custom Warehouse on payment of the usual Warehouse rent. When kept in such joint custody or deposited in such Warehouse as aforesaid, no security for its exportation or sale shall be required, and the amount and nature of the security required to be furnished when such liquors are kept in the custody of the Importer, shall be fixed by the Governor of Fort St. George in Council, who shall also determine the time to be allowed for its exportation.

XII. It shall not be lawful for the Justices to grant a licence to open or establish, or keep open any Lodging House, Boarding House, Eating House, Punch House, Coffee Room, Tavern, Hotel, or any other House of Public Entertainment within their Jurisdiction, in which any spirituous or fermented liquor may be sold, to any person who has not taken out a licence for the retail sale of such liquor, and any such licence granted by the Justices shall become void whenever the licence for the retail of such liquor granted to such person, shall be withheld or recalled by the Collector under this Act. Provided always that, on the representation of the Superintendent of Police to the Collec-

tor, that any such house of public entertainment as aforesaid is kept as a disorderly house, or that the keeper thereof is for any reason, or in consequence of misconduct, (such reason or misconduct to be specially assigned by the Superintendent,) unfit to receive or retain any such licence, then and in such case the said Collector shall forthwith revoke any licence already granted by him to such keeper of any such house of public entertainment.

XIII. The Collector, after demand made in writing, may levy any arrears of Tax, duty, or fee, due on account of any licence granted under this Act, by distress and sale of the Goods and Chattels of the person from whom the same is due, provided that no such arrears shall be recoverable after the end of two years next after the same shall have become due, or next after an acknowledgment of the same in writing shall have been given by the person by whom the same is payable.

XIV. A breach of any of the conditions of a licence granted under this Act, shall, besides forfeiture of the licence, be punishable by a fine not exceeding Fifty Rupees, and such fine shall be recoverable from the licensed dealer, notwithstanding that such breach may have been owing to the default or carelessness of the servant or other person in charge of the shop or place of sale.

XV. Any person, not being a licensed dealer, having in his possession, and any person carrying within the Town and Suburbs of Madras any greater quantity of spirituous or fermented liquors, (excepting English and Foreign Beer, Wine, and Spirits) than the quantity specified for each article in Section V., and not being protected by a Pass or Permit from the Collector, or other Officer duly empowered in that behalf, shall be liable to a fine not exceeding Five Hundred Rupees.

XVI. Beside the penalties above specified for the illicit sale, possession and carrying of spirituous or fermented liquors, all such liquors found in the possession of any offender against this Act, shall be seized and confiscated together with the Vessels, Packages and Coverings in which such liquors are found, and the animals and conveyances used in carrying them shall also be liable to seizure and confiscation.

XVII. Any Abkarry Officer above the rank of Peon, may enter, inspect and search at any time by day or by night, for any of the purposes contemplated in this Act, the house or shop in which any licensed retail dealer shall carry on the sale of spirituous or fermented liquor under this Act.

XVIII. Every person, holding a licence for the retail sale of spirituous or fermented liquors, shall keep such licence at the house or shop specified in the licence, and shall shew the licence on the demand of any Abkarry Officer who shall desire to see the same; and any licenced dealer, who shall refuse or be unable to produce his licence on the demand of any Abkarry Officer, shall be liable to a fine not exceeding Two Hundred Rupees.

XIX. Any Abkarry Officer may stop and detain any person having possession of or carrying in any Public Road, Street, Thoroughfare or place, or in any open shop, any spirituous or fermented liquors, without a Pass, or otherwise liable to confiscation under this Act, and may seize the liquors, with the Vessels, Packages, and Coverings in which the liquors are found, and the animals and conveyances used in carrying them.

XX. If the Collector has good reason to believe, either from information given by any Abkarry Officer, or other person, to be taken down in writing, or from his own knowledge, or from the proceedings in any other case, that any spirituous or fermented liquor liable to confiscation under this Act, is kept or concealed in any place, the Collector, by Warrant under his hand, may empower any Abkarry Officer, above the rank of Jemadar of Peons, between sunrise and sunset, but always in the presence of a Constable or other Officer of the Peace, to enter into every such place where any such liquor is suspected to be kept or concealed, and to seize and carry away such liquor, and in case of resistance, to break open any door, and to force and remove any other obstacle to such entry, search, seizure or removal, as aforesaid, and to arrest and detain the owner or occupier of the premises, with all parties whom he suspects to be concerned in the unlawful keeping or concealing of such liquor whom he shall find on the premises. Provided that, where there is ground to suspect that such liquor is unlawfully concealed in any apartment of the women, in houses belonging to the classes whose women do not appear in public, the Officer charged with the execution of the Warrant, shall follow as closely as may be, the rules for the seizure of property so concealed, adopted by the Supreme Court of Judicature at Fort St. George.

XXI. All Constables and other Ministerial Officers of the Peace, are required to aid the Abkarry Officers in the due execution of this Act upon Notice given, or request made by any such Abkarry Officer; and any Officer who, without lawful excuse, shall refuse or neglect to assist as aforesaid, on being required to do so, shall be liable to the penalty prescribed by Section XXIX. of this Act for Abkarry Officers conniving at the escape of a person arrested under this Act.

XXII. Whenever an Abkarry Officer, duly authorized under this Act, shall arrest any person, or shall seize any spirituous or fermented liquor, or shall enter any house or shop for the purpose of searching for such illicit liquors, he shall carry the person arrested, with the illicit liquors seized, with all convenient despatch to the Collector, and shall, within twenty-four hours thereafter, make a full report to the Collector of all the particulars. And the Collector, after such further inquiry as he deems necessary, shall forthwith either release the person arrested, or send him in custody to the Superintendent of Police, or one of his Deputies.

XXIII. Every person who shall maliciously give false information against any person, for being engaged in the unlicensed sale of spirituous or fermented liquors, or for having in his possession or carrying, or in respect of there being in any house or shop any spirituous or fermented liquors, in contravention of this Act, shall be liable to a fine not exceeding Five Hundred Rupees, or to imprisonment in the Common Jail, for a period not exceeding six months, or to both.

XXIV. Every person who shall obstruct or molest any Abkarry Officer, or any person acting in aid of such Officer, in the due execution of this Act, shall be liable to a fine not exceeding Five Hundred Rupees, and such person shall be further liable, if any affray or breach of the peace shall happen in consequence of his resistance, on conviction of the same before a competent tribunal, to such punishment as is prescribed by Law

for cases of affray and Breach of the Peace, in addition to the penalty above prescribed for resistance of process.

XXV. Any Abkarry Officer, who shall delay carrying to the Collector any person arrested, or any illicit liquors seized under this Act, or who shall neglect to report the particulars of an arrest, seizure, or search within twenty-four hours thereafter, shall be liable to a fine not exceeding Two Hundred Rupees.

XXVI. Any Abkarry Officer, who shall vexatiously and unnecessarily seize the Goods or Chattels of any person on the pretence of seizing or searching for illicit spirituous or fermented liquors, or who shall vexatiously and unnecessarily arrest any person, or commit any other excess not required for the execution of his duty, shall be liable to a fine not exceeding Five Hundred Rupees.

XXVII. The provisions regarding Distilleries and Stills in Sections IV., V., VI. Regulation I. of 1820 of the Madras Code, and Act XXXII. of 1845, shall apply and be in force within the Town and Suburbs of Madras, except that the powers vested in the Criminal Judge by Section IV. Clause 5, and Section 9, Clause IX. Regulation I. of 1820, of the Madras Code, and in the Session Judge and Subordinate Judge of the Zillah, by Sections IV., V. Act XXXII. of 1845, shall be exercised within the said Town and Suburbs by the Superintendent of Police and not by any such Criminal Session or Subordinate Judge.

XXVIII. It shall be competent to the Governor of Fort Saint George in Council, or to any Officer duly empowered by him in that behalf, to revise from time to time, the forms of licences to be granted under Section IV. Regulation I. of 1820, of the Madras Code, for the establishment of Distilleries for manufacturing Rum, Arrack, or other Spirits by process of distillation similar to the European process, and to introduce into such forms of licences such provisions and stipulations as may seem to be advisable, anything in Section II. Act XXXII. of 1845, to the contrary notwithstanding.

XXIX. Any Officer employed in the Abkarry Department, who shall unlawfully release or connive at the escape of any person arrested under this Act, or connive at the sale of spirituous or fermented liquors without a licence or by any licensed dealer contrary to the terms of such licence, or act in a manner inconsistent with his duty, for the purpose of enabling any person to do anything whereby any of the provisions of this Act may be evaded or broken, or the Abkarry Revenue be defrauded, shall be liable to a fine not exceeding Five Hundred Rupees.

XXX. Any Officer employed in the Abkarry Department, who shall ask or take any gratuity not authorized by any law or order of Government, or of the Board of Revenue, in consideration of doing or of omitting to do any act in his official capacity, and any person who shall offer a bribe to any such Officer, in order to induce such Officer to act in a manner inconsistent with his duty, shall be liable, for every such offence, to a fine not exceeding Five Hundred Rupees.

XXXI. When any Goods or Chattels shall be seized by an Abkarry Officer, as liable to confiscation under this Act, such seizure shall, upon information exhibited by order of the Collector, be heard and determined in a summary manner, by the Superintendent of Police or one of his Deputies, who shall cause the persons, to whom such Goods and Chattels belong, to be summoned to appear, and upon their appearance or default, shall examine into the cause of the seizure thereof and give judgment; and, if such judgment shall be for confiscation of the Goods or Chattels seized, shall issue his warrant to the Collector for the sale or disposal thereof, according to such orders as the Collector may receive from the Board of Revenue.

XXXII. Whenever any Goods or Chattels shall be seized as aforesaid, and within one calendar month no person shall appear before the Collector to claim the same, the Superintendent of Police, or one of his Deputies, shall examine into the cause of the seizure at a place and time, of which notice shall have been given by the Collector in the *Fort St. George Gazette*, and give judgment for the confiscation of such of the Goods and Chattels, as upon such examination shall appear to him liable to forfeiture; and upon confiscation thereof, shall issue his warrant for the disposal of them, as if the owner had been summoned to attend before the said Superintendent or one of his Deputies.

XXXIII. All fines leviable under this Act shall be adjudged by the Superintendent of Police, or one of his Deputies, any of whom, upon information exhibited before him by order of the Collector, shall, within three calendar months next after the Act by which the fine was incurred and not afterwards, summon the parties accused, and upon their appearance or default, shall examine into the matter, and upon due proof made thereof by the voluntary confession of the parties or by the oath, or solemn affirmation, (in cases wherein a solemn affirmation is receivable by law instead of an oath) of one or more creditable witnesses, shall give judgment accordingly; and, in default of payment of any fine to which an offender is adjudged, he shall be liable, by Warrant of the said Superintendent of Police or one of his Deputies, to imprisonment in the Common Jail, for a period not exceeding six months, or until the fine be sooner paid.

XXXIV. Whenever any person shall be convicted of an offence against this Act, after having been previously convicted of a like offence, he shall be liable, in addition to the penalty attached to such offence, to imprisonment in the Common Jail, for a period not exceeding six months, and a like punishment of imprisonment not exceeding six months, shall be incurred in addition to the punishment, which may be inflicted for a first offence upon every subsequent conviction after the second.

XXXV. One-half of all fines levied from persons convicted of the illicit possession, carrying or sale of spirituous or fermented liquors, and of the proceeds from the sale of liquors, vessels, packages, conveyances, stills, &c., confiscated under this Act, shall, upon adjudication of the case, be awarded in such proportion as the Superintendent of Police or one of his Deputies, adjudicating as aforesaid, may think proper, to the Officer or Officers who apprehended the offender or seized the illicit liquors or other articles,—and the other half shall be given to the informer; and if no fine be realized, the Board of Revenue may grant such reasonable reward, not exceeding the sum of Two Hundred Rupees, as may appear to them fit. Provided that the Board of Revenue may determine, by General Order, what class of Abkarry Officers shall receive rewards, and what classes shall have no title to share therein.

XXXVI. All fines levied under this Act, the disposal of which is not especially provided for, shall belong to Government; but the Officer adjudicating the case may grant any portion thereof not exceeding one-half, as rewards to informers, or as compensation to parties injured by any proceedings under this Act.

XXXVII. No writ of *Certiorari* shall be issued at the suit of any party out of the Supreme Court of Judicature, to supersede, stay, remove, or in anywise affect any information or judicial proceeding before the Superintendent of Police or any of his Deputies in pursuance of this Act; and no judgment thereupon shall be quashed, except for error of law apparent on the face of the judgment.

XXXVIII. All actions and prosecutions to be instituted against the Collector or any Abkarry Officer, or any person acting in aid of any such Officer, for anything done in pursuance of this Act, shall be tried and determined in the Civil Courts established by the East India Company in the Zillah of Chingleput, notwithstanding that the cause of action, in respect of which such action is brought arose, or the defendant therein reside, within the limits of the Town of Madras, and every such action shall be brought within three Calendar Months after the fact committed and not afterwards, and notice in writing of such action, and of the cause thereof, shall be given to the defendant, one Calendar Month at least before the commencement of the action, and no plaintiff shall recover in any such action, if tender of sufficient amends shall have been made before such action brought, or if after action brought, a sufficient sum of money shall have been paid into Court with costs by or on behalf of the defendant.

XXXIX. The Collector, in respect of the duties to be performed by him under this Act, shall have power to punish any contempt committed in his presence in open Cutcherry by the imposition of a fine not exceeding Two Hundred Rupees, commutable, if not paid, to imprisonment in the Common Jail for a period not exceeding one month. Provided that an appeal, from any order passed under this Section, shall lie to the Board of Revenue, and the decision of the Board thereon shall be final.

Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 12th December 1851.

The following Extract from the Proceedings of the Hon'ble the President of the Council of India in Council, in the Legislative Branch of the Home Department, under date the 12th December 1851, is published for general information.

Read a second time the Draft of a proposed Act, dated the 11th July 1851, and published in the *Calcutta Gazette* of the 16th July 1851, for summary suits for arrears of rent, and sales of saleable tenures to be held within the judicial district in which the lands are situated.

Resolution.—The President in Council resolves that the following amended Draft, on the subject, be published for general information.

ACT No. —— OF 185 .

For the trial of summary suits for arrears of rent, and for the sales of saleable tenures, within the judicial district in which the lands are situated.

Whereas by Regulation VIII. of 1831 of the Bengal Code, the hearing and decision of summary suits or claims relating to arrears or exactions of rents were transferred from the Judges of the Zillah or City Courts to the Collectors of the several Districts; and whereas by Regulation VII. of 1832, of the Bengal Code, the superintendence of the sales of Putnee Talooks and other saleable tenures of the class specified in Clause 1, Section 8, Regulation VIII. of 1819 was transferred to the Collector or Deputy Collector of Land Revenue, or Head Assistant to the Collector or Deputy Collector, subject to an appeal to the Commissioner of Revenue for the Division; and whereas by Act VIII. of 1835 the conduct of sales of Talooks or other saleable tenures in execution of summary decrees for rent, in conformity with Regulation VII. of 1799 was transferred to the Collectors of Land Revenue, and whereas doubts have been entertained as to the District within which such summary suits or claims should be decided, and such sales made, by reason that the jurisdiction of the several Zillah and City Courts is not conterminous with the jurisdiction of the several Collectors of Land Revenue,—It is enacted as follows:—

I. No order in any such summary suit, and no such sale made as aforesaid, which has not been questioned before a Court of competent judicature, before the passing of this Act, on the ground of having been decided or made by a Collector having no jurisdiction therein, shall be liable to be annulled or disputed on that ground.

II. Where the lands which are the subject of such summary suits or such sales as aforesaid, are situate in a judicial district other than that of the Collector or Deputy Collector, who receives the sudder malguzarree of such lands, all such summary suits and sales as aforesaid shall be tried and decided or made by the Collector or Deputy Collector who has jurisdiction in the greater part of the judicial district in which the lands are situated.

III. Where the lands which are the subject of such summary suits or such sales as aforesaid, are situate in a judicial district which is divided into two or more Collectorate districts, all such summary suits and sales as aforesaid, shall be tried and decided or made by the Collector or Deputy Collector who has jurisdiction in that part of the judicial district in which the lands are situated.

IV. Sections 9, 11, 13, 15 and 17 of Regulation VIII. of 1819, of the Bengal Code, shall be applicable to sales of under tenures under the Provisions of Act VIII. of 1835.

Ordered, that the Draft now read be reconsidered at the first meeting of the Legislative Council of India after the 12th day of February 1852.

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners:—*

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ¼ E. and N.W. ¼ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ¼ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, if seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ¼ S. to W. ¼ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Rina*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ¼ W. and N.N.W. ¼ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen in Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

" For every vessel belonging to the United Kingdom " of Great Britain and Ireland (the same not belonging " to Her Majesty, her heirs and successors, or being " navigated wholly in ballast), and for every Foreign " Vessel which, by any Act of Parliament, Order in " Council, Convention or Treaty, shall be privileged to " enter the Ports of the said United Kingdom, upon " paying the same duties of Tonnage as are paid by " Vessels belonging to the United Kingdom (the same " not being navigated wholly in ballast) which shall " arrive at, or depart from, the Port of Stromness or its " dependent creeks in Orkney, or which shall pass in " either direction through the Pentland Firth, between " the Island of Pomona or the Mainland of Orkney, and " Dunnethead in Caithness, the Toll of one *Farthing* " per Ton of the Burden of every such Vessel, for each " time of passing or deriving benefit from the said " Lights, if on a Coasting Voyage, and Double the said " Toll for passing or deriving benefit on an Oversea " Voyage ; and for each Foreign Vessel navigated as " aforesaid not privileged in manner hereinbefore men- " tioned, Double the amount of the respective Tolls " hereinbefore specified."

NEW PILOT STATION FOR THE S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port ; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND, *Secretary.*

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it ; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels ; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true ; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from he date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

II. The Collection of the Revenue arising from the retail sale of spirituous or fermented liquors within the Town and Suburbs of Madras, shall be under the charge of the Collector of Madras, who shall perform the duties connected therewith under the control of the Board of Revenue.

III. The Collector may appoint Conicopollies, Pygusts, Jemadars, Peons and other Officers for collection of the said Revenue and prevention of smuggling; and the Officers so appointed, besides their ordinary respective designations, shall be styled "Abkarry Officers."

IV. Every person who shall sell by retail any spirituous or fermented liquors within the Town and Suburbs of Madras without a licence for that purpose, under the hand and seal of the Collector of Madras, shall be liable to a fine not exceeding five hundred rupees for each sale, but this enactment shall not apply to wholesale dealers selling such small quantities of Beer, Wine or Spirits, as may appear to the Collector to be intended only as samples.

V. A sale of European Spirits in a less quantity than two and half gallons old Wine measure, (*i. e.* one dozen quart bottles,) and of Arrack or Rum or any other Spirits manufactured to the eastward of the Cape of Good Hope in a less quantity than one quart, and of English and Foreign Beer or Wine in a less quantity than six quart bottles, and of Toddy in a less quantity than one quart, shall be deemed a retail sale within the meaning of this Act.

VI. The Board of Revenue shall have authority at all times to regulate the form and provisions of licences to be granted under this Act, and to alter and add to the conditions thereof, and each licence shall distinctly specify the kind or kinds of liquor the holder is authorized to sell, the manner in which and source whence such liquor is to be supplied to him, the excise duty not exceeding rupees 3-8 per gallon, which he shall pay upon it, whether it be provided by the Officers of Government or otherwise, or should a fee upon the licence be substituted for the said excise duty, the amount of such fee. The licence shall further specify the district or place, street or road, and house or shop in which the sale is to be carried on.

VII. The sale of Arrack or Rum, or other country Spirits or of Toddy, in quantities larger than those specified for each article in Section V. of this Act, is prohibited; and every person who shall act in breach of this prohibition, shall be liable to the fine prescribed in Section XV. for the illicit possession of these articles, but this prohibition does not apply to the sale of spirituous or fermented liquors imported into Madras under passes from the Collector, or other Officer duly empowered in that behalf, and supplied by wholesale to licensed retail dealers, or to the sale of Rum under bond for exportation by sea, and covered by a certificate to that effect.

VIII. Every person taking out a licence for the retail sale of spirituous or fermented liquors or intoxicating drugs under this Act, shall execute a counterpart engagement in exact conformity with the tenor of such licence.

Fort William, Home Department, Legislative, the 12th December 1851.

The following Extract from the Proceedings of the Hon'ble the President of the Council of India in Council, in the Legislative Branch of the Home Department, under date the 12th December 1851, is published for general information.

Read a second time the Draft of a proposed Act, dated the 11th July 1851, and published in the *Calcutta Gazette* of the 16th July 1851, for summary suits for arrears of rent, and sales of saleable tenures to be held within the judicial district in which the lands are situated.

Resolution.—The President in Council resolves that the following amended Draft, on the subject, be published for general information.

ACT No. —— OF 185 .

For the trial of summary suits for arrears of rent, and for the sales of saleable tenures, within the judicial district in which the lands are situated.

Whereas by Regulation VIII. of 1831 of the Bengal Code, the hearing and decision of summary suits or claims relating to arrears or exactions of rents were transferred from the Judges of the Zillah or City Courts to the Collectors of the several Districts; and whereas by Regulation VII. of 1832, of the Bengal Code, the superintendence of the sales of Putnee Talooks and other saleable tenures of the class specified in Clause 1, Section 8, Regulation VIII. of 1819 was transferred to the Collector or Deputy Collector of Land Revenue, or Head Assistant to the Collector or Deputy Collector, subject to an appeal to the Commissioner of Revenue for the Division; and whereas by Act VIII. of 1835 the conduct of sales of Talooks or other saleable tenures in execution of summary decrees for rent, in conformity with Regulation VII. of 1799 was transferred to the Collectors of Land Revenue, and whereas doubts have been entertained as to the District within which such summary suits or claims should be decided, and such sales made, by reason that the jurisdiction of the several Zillah and City Courts is not conterminous with the jurisdiction of the several Collectors of Land Revenue,—It is enacted as follows:—

I. No order in any such summary suit, and no such sale made as aforesaid, which has not been questioned before a Court of competent judicature, before the passing of this Act, on the ground of having been decided or made by a Collector having no jurisdiction therein, shall be liable to be annulled or disputed on that ground.

II. Where the lands which are the subject of such summary suits or such sales as aforesaid, are situate in a judicial district other than that of the Collector or Deputy Collector, who receives the sudder malguzarree of such lands, all such summary suits and sales as aforesaid shall be tried and decided or made by the Collector or Deputy Collector who has jurisdiction in the greater part of the judicial district in which the lands are situated.

III. Where the lands which are the subject of such summary suits or such sales as aforesaid, are situate in a judicial district which is divided into two or more Collectorate districts, all such summary suits and sales as aforesaid, shall be tried and decided or made by the Collector or Deputy Collector who has jurisdiction in that part of the judicial district in which the lands are situated.

IV. Sections 9, 11, 13, 15 and 17 of Regulation VIII. of 1819, of the Bengal Code, shall be applicable to sales of under tenures under the Provisions of Act VIII. of 1835.

Ordered, that the Draft now read be reconsidered at the first meeting of the Legislative Council of India after the 12th day of February 1852.

Our Governor General of India in Council.

1. With reference to our letter to Bengal of the 25th April last, No. 51, we have now to apprize you that by a Royal grant, dated on the 26th September 1851, of which a copy is enclosed, Her Majesty has been pleased to grant to the East India Company the booty and plunder taken in the City of Mooltan and at the Fort of Mooltan and Chineoute, in trust, as to one-half part thereof for the proper use of the said Company towards their expenses in the said operations, and as to the other half part thereof for the use of the Commander-in-Chief, the Generals and other Officers, Non-Commissioned Officers and Privates, who served in the Punjaub during the war, after deducting the amount which they have severally received as donation of batta under the orders conveyed in our letter of the 18th July 1849, to be distributed to, and amongst them, according to the usage of the army in India.

2. We have now the satisfaction of conveying to you our resolution to present to the troops which served in the Punjaub during the war, the moiety of the booty which Her Majesty has been graciously pleased to place at our disposal.

3. You will take the necessary measures for distributing the amount of this booty agreeably to the terms of the grant, after deducting from the share or shares accruing to each officer and soldier the amount of the donation of batta which he has received under the order above specified.

We are, &c.,

and 13 other Directors.

LONDON,
22nd October, 1851.

VICTORIA. R.

Victoria by the Grace of God of the United Kingdom of Great Britain and Ireland,
17634 Queen, Defender of the Faith, To all to whom these presents shall come Greeting. Whereas the Commissioners of Our Treasury have represented unto us that it had been made to appear to them by a report of Our Procurator General, that it was stated in a Memorial addressed to our said Commissioners by the East India Company, that a rebellion against the Government of the Punjaub having broken out at Mooltan in the East Indies, in the month of April, in the year of Our Lord 1848, headed by the Dewan Moolraj; and the Sikh Sirdars having declared their inability to coerce the rebels, a force composed of Our Troops, and of Troops of the East India Company was employed for this purpose; that on the 2nd day of January in the year of Our Lord 1849, the fortified City of Mooltan was taken by storm by these Troops; that on the said 2nd day of January in the said year of Our Lord 1849, the Fort of Mooltan, after a practicable breach had been made therein, surrendered to the said Troops, and that on the 8th day of February in the said year of Our Lord 1849, the Fort of Chineoute also surrendered to them; and booty was taken in the said fortified City and Forts, consisting of jewels and other property, the sale proceeds of which have been realized by the Prize Agents employed for collecting the booty or have been otherwise realized, amounting to the sum of rupees 12,43,511-3-11; that in addition certain Ordnance and Ordnance Stores were taken in the said Fort of Mooltan, the value of which, according to the rates charged for such articles at the said Company's Arsenal in Bengal, is Rupees 66,412-10-8, making altogether a total of Rupees 13,09,923-14-7.

That the Memorialists having taken into their consideration the services performed by the Forces serving in the Punjaub, in the late operations, including those engaged in the capture of Mooltan, and the delay which would necessarily arise before a distribution could take place of any booty which We might be graciously pleased to grant, they resolved on the 18th of July in the said year of Our Lord 1849, that the Officers and Soldiers of those Forces should at the earliest possible period receive a pecuniary reward of not less amount than six months' Batta; they therefore instructed the Government of India forthwith to pay to the Commander-in-Chief, the Generals, and other Officers, Non-Commissioned Officers and Privates who served in the Punjaub during the Campaign, a donation equal to six months' full batta, on the understanding, that, if thereafter any booty which may have been captured in such Campaign should be made over to them, there should be deducted from any share of such Prize Money which might become payable to any individual a sum equivalent to the batta paid to him under those instructions, unless such share should be of less value than that sum;—in the latter case all that was to be re-paid to the said Company's Treasury was to be the amount of the Prize Money, however small it might be. The Memorialists, therefore, prayed that our said Commissioners would be pleased to recommend unto Us to grant to them all such booty and plunder, stores, provisions, and things as were found in, or taken in, the said operations against Mooltan and Chineoute, as to the one-half part of the value thereof for the proper use of the Memorialists towards their expenses, and as to the other half part thereof for the use of the Commanders, Officers and Men belonging to the Forces employed in the said operations, after deducting the amount which they have already received as donation of batta, as aforesaid; and also to advise Us to give such directions as to the appropriation and distribution of the said booty and plunder amongst the Forces as to Us should seem fit. And whereas our said Commissioners have recommended unto Us to accede to the prayer of the said Memorial by granting the said booty and plunder in question, in manner hereinafter mentioned, to which We are graciously pleased to condescend. We do hereby Give and Grant to the East India Company, all such booty and plunder, stores, provisions, and things as are hereinbefore mentioned to have been taken at the City of Mooltan, and at the Forts of Mooltan and Chineoute, in trust as to one-half part of the value thereof for the proper use of the said Company, towards their expenses in the said operations, and as to the other half part thereof, in trust,

for the use of the Commander-in-Chief, the Generals, and other Officers, Non-Commissioned Officers and Privates who served in the Punjaub during the said Campaign, including those employed in the said operations, after deducting the amount which they have severally received as donation of batta, as aforesaid, to be distributed to and amongst them according to the usage of the Army in India. And We are graciously pleased to order and direct that in case any doubt shall arise in respect to the distribution of the Moiety hereby granted as aforesaid, respecting any demand upon the said captured booty, the same shall be determined by the said East India Company, or by such person or persons to whom they shall refer the same, which determination thereupon made shall, with all convenient speed, be notified in writing to the Commissioners of Our Treasury; and the same shall be final and conclusive to all intents and purposes, unless within three months after the receipt thereof at the Office of the Commissioners of Our Treasury, We shall be pleased otherwise to order. Hereby reserving to ourselves to make such order therein as to Us shall seem fit.

Given at Our Court at Balmoral, this 26th day of September, in the fifteenth Year of Our Reign, and in the Year of Our Lord 1851.

By Her Majesty's Command,

(Signed) WM. GIBSON CRAIG.
H. RICH.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners:—*

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ½ E. and N.W. ½ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic*

Miles. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ¼ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ¼ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of *7 Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ¼ S. to W. ¼ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ¼ W. and N.N.W. ¼ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen* in *Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

" For every vessel belonging to the United Kingdom " of Great Britain and Ireland (the same not belonging " to Her Majesty, her heirs and successors, or being " navigated wholly in ballast), and for every Foreign " Vessel which, by any Act of Parliament, Order in " Council, Convention or Treaty, shall be privileged to " enter the Ports of the said United Kingdom, upon " paying the same duties of Tonnage as are paid by " Vessels belonging to the United Kingdom (the same " not being navigated wholly in ballast) which shall " arrive at, or depart from, the Port of Stromness or its " dependent creeks in Orkney, or which shall pass in " either direction through the Pentland Firth, between " the Island of Pomona or the Mainland of Orkney, and " Dunnethead in Caithness, the Toll of one *Farthing* " per Ton of the Burden of every such Vessel, for each " time of passing or deriving benefit from the said " Lights, if on a Coasting Voyage, and Double the said " Toll for passing or deriving benefit on an Oversea " Voyage; and for each Foreign Vessel navigated as " aforesaid not privileged in manner hereinbefore men- " tioned, Double the amount of the respective Tolls " hereinbefore specified."

Ditto of Benares ditto, ...	,,	880

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2,800 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money, of the amount for which each lot is knocked down, or for Rupees 1,000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Saturday, 17th January, or on the other hand failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times and under such Conditions of Re-sale as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such Re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned Condition if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 17th January, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1852, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent, even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any Public Securities that may have been deposited on account of such lots or chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale, on the part of the Board of Revenue, is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bond fide* bidder, for a lot after it has been offered for Sale in the mode here

described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased, the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said Twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue.

No. 1.—Certificate of the Opium now advertized for Sale.

No. 2.—Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1850-51, the same precautions have been teken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further, that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium or adulteration of the Drug, which may be preferred in reference to Chests after the sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned the following quantities, more or less, of Behar and Benares Opium of 1850-51, will be brought to Sale in the year 1852, on or about the dates specified below:

It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for Sale at the Twelve Sales in the Months of January, February, March, April, May, June, July, August, September, October, November and December 1852, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity, not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this advertizement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 33,561 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article 6th. *Article of the Convention above referred to.*

"With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such sup- "ply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be de- "termined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

The following Draft of a proposed Act was read in Council for the first time on the 12th December 1851.

ACT No. —— OF 1851.

An Act for securing the Abkarry Revenue of Madras.

For better securing the Abkarry Revenue of the Town and Suburbs of Madras, It is enacted as follows:—

I. Regulation I. of 1813 of the Madras Code, and so much of Clause 159, of an Act of Parliament numbered Chapter LII. of the Statutes passed in the thirty-ninth year of King George the Third, as relates to the sale of Arrack or other spirituous liquors within the Town of Madras, and to the punishment of unlicensed traders in spirits or spirituous liquors within the said Town, are repealed.

II. The Collection of the Revenue arising from the retail sale of spirituous or fermented liquors within the Town and Suburbs of Madras, shall be under the charge of the Collector of Madras, who shall perform the duties connected therewith under the control of the Board of Revenue.

III. The Collector may appoint Conicopolies, Pygusts, Jemadars, Peons and other Officers for collection of the said Revenue and prevention of smuggling; and the Officers so appointed, besides their ordinary respective designations, shall be styled "Abkarry Officers."

IV. Every person who shall sell by retail any spirituous or fermented liquors within the Town and Suburbs of Madras without a licence for that purpose, under the hand and seal of the Collector of Madras, shall be liable to a fine not exceeding five hundred rupees for each sale, but this enactment shall not apply to wholesale dealers selling such small quantities of Beer, Wine or Spirits, as may appear to the Collector to be intended only as samples.

V. A sale of European Spirits in a less quantity than two and half gallons old Wine measure, (*i. e.* one dozen quart bottles,) and of Arrack or Rum or any other Spirits manufactured to the eastward of the Cape of Good Hope in a less quantity than one quart, and of English and Foreign Beer or Wine in a less quantity than six quart bottles, and of Toddy in a less quantity than one quart, shall be deemed a retail sale within the meaning of this Act.

VI. The Board of Revenue shall have authority at all times to regulate the form and provisions of licences to be granted under this Act, and to alter and add to the conditions thereof, and each licence shall distinctly specify the kind or kinds of liquor the holder is authorized to sell, the manner in which and source whence such liquor is to be supplied to him, the excise duty not exceeding rupees 3-8 per gallon, which he shall pay upon it, whether it be provided by the Officers of Government or otherwise, or should a fee upon the licence be substituted for the said excise duty, the amount of such fee. The licence shall further specify the district or place, street or road, and house or shop in which the sale is to be carried on.

VII. The sale of Arrack or Rum, or other country Spirits or of Toddy, in quantities larger than those specified for each article in Section V. of this Act, is prohibited; and every person who shall act in breach of this prohibition, shall be liable to the fine prescribed in Section XV. for the illicit possession of these articles, but this prohibition does not apply to the sale of spirituous or fermented liquors imported into Madras under passes from the Collector, or other Officer duly empowered in that behalf, and supplied by wholesale to licensed retail dealers, or to the sale of Rum under bond for exportation by sea, and covered by a certificate to that effect.

VIII. Every person taking out a licence for the retail sale of spirituous or fermented liquors or intoxicating drugs under this Act, shall execute a counterpart engagement in exact conformity with the tenor of such licence.

IX. The Collector may withhold or recall a licence, if any of the conditions upon which the licence is granted be not complied with, or with the sanction of the Board of Revenue for any other cause, giving fifteen days' notice of such withdrawal; and any person selling by retail any spirituous or fermented liquor within the "Town and Suburbs of Madras," whilst such licence is withheld, or after it is recalled, shall be subject to all the penalties provided by this Act for the unlicensed sale of spirituous or fermented liquors.

X. No spirituous liquor manufactured Eastward of the Cape of Good Hope, shall be removed from the Sea Custom House to any Warehouse, Shop or private dwelling, or from one Warehouse, Shop, or private dwelling to another, without the Permit of the Collector of Madras, which Permit must accompany all liquors so removed, but persons having paid the Sea Custom Duty, shall be entitled to dispose of such liquor by wholesale for exportation beyond the limits of Madras and its Suburbs, such export to be made under permits to be granted by the Collector of Madras at his discretion, and on proof to his satisfaction that the Spirits are intended to be exported.

XI. All spirituous liquors manufactured by the European method of distillation shall, when imported into the Town and Suburbs of Madras by land, be placed under the charge of the Collector of Sea Customs, who will have them guaged and tested. The said liquors may be either kept in the custody of the Importer on his furnishing security for its exportation or sale, under the provisions of Section II. Act XXXII. of 1845, or in the joint custody of the Collector of Sea Customs and the Importer, or it may be deposited in the Sea Custom Warehouse on payment of the usual Warehouse rent. When kept in such joint custody or deposited in such Warehouse as aforesaid, no security for its exportation or sale shall be required, and the amount and nature of the security required to be furnished when such liquors are kept in the custody of the Importer, shall be fixed by the Governor of Fort St. George in Council, who shall also determine the time to be allowed for its exportation.

XII. It shall not be lawful for the Justices to grant a licence to open or establish, or keep open any Lodging House, Boarding House, Eating House, Punch House, Coffee Room, Tavern, Hotel, or any other House of Public Entertainment within their Jurisdiction, in which any spirituous or fermented liquor may be sold, to any person who has not taken out a licence for the retail sale of such liquor, and any such licence granted by the Justices shall become void whenever the licence for the retail of such liquor granted to such person, shall be withheld or recalled by the Collector under this Act. Provided always that, on the representation of

the Superintendent of Police to the Collector, that any such house of public entertainment as aforesaid is kept as a disorderly house, or that the keeper thereof is for any reason, or in consequence of misconduct, (such reason or misconduct to be specially assigned by the Superintendent,) unfit to receive or retain any such licence, then and in such case the said Collector shall forthwith revoke any licence already granted by him to such keeper of any such house of public entertainment.

XIII. The Collector, after demand made in writing, may levy any arrears of Tax, duty, or fee, due on account of any licence granted under this Act, by distress and sale of the Goods and Chattels of the person from whom the same is due, provided that no such arrears shall be recoverable after the end of two years next after the same shall have become due, or next after an acknowledgment of the same in writing shall have been given by the person by whom the same is payable.

XIV. A breach of any of the conditions of a licence granted under this Act, shall, besides forfeiture of the licence, be punishable by a fine not exceeding Fifty Rupees, and such fine shall be recoverable from the licensed dealer, notwithstanding that such breach may have been owing to the default or carelessness of the servant or other person in charge of the shop or place of sale.

XV. Any person, not being a licensed dealer, having in his possession, and any person carrying within the Town and Suburbs of Madras any greater quantity of spirituous or fermented liquors, (excepting English and Foreign Beer, Wine, and Spirits) than the quantity specified for each article in Section V., and not being protected by a Pass or Permit from the Collector, or other Officer duly empowered in that behalf, shall be liable to a fine not exceeding Five Hundred Rupees.

XVI. Beside the penalties above specified for the illicit sale, possession and carrying of spirituous or fermented liquors, all such liquors found in the possession of any offender against this Act, shall be seized and confiscated together with the Vessels, Packages and Coverings in which such liquors are found, and the animals and conveyances used in carrying them shall also be liable to seizure and confiscation.

XVII. Any Abkarry Officer above the rank of Peon, may enter, inspect and search at any time by day or by night, for any of the purposes contemplated in this Act, the house or shop in which any licensed retail dealer shall carry on the sale of spirituous or fermented liquor under this Act.

XVIII. Every person, holding a licence for the retail sale of spirituous or fermented liquors, shall keep such licence at the house or shop specified in the licence, and shall shew the licence on the demand of any Abkarry Officer who shall desire to see the same; and any licenced dealer, who shall refuse or be unable to produce his licence on the demand of any Abkarry Officer, shall be liable to a fine not exceeding Two Hundred Rupees.

XIX. Any Abkarry Officer may stop and detain any person having possession of or carrying in any Public Road, Street, Thoroughfare or place, or in any open shop, any spirituous or fermented liquors without a Pass, or otherwise liable to confiscation under this Act, and may seize the liquors, with the Vessels, Packages, and Coverings in which the liquors are found, and the animals and conveyances used in carrying them.

XX. If the Collector has good reason to believe, either from information given by any Abkarry Officer, or other person, to be taken down in writing, or from his own knowledge, or from the proceedings in any other case, that any spirituous or fermented liquor liable to confiscation under this Act, is kept or concealed in any place, the Collector, by Warrant under his hand, may empower any Abkarry Officer, above the rank of Jemadar of Peons, between sunrise and sunset, but always in the presence of a Constable or other Officer of the Peace, to enter into every such place where any such liquor is suspected to be kept or concealed, and to seize and carry away such liquor, and in case of resistance, to break open any door, and to force and remove any other obstacle to such entry, search, seizure or removal, as aforesaid, and to arrest and detain the owner or occupier of the premises, with all parties whom he suspects to be concerned in the unlawful keeping or concealing of such liquor whom he shall find on the premises. Provided that, where there is ground to suspect that such liquor is unlawfully concealed in any apartment of the women, in houses belonging to the classes whose women do not appear in public, the Officer charged with the execution of the Warrant, shall follow as closely as may be, the rules for the seizure of property so concealed, adopted by the Supreme Court of Judicature at Fort St. George.

XXI. All Constables and other Ministerial Officers of the Peace, are required to aid the Abkarry Officers in the due execution of this Act upon Notice given, or request made by any such Abkarry Officer; and any Officer who, without lawful excuse, shall refuse or neglect to assist as aforesaid, on being required to do so, shall be liable to the penalty prescribed by Section XXIX. of this Act for Abkarry Officers conniving at the escape of a person arrested under this Act.

XXII. Whenever an Abkarry Officer, duly authorized under this Act, shall arrest any person, or shall seize any spirituous or fermented liquor, or shall enter any house or shop for the purpose of searching for such illicit liquors, he shall carry the person arrested, with the illicit liquors seized, with all convenient despatch to the Collector, and shall, within twenty-four hours thereafter, make a full report to the Collector of all the particulars. And the Collector, after such further inquiry as he deems necessary, shall forthwith either release the person arrested, or send him in custody to the Superintendent of Police, or one of his Deputies.

XXIII. Every person who shall maliciously give false information against any person, for being engaged in the unlicensed sale of spirituous or fermented liquors, or for having in his possession or carrying, or in respect of there being in any house or shop any spirituous or fermented liquors, in contravention of this Act, shall be liable to a fine not exceeding Five Hundred Rupees, or to imprisonment in the Common Jail, for a period not exceeding six months, or to both.

XXIV. Every person who shall obstruct or molest any Abkarry Officer, or any person acting in aid of such Officer, in the due execution of this Act, shall be liable to a fine not exceeding Five Hundred Rupees, and such person shall be further liable, if any affray or breach of the peace shall happen in consequence of his resistance, on

conviction of the same before a competent tribunal, to such punishment as is prescribed by Law for cases of affray and Breach of the Peace, in addition to the penalty above prescribed for resistance of process.

XXV. Any Abkarry Officer, who shall delay carrying to the Collector any person arrested, or any illicit liquors seized under this Act, or who shall neglect to report the particulars of an arrest, seizure, or search within twenty-four hours thereafter, shall be liable to a fine not exceeding Two Hundred Rupees.

XXVI. Any Abkarry Officer, who shall vexatiously and unnecessarily seize the Goods or Chattels of any person on the pretence of seizing or searching for illicit spirituous or fermented liquors, or who shall vexatiously and unnecessarily arrest any person, or commit any other excess not required for the execution of his duty, shall be liable to a fine not exceeding Five Hundred Rupees.

XXVII. The provisions regarding Distilleries and Stills in Sections IV., V., VI. Regulation I. of 1820 of the Madras Code, and Act XXXII. of 1845, shall apply and be in force within the Town and Suburbs of Madras, except that the powers vested in the Criminal Judge by Section IV. Clause 5, and Section 9, Clause IX. Regulation I. of 1820, of the Madras Code, and in the Session Judge and Subordinate Judge of the Zillah, by Sections IV., V. Act XXXII. of 1845, shall be exercised within the said Town and Suburbs by the Superintendent of Police and not by any such Criminal Session or Subordinate Judge.

XXVIII. It shall be competent to the Governor of Fort Saint George in Council, or to any Officer duly empowered by him in that behalf, to revise from time to time, the forms of licences to be granted under Section IV. Regulation I. of 1820, of the Madras Code, for the establishment of Distilleries for manufacturing Rum, Arrack, or other Spirits by process of distillation similar to the European process, and to introduce into such forms of licences such provisions and stipulations as may seem to be advisable, anything in Section II. Act XXXII. of 1845, to the contrary notwithstanding.

XXIX. Any Officer employed in the Abkarry Department, who shall unlawfully release or connive at the escape of any person arrested under this Act, or connive at the sale of spirituous or fermented liquors without a licence or by any licensed dealer contrary to the terms of such licence, or act in a manner inconsistent with his duty, for the purpose of enabling any person to do anything whereby any of the provisions of this Act may be evaded or broken, or the Abkarry Revenue be defrauded, shall be liable to a fine not exceeding Five Hundred Rupees.

XXX. Any Officer employed in the Abkarry Department, who shall ask or take any gratuity not authorized by any law or order of Government, or of the Board of Revenue, in consideration of doing or of omitting to do any act in his official capacity, and any person who shall offer a bribe to any such Officer, in order to induce such Officer to act in a manner inconsistent with his duty, shall be liable, for every such offence, to a fine not exceeding Five Hundred Rupees.

XXXI. When any Goods or Chattels shall be seized by an Abkarry Officer, as liable to confiscation under this Act, such seizure shall, upon information exhibited by order of the Collector, be heard and determined in a summary manner, by the Superintendent of Police or one of his Deputies, who shall cause the persons, to whom such Goods and Chattels belong, to be summoned to appear, and upon their appearance or default, shall examine into the cause of the seizure thereof and give judgment; and, if such judgment shall be for confiscation of the Goods or Chattels seized, shall issue his warrant to the Collector for the sale or disposal thereof, according to such orders as the Collector may receive from the Board of Revenue.

XXXII. Whenever any Goods or Chattels shall be seized as aforesaid, and within one calendar month no person shall appear before the Collector to claim the same, the Superintendent of Police, or one of his Deputies, shall examine into the cause of the seizure at a place and time, of which notice shall have been given by the Collector in the *Fort St. George Gazette*, and give judgment for the confiscation of such of the Goods and Chattels, as upon such examination shall appear to him liable to forfeiture; and upon confiscation thereof, shall issue his warrant for the disposal of them, as if the owner had been summoned to attend before the said Superintendent or one of his Deputies.

XXXIII. All fines leviable under this Act shall be adjudged by the Superintendent of Police, or one of his Deputies, any of whom, upon information exhibited before him by order of the Collector, shall, within three calendar months next after the Act by which the fine was incurred and not afterwards, summon the parties accused, and upon their appearance or default, shall examine into the matter, and upon due proof made thereof by the voluntary confession of the parties, or by the oath, or solemn affirmation, (in cases wherein a solemn affirmation is receivable by law instead of an oath) of one or more creditable witnesses, shall give judgment accordingly; and, in default of payment of any fine to which an offender is adjudged, he shall be liable, by Warrant of the said Superintendent of Police or one of his Deputies, to imprisonment in the Common Jail, for a period not exceeding six months, or until the fine be sooner paid.

XXXIV. Whenever any person shall be convicted of an offence against this Act, after having been previously convicted of a like offence, he shall be liable, in addition to the penalty attached to such offence, to imprisonment in the Common Jail, for a period not exceeding six months, and a like punishment of imprisonment not exceeding six months, shall be incurred in addition to the punishment, which may be inflicted for a first offence upon every subsequent conviction after the second.

XXXV. One-half of all fines levied from persons convicted of the illicit possession, carrying or sale of spirituous or fermented liquors, and of the proceeds from the sale of liquors, vessels, packages, conveyances, stills, &c., confiscated under this Act, shall, upon adjudication of the case, be awarded in such proportion as the Superintendent of Police or one of his Deputies, adjudicating as aforesaid, may think proper, to the Officer or Officers who apprehended the offender or seized the illicit liquors or other articles,—and the other half shall be given to the informer; and if no fine be realized, the Board of Revenue may grant such reasonable reward, not exceeding

the sum of Two Hundred Rupees, as may appear to them fit. Provided that the Board of Revenue may determine, by General Order, what class of Abkarry Officers shall receive rewards, and what classes shall have no title to share therein.

XXXVI. All fines levied under this Act, the disposal of which is not especially provided for, shall belong to Government; but the Officer adjudicating the case may grant any portion thereof not exceeding one-half, as rewards to informers, or as compensation to parties injured by any proceedings under this Act.

XXXVII. No writ of *Certiorari* shall be issued at the suit of any party out of the Supreme Court of Judicature, to supersede, stay, remove, or in anywise affect any information or judicial proceeding before the Superintendent of Police or any of his Deputies in pursuance of this Act; and no judgment thereupon shall be quashed, except for error of law apparent on the face of the judgment.

XXXVIII. Fort William, Home Department, Legislative, the 12th December 1851.

The following Extract from the Proceedings of the Hon'ble the President of the Council of India in Council, in the Legislative Branch of the Home Department, under date the 12th December 1851, is published for general information.

Read a second time the Draft of a proposed Act, dated the 11th July 1851, and published in the *Calcutta Gazette* of the 16th July 1851, for summary suits for arrears of rent, and sales of saleable tenures to be held within the judicial district in which the lands are situated.

Resolution.—The President in Council resolves that the following amended Draft, on the subject, be published for general information.

ACT No. —— OF 185 .

For the trial of summary suits for arrears of rent, and for the sales of saleable tenures, within the judicial district in which the lands are situated.

Whereas by Regulation VIII. of 1831 of the Bengal Code, the hearing and decision of summary suits or claims relating to arrears or exactions of rents were transferred from the Judges of the Zillah or City Courts to the Collectors of the several Districts; and whereas by Regulation VII. of 1832, of the Bengal Code, the superintendence of the sales of Putnee Talooks and other saleable tenures of the class specified in Clause 1, Section 8, Regulation VIII. of 1819 was transferred to the Collector or Deputy Collector of Land Revenue, or Head Assistant to the Collector or Deputy Collector, subject to an appeal to the Commissioner of Revenue for the Division; and whereas by Act VIII. of 1835 the conduct of sales of Talooks or other saleable tenures in execution of summary decrees for rent, in conformity with Regulation VII. of 1799 was transferred to the Collectors of Land Revenue, and whereas doubts have been entertained as to the District within which such summary suits or claims should be decided, and such sales made, by reason that the jurisdiction of the several Zillah and City Courts is not conterminous with the jurisdiction of the several Collectors of Land Revenue,—It is enacted as follows:—

I. No order in any such summary suit, and no such sale made as aforesaid, which has not been questioned before a Court of competent judicature, before the passing of this Act, on the ground of having been decided or made by a Collector having no jurisdiction therein, shall be liable to be annulled or disputed on that ground.

II. Where the lands which are the subject of such summary suits or such sales as aforesaid, are situate in a judicial district other than that of the Collector or Deputy Collector, who receives the sudder malguzarree of such lands, all such summary suits and sales as aforesaid shall

be tried and decided or made by the Collector or Deputy Collector who has jurisdiction in the greater part of the judicial district in which the lands are situated.

III. Where the lands which are the subject of such summary suits or such sales as aforesaid, are situate in a judicial district which is divided into two or more Collectorate districts, all such summary suits and sales as aforesaid, shall be tried and decided or made by the Collector or Deputy Collector who has jurisdiction in that part of the judicial district in which the lands are situated.

IV. Sections 9, 11, 13, 15 and 17 of Regulation VIII. of 1819, of the Bengal Code, shall be applicable to sales of under tenures under the Provisions of Act VIII. of 1835.

Ordered, that the Draft now read be re-considered at the first meeting of the Legislative Council of India after the 12th day of February 1852.

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners* :—

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ½ E. and N.W. ½ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ½ W. and N.N.W. ½ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen* in *Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

The Most Noble the Governor General is pleased to publish the following paragraphs of a Despatch from the Hon'ble the Court of Directors to the Governor of Bengal, No. 122, dated 29th October last.

Letter dated 28th June 1851, *No.* 99.

19. Forward, with reference to Court's Orders in Letter No. 5 of 1851, a Letter from the Governor General, explaining his views as to the number and rank of Officers at present authorised to be withdrawn from Regimental for Staff or detached duty.

"14. Agreeably to the proposal of the Governor General, as noticed in your Letter of the 22nd July 1850, the rule which limits the simultaneous withdrawal from Regiments of Native Infantry to six Officers for Staff and detached employments, was so far relaxed as to admit, under particular circumstances, of a seventh being withdrawn. This latitude, however, was designed only for cases of emergency. The general rule fixing the limit at six, is that which we are desirous of maintaining, and which is applicable to the Armies of the three Presidencies.

Military Letter, No. 5 of 1851.

"15. We cannot doubt, that by availing yourselves of the services of Madras Officers, and reducing as far as possible detached employments which can be dispensed with, you will henceforth be enabled to avoid the necessity, which we greatly deprecate, of withdrawing a seventh Officer from any Regiment."

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island of Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners :—*

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ½ E. and N.W. ½ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ½ W. and N.N.W. ½ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen in Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

"For every vessel belonging to the United Kingdom "of Great Britain and Ireland (the same not belonging "to Her Majesty, her heirs and successors, or being "navigated wholly in ballast), and for every Foreign "Vessel which, by any Act of Parliament, Order in "Council, Convention or Treaty, shall be privileged to "enter the Ports of the said United Kingdom, upon "paying the same duties of Tonnage as are paid by "Vessels belonging to the United Kingdom (the same "not being navigated wholly in ballast) which shall "arrive at, or depart from, the Port of Stromness or its "dependent creeks in Orkney, or which shall pass in "either direction through the Pentland Firth, between "the Island of Pomona or the Mainland of Orkney, and "Dunnethead in Caithness, the Toll of one *Farthing* "per Ton of the Burden of every such Vessel, for each "time of passing or deriving benefit from the said "Lights, if on a Coasting Voyage, and Double the said "Toll for passing or deriving benefit on an Oversea "Voyage; and for each Foreign Vessel navigated as "aforesaid not privileged in manner hereinbefore men-"tioned, Double the amount of the respective Tolls "hereinbefore specified."

By Order of the Board,

NOTICE is hereby given, that on Monday, the 12th January 1852, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the Provision of 1850-51, subject to the following Conditions; viz.

Produce of Behar Agency, ...	Chests	1,920
Ditto of Benares ditto, ...	„	880
Total Chests		2,800

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2,800 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money, of the amount for which each lot is knocked down, or for Rupees 1,000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Saturday, 17th January, or on the other hand failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times and under such Conditions of Re-sale as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such Re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned Condition if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 17th January, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1852, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent, even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any Public Securities that may have been deposited on account of such lots or chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale, on the part of the Board of Revenue, is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bond fide* bidder, for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased, the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said Twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue.

No. 1.—Certificate of the Opium now advertized for Sale.

No. 2.—Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1850-51, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further, that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two pre-

ceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium or adulteration of the Drug, which may be preferred in reference to Chests after the sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned the following quantities, more or less, of Behar and Benares Opium of 1850-51, will be brought to Sale in the year 1852, on or about the dates specified below:

19th. It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for Sale at the Twelve Sales in the Months of January, February, March, April, May, June, July, August, September, October, November and December 1852, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity, not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this advertizement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 33,561 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th. "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be determined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

Punishment for boys.

IX. Whenever any boy, under the age of sixteen years, is convicted before a Justice of the Peace, either of simple larceny under the said Act XXI. of 1839, or, under this Act, of feloniously receiving goods or money knowing the same to be stolen, or of being an accessory to any felony which is punishable on summary conviction before any Justice, the said Justice, if he thinks fit, may sentence him to receive corporal punishment not exceeding twelve stripes of a light rattan, instead of sentencing him to imprisonment.

Secy. to the Govt. of India.

Fort William, Home Department, Legislative The 26th December, 1851.

The following draft of a proposed Act was read in Council for the first time on the 26th December 1851.

ACT No. —— OF 185 .

An Act to facilitate the acquisition of Land needed for public purposes in the Presidency of Fort St. George.

I. Whenever it shall appear to the Governor of Fort St. George in Council that any land is needed for a public purpose, he shall make a declaration to that effect in a Minute of Council, and such declaration shall be conclusive evidence that the purpose for which the land is needed is a public purpose.

II. When a declaration has been made by the Governor in Council that any land is needed for a public purpose, if there shall be any hinderance to the immediate acquisition of such land by purchase from the parties interested therein, it shall be competent to the Governor in Council to order the land to be taken possession of on the part of Government and applied to the purpose for which it is needed, leaving claims for compensation for the land to be determined as hereinafter provided

III. When such order is passed by the Governor in Council it shall be sent to the Collector of the District in which the land lies, or to such other Officer as the Governor in Council shall think fit to appoint to carry it into execution, and the Collector or other Officer so appointed, shall cause the land ordered to be taken to be marked out and measured, and possession to be taken thereof on behalf of Government, and the land shall thenceforward be vested absolutely in the Government, free and clear of all other estates, rights, titles, remainders, reversions, limitations, trusts and interests, and also of all mortgages, liens, or incumbrances whatsoever, of and in the land so taken as aforesaid, and any suit which may be instituted to recover the land so taken by Government in any Court of Judicature, shall be dismissed with costs. Provided always, that nothing herein contained shall affect the liability of the party who may receive the value of any land so taken by Government, without having a good title to the same.

IV. As soon as the land has been marked out, the Collector or other Officer appointed as aforesaid, shall cause the order in Council to be affixed in some conspicuous place upon the land, and published by proclamation in the neighbouring bazars and villages, with a citation, calling on all parties interested in the land, to appear before him in person, or by authorized agents, on a certain day, not less than fifteen days after the date of citation, and to state the nature of their interests in the land required, and the amount and particulars of their claims to compensation for the same.

V. It shall be competent to the said Collector or other Officer appointed as aforesaid, to admit any such claims that appear to him to be valid, and if he and all the parties interested in the land agree as to the compensation to be allowed to them respectively, to pass an award for the same.

VI. If the said Collector or Officer shall judge any of the claims preferred to be inadmissible, and the parties interested in the land or any of them shall nevertheless persist in such claims, or if the said Collector or Officer, admitting the interests claimed, shall object to the compensation demanded for the same, as excessive, the points in dispute shall be referred to the determination of arbitrators, to be appointed in the manner hereinafter provided.

VII. Two persons shall be chosen to act as arbitrators on the part of Government, by the Collector or other Officer duly appointed as aforesaid, and the parties claiming to be interested in the land taken shall be called upon by the said Collector or Officer to elect, within fifteen days, two persons to act as arbitrators on his or their part. If there be several parties interested as aforesaid, and they cannot agree within the required period in the election of persons to act as arbitrators on their behalf, then and in that case, each of them shall nominate one person, whom he may desire to act on his behalf, and the said Collector or Officer shall choose by lot, out of the persons so nominated by the parties aforesaid, or by any of them, two persons to act as arbitrators on behalf of the parties interested in the land. If only two persons shall be so nominated by the parties interested in the land, they shall be the arbitrators on behalf of such parties, whether the whole of the parties interested as aforesaid, may or may not have been concerned in their nomination. If only one person shall be so nominated, then only one of the persons selected to act as arbitrators on the part of Government, shall be employed on the duty. If the parties interested in the land shall refuse or neglect, or if, by reason of minority, lunacy or absence from the Presidency, they shall be unable to make any nomination within the required period, then the said Collector or Officer shall and may select two

impartial persons to arbitrate the matter between Government and the parties interested in the land.

VIII. Before the arbitrators proceed to arbitrate, they shall be required by the said Collector or Officer, to appoint an umpire for the decision of any points whereon they may differ in opinion, when the voices on each side shall be equal. If the arbitrators cannot agree in the selection of an umpire, the said Collector or Officer shall be authorized to choose some person to act as such.

IX. In cases wherein the arbitrators may differ in opinion, if the voices on each side shall be equal, the decision of the umpire on the point of difference shall be conclusive. In all other cases, the opinion of the majority of arbitrators shall determine the award.

X. The arbitrators shall hold their inquiry under the general superintendence of the Collector or other Officer appointed as aforesaid, who shall be competent to exercise towards them such powers and authority for the purpose of securing their attendance, and the due completion of their award, as the Courts of Judicature may legally exercise towards persons summoned as witnesses before them, for the purpose of compelling such witnesses to attend and give evidence. It shall further be competent to the Officer presiding, in the event of any unnecessary delay on the part of arbitrators, in determining any question referred to them, to call upon them to make their award within a specified time, and in default thereof, to refer such question to the umpire for his decision.

XI. The said Collector or other Officer appointed as aforesaid shall, on the application of the arbitrators, summon any witnesses whom the arbitrators may call for, and whom the parties may not be able to produce before them without such process. He shall also cause the proper forms of affirmation to be executed by any witnesses whom the arbitrators may desire to examine upon affirmation, or he may empower the arbitrators to administer, or cause the execution of such affirmation, if the witnesses cannot with convenience attend before him. Any witness who shall refuse or omit to appear when duly summoned by such Collector or Officer, or who shall appear but shall refuse to execute the affirmation to be administered as aforesaid, or who shall refuse to give evidence, shall be liable to the same punishment which would be incurred under the Law by a witness refusing to appear or give evidence before a Court of Justice. Any person giving intentionally and deliberately a false deposition, under a solemn affirmation in any case referred to arbitration as above, and upon a point material to the issue thereof, shall be held to be guilty of perjury, and shall be liable to the penalties prescribed for that offence by Law; and any person causing or procuring another person to commit the offence of perjury, as above described, shall be guilty of subornation of perjury and punishable according to Law.

XII. It shall also be competent to the Collector or other Officer appointed as aforesaid, to demand from the parties interested in the land so taken as aforesaid, the production of any accounts, title deeds, or other documents which may be required by the arbitrators for the purposes of their inquiry, and in the event of such accounts, title deeds, or documents being withheld, and the fact of their existence being proved by information given upon solemn affirmation, to order the seizure of such accounts, title deeds, and documents wherever they may have been deposited, in the manner prescribed by Section IX., Regulation IX. of 1822 of the Madras Code, and to exercise for that purpose the powers thereby vested in Collectors.

XIII. The arbitrators shall take into consideration the statements of the parties interested in the said land, and the objections of the Collector or other Officer aforesaid on behalf of Government, and after examining the evidence offered on both sides, and making any further inquiry that may appear to them necessary, shall pass their award allowing or disallowing the interests claimed, and determining the total amount of compensation to be given for the interests allowed, the mode in which it is to be given, and if to be given to more than one party, the shares of the total compensation which each party shall be entitled to receive.

XIV. The award of the arbitrators, or of the umpire, if he shall be called upon to make an award, shall be binding and conclusive both upon the Government and the parties interested in the land, as respects the gross amount of the compensation to be paid by Government, unless the award shall be set aside by the Civil Court of the zillah upon a charge of corruption against the arbitrators, or the umpire, as the case may be, brought by either party, and proved after due investigation, to the satisfaction of such Court; in which case the matter shall be referred for the determination of a second set of arbitrators, to be chosen in the same manner as the first, and their decision, whatever it may be, shall be final. No petition to set aside an award made under this Act shall be received by the Civil Court of the zillah, unless it be presented within thirty days from the date of the award complained of: and the said petition shall be presented on stampt paper of the value used for miscellaneous petitions, and shall be accompanied with a copy of the award objected to. The award of the arbitrators or umpire shall also be binding as respects the shares to be paid to the several parties interested in the land, unless upon a suit instituted within thirty days from the date of the award, in a competent Court, by any of the parties concerned, to alter the apportionment made by such award, an injunction shall be issued to suspend the payment until a decree is passed in the case.

XV. If any question arises as to the previous possession of or title to any land taken by Government under this Act, or if the parties, or any of them interested in the land are minors, lunatics, or absent as aforesaid, and are not represented by their guardian, committee, attorney, or other person authorized in that behalf, or if there exist other grounds which, in the judgment of the arbitrators, render it improper to make immediate payment of the compensation awarded by them, or of any part thereof, to any of the parties interested in such land, the said arbitrators shall certify the same to the said Collector or Officer, under whose directions they may act, and in such case, or if for any such reason, or any such ground as aforesaid the said Collector or other Officer shall deem immediate payment improper, then the amount of compensation payable shall be held in deposit by Government, until the parties interested in the said land or some of them shall obtain an order of a competent Court for the payment of the same and interest (if any) to them. All sums held in deposit as aforesaid, exceeding in amount the sum of Rupees shall be invested in Government Securities.

XVI. On the close of the inquiry, the arbitrators or umpire shall deliver to the Collector or other Officer appointed as aforesaid, a full and complete report and award upon the questions submitted to their arbitration, under their respective signatures,

specifying the amount of compensation to be granted, and, (except where under Section XV., it may appear proper to suspend payment,) the parties to whom it is to be made, and the proportions to be paid to each respectively, with a solemn declaration subscribed thereto, that the award so given, is, to the best of their judgment, true and impartial, and according to the evidence adduced before them, and they shall at the same time deposit with the said Collector or Officer the whole of their proceedings.

XVII. All suits and proceedings instituted against Government to obtain compensation for land taken as aforesaid, other than such petitions to set aside awards as aforesaid, shall be dismissed with costs, but nothing herein contained shall affect the rights of any party to recover the value of any land taken by Government from any person who may have received the same without having any title thereto.

XVIII. In the case of land declared by a Minute of the Governor in Council to be needed for a public purpose being acquired by the Government by bargain with and purchase from the parties apparently interested therein, the Collector or Officer appointed by Government to receive possession of the same, shall cause proclamation to be made in the manner prescribed in the 4th Section of this Act, of the transfer of the land to Government, by the said parties, and requiring all other persons who may claim any right, title or interest in such land, to prefer their claims within One Calendar month after such proclamation made, and any claims that may be preferred shall be dealt with under Section V. or under Section VI. and the following Sections of this Act. Provided always, that if no claim shall be made within One Calendar month after such proclamation as aforesaid, the said land shall vest absolutely in the Government, free and clear of all other estates, rights, titles, remainders, reversions, limitations, trusts, interests, mortgages, liens or incumbrances whatsoever of and in the said land so purchased, and any suit to recover the land so purchased by Government, or to obtain from Government compensation for the loss thereof, which may be preferred in any Court of Judicature, shall be dismissed with costs. But nothing herein contained shall affect the liability of the party who may receive the value of any land purchased by Government without having a good title to the same.

XIX. In cases referred to arbitration, under the provisions of this Act, any necessary expense which may attend the inquiry of the arbitration, whether for the diet of witnesses or otherwise, shall be paid by Government.

XX. The provisions of Act XLII. of 1850, shall be applicable and in force within the Madras Presidency; and the said Act shall be construed as if instead of the words and figures "Regulation I. of 1824 of the Bengal Code" or "the said Regulation" therein mentioned, the number and title of this Act had been therein inserted.

XXI. The following words and expressions in this Act shall have the several meanings hereby assigned to them, unless there be something either in the subject or context repugnant to such construction (that is to say,)

Words importing the singular number only shall include the plural, and words importing the plural number only shall include the singular.

Words importing the masculine gender only shall include females.

The word "land" shall extend to tenements and hereditaments of any tenure, and all houses, buildings, walls or appurtenants thereupon as well as land.

The expression "party or parties interested in the land" shall be understood to mean all parties interested in the land either for life or for years, or in remainder, reversion, or succession, and all trustees, *cestui que* trusts, mortgagees, incumbrancers, leaseholders or tenants, not being tenants by the month or at will of such land.

Ordered, that the Draft now read be published for general information.

Ordered, that the said draft be re-considered at the first meeting of the Legislative Council of India after the 26th day of March 1852.

NOTICE TO MARINERS.

HOY SOUND LIGHTHOUSES.

THE Commissioners of the *Northern Lighthouses* hereby give Notice, that two *Lighthouses* have been built upon the *Island* of *Gremsay*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of *Thursday*, the 15th of May 1851.

The following is a Specification of the position of the Lighthouses and of the Appearance of the Lights, by Mr. ALAN STEVENSON, *Engineer to the Commissioners* :—

The *High Lighthouse* is N. Lat. 58° 56′ 09″, and W. Long. 3° 16′ 33″. By *Compass*, the *Lighthouses* bear from each other S.E. ¼ E. and N.W. ¼ W. The *High Light*, towards the Western Entrance of Hoy Sound, is a FIXED RED LIGHT, and the *Low Light* is a FIXED BRIGHT LIGHT. When seen in one line, they lead through the Western Entrance to *Hoy Sound*, in the fairway, between the *Bow Rock*, off the Hoy Shore—and *Kirk Rock*, off the Stromness Shore. After running in on this line to the point A in the annexed Chart,* half-a-mile off the Low Light, where the depth is about 8 fathoms, the *High Red Light* is suddenly eclipsed by the land; and it is then time to haul towards the *Stromness* Shore, when the *Red Light* will immediately re-appear.

The *High Light* is elevated 115 Feet above the Sea; but, being a FIXED RED LIGHT, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S.E. from S.E. by E. to S.E. ½ S., facing the Western Entrance to *Hoy Sound*. Toward Stromness, the High Tower shews a FIXED BRIGHT LIGHT, from S.S.E. ½ E. to W.S.W.

The *Low Light*, as already stated, is known to Mariners as a FIXED BRIGHT LIGHT. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces Northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a FIXED BRIGHT LIGHT, illuminating a small Arc between N. ½ W. and N.N.W. ½ W. will be shewn from the High Tower, on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching *Stromness* from the Eastward.

The whole of the above Descriptions and Instructions will be more easily understood by an inspection of the accompanying small Chart.*

N. B.—The Variation of the Compass is 27° 47′, W.

[* It has been found impracticable to publish this Chart without having it lithographed.]

The Commissioners hereby further give Notice, that by virtue of a Warrant from the *Queen* in *Council*, dated 14th August 1850, the following Tolls are now levied in respect of these Lights, viz :—

"For every vessel belonging to the United Kingdom "of Great Britain and Ireland (the same not belonging "to Her Majesty, her heirs and successors, or being "navigated wholly in ballast), and for every Foreign "Vessel which, by any Act of Parliament, Order in "Council, Convention or Treaty, shall be privileged to "enter the Ports of the said United Kingdom, upon "paying the same duties of Tonnage as are paid by "Vessels belonging to the United Kingdom (the same "not being navigated wholly in ballast) which shall "arrive at, or depart from, the Port of Stromness or its "dependent creeks in Orkney, or which shall pass in "either direction through the Pentland Firth, between "the Island of Pomona or the Mainland of Orkney, and "Dunnethead in Caithness, the Toll of one *Farthing* "per Ton of the Burden of every such Vessel, for each "time of passing or deriving benefit from the said "Lights, if on a Coasting Voyage, and Double the said "Toll for passing or deriving benefit on an Oversea "Voyage; and for each Foreign Vessel navigated as "aforesaid not privileged in manner hereinbefore men-"tioned, Double the amount of the respective Tolls "hereinbefore specified."

By Order of the Board,

(Signed) ALEX. CUNINGHAM, *Secretary*.

No. 4259.

MEMO.—Published by order of Government for general information.

By order of the Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,
the 18th October, 1851.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19¼′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49¼′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59¼ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32¼ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.
